Are you looking for a comprehensive user manual that will help you SETUP and MASTER your MacBook Air? Are you looking for a manual that will expose you to all the amazing features of your device and 2020 MacOS Catalina 10.15? Then get your hands on this book and have an amazing time using your device. Apple updated the MacBook Air in a major way in mid-March 2020. While it may look like the previous version on the surface, dig a little deeper and you'll see it's the most significant upgrade since the 2018 redesign, offering buyers much more interesting customization options. The third iteration of the 'new' MacBook Air design finally nails every area well enough to make this the best MacBook for most people. The keyboard is the star of the show here, Yep, that's right. Apple ditched the disastrous butterfly keyboard for its Magic Keyboard and all I can say is: thank goodness. Even with all these new features, Apple still managed to keep the starting price at a relatively affordable \$999. The MacBook Air (2020) comes with all the right improvements without sacrificing the best features of the previous version. Apple didn't reinvent the MacBook Air on the outside. But the 2020 model does have some exciting improvements under the hood. There's a 10th-generation processor, and double the base storage. There is a lot to love in Apple's latest MacBook Air. This book is written in simple and clear terms, with a step-by-step approach that will help you to master your MacBook Air with 2020 MacOS Catalina 10.15 within the shortest period of time. Here is a preview of the topics in this guide: -Take a tour of your new MacBook Air-How to Get Started-Use MacBook Air with other Devices-Apps included with your Mac-What's in the menu bar on Mac?-How to search with Spotlight on Mac-Customize the Dock-See and organize your files in the Finder on Mac-Use Launchpad to view and open apps on Mac-How to manage windows -Use apps in Split View -Install and uninstall apps from the internet or disc on Mac-Customize your Mac with System Preferences-Use your internet accounts-Use accessibility features on Mac-Set up users, guests, and groups>Create and work with documents-Dictate your messages and documents -Set a different keyboard dictation shortcut-Back up your files with Time Machine -Create an Apple ID on Mac-Sign in to a new device or browser with two-factor authentication-Use iCloud Drive to store documents on your Mac-Set up Family Sharing on Mac-View and download purchases made by other family members-Use Continuity to work across Apple devices-Use your iPad as a second display for your Mac-Unlock your Mac and approve requests with Apple Watch-Listen to podcasts on Mac-Read books in Books on Mac-Customize your Game Center account-Manage passwords using keychains on Mac-And so much more! Learn to take great photos with your iPhone—the camera you always have with you!

Imagine if someone took the same photographic techniques, principles, and tools used by high-end and professional photographers, but applied them to shooting with an iPhone. Imagine the type of images you'd be able to create using those same ideas. Well, finally, somebody has.

The world's #1 best-selling photography techniques author is about to break all the rules as he shows you how to apply the same techniques today's top pro photographers use to make stunning images. You're going to learn exactly how to use these techniques to create images that people will just not believe you could actually take with a phone (but with the quality of the iPhone's camera, you absolutely can!).

Scott leaves all the techno-speak behind and, instead, treats the whole book as if it were just you and he out on a shoot with your iPhones, using his trademark casual, plain-English writing style to help you unlock the power of your iPhone to make the type of pictures you never thought could be done with a phone. You'll learn:

- Which tools to use to make pro-quality portraits in any lighting situation.
- How to create stunning landscape shots that people will swear you took with an expensive DSLR or mirrorless camera.
- Proven posing techniques that flatter your subject and make anyone you photograph look their very best in every shot.
- How to organize and edit your photos like a pro!
- The pros' top tips for making amazing shots of everything from flowers to product shots, from food photography to travel shots, and everything in between.

Each page covers a single concept, a single tool, or a trick to take your iPhone photography from snapshots to shots that will make your friends and family say, “Wait...you took this?!”
