**Learn to take great photos with your iPhone—the camera you always have with you!**

Imagine if someone took the same photographic techniques, principles, and tools used by high-end and professional photographers, but applied them to shooting with an iPhone. Imagine the type of images you'd be able to create using those same ideas. Well, finally, somebody has.

The world's #1 best-selling photography techniques author is about to break all the rules as he shows you how to apply the same techniques today's top pro photographers use to make stunning images. You're going to learn exactly how to use these techniques to create images that people will just not believe you could actually take with a phone (but with the quality of the iPhone's camera, you absolutely can!).

Scott leaves all the techno-speak behind and, instead, treats the whole book as if it were just you and he out on a shoot with your iPhones, using his trademark casual, plain-English writing style to help you unlock the power of your iPhone to make the type of pictures you

never thought could be done with a phone.  
You'll learn:

- Which tools to use to make pro-quality portraits in any lighting situation.
- How to create stunning landscape shots that people will swear you took with an expensive DSLR or mirrorless camera.
- Proven posing techniques that flatter your subject and make anyone you photograph look their very best in every shot.
- How to organize and edit your photos like a pro!
- The pros' top tips for making amazing shots of everything from flowers to product shots, from food photography to travel shots, and everything in between.

Each page covers a single concept, a single tool, or a trick to take your iPhone photography from snapshots to shots that will make your friends and family say, "Wait...you took this?!"

You've never come across a watch such as this before. The Apple Watch Series 5 is almost

perfect, the finest smartwatch you can buy and wear at the moment. Every other smartwatch doesn't come close to rivaling the same measure of fitness tracking, usability, efficiency, or wearability. The Apple Watch has now gone from strength to strength in its fifth version since its launch, incorporating novel features and improving those features where necessary. With the topics covered in this book, you'll enjoy these benefits with your Apple Watch Series 5: It's got a display that never sleeps. It displays the time conspicuously. It can be personalized anyhow you like. It comes with apps to keep watch over your heart (the heart rate monitor is one of the finest in the industry). It informs you when things become a little loud. It allows you to track your cycle with just a tap. It helps you to accomplish your fitness goals. It inspires you to move, workout, and to stand up. It streams your favorite songs. It has a powerful sense of direction. It gets apps in a blink of an eye. It lets you function without your phone nearby. It cries out for help when you need it. It uses Siri effectively. Whether it's the fitness app that's easy to use, the ability to wirelessly stream music straight to your Bluetooth headphones, AirPods, or AirPods Pro, or using the Apple Watch to make payment with Apple Pay when you're on the move, there is much to like about Apple Watch 5. To some, it's probably an understatement to say it's a game-changer. Do not wait any longer; get this book now to enjoy these benefits!

Learn how to use the iPhone 13 Remember when phones actually called people? They still do that, obviously, but they do so much more today! They keep track of your health. They help you stay in touch with your family in innovative ways. They let you watch movies. And, for some of us, they let us play games while we are supposed to be doing something else! Mostly, they make the things we do every day a little easier—and that's especially true on the iPhone 13 and iPhone 13 Pro. You probably know some of the many things the iPhone does, but do you know how to actually do them? This guide will show you features you might not even know about, and, of course, how to use them. Along the way, I try to keep things on the lighthearted side—my intent is not to give you a stuffy technical guide that can also be used as a doorstop,
