Full Details on Every Generation of the Apple TV

Both 1st generation models, the 2nd generation, and 3rd generation Apple TV are no longer available from Apple, but they can still be found used. While they were good models when they debuted, we no longer recommend them, as they don't support the most recent technologies. [What You Need to Know Before Buying an Apple TV](#)

1st generation Apple TVs can stream content from up to five computers or iTunes libraries. Also, five Apple TVs can be linked to the same iTunes library.

The 2nd generation Apple TV onwards allows users to stream content from more than one iTunes library: these additional iTunes libraries can be on the same or on different computers.

Apple TV 4K and Apple TV HD ships with the same remote everywhere. In countries and regions that support Siri, the remote is called Siri Remote. Elsewhere, it ' s called Apple TV Remote. Siri works on either remotes as long as your Apple TV 4K or Apple TV HD is set up with a language and country or region that supports Siri.
