Canon T7i (800d) User's GuideHow  
to use your new iPhone XR - A  
beginners guide to the buttons  
and gestures

iPhone and iPad user guides I have not yet read these although I would really like to. The reason I did not give it more than two stars was because I couldn't find a price anywhere and I did see an ad for it that said it was free but it doesn't know if they're on the actual item so it said the item had been paid because it automatically went to my Apple Pay.

Instructions for Beginners*

Apple's iPad user guide is based on the software you're using, not the iPad you have. This software is called iOS or iPadOS and Apple releases a major update for it each year. Normally people use the latest software version, but older iPads are sometimes limited by their hardware. You can check what software is on your iPad in the Settings.

In this document are contains instructions and explanations on everything from setting up the device for the first time for users who still didn't understand about basic function of the phone. Description

*Where to Download iPhone Manuals for Every  
Model*

Apple has fantastic marketing, however there Out Of Box Experience (OOBE) is severaly lacking because there is NO User Guide included with the device. Instead, we have to do a Google Search and find out that the arcane User Guide is on Apple Books, so I have to install that App just to read the User Guide. At 728 pages in length, it's a long read, that's for sure.

The user guide provides an in-depth instruction manual for setting up your iPhone, expansion, tips and troubleshooting information, providing not just a useful source of information for the initial setup of your phone, but also providing a focal point to refer back to should you have any other questions as you grow more familiar with your phone. The first thing to consider when you're setting up your brand new iPhone 8 is how to insert your SIM card.
