### **Big Ideas in U.S. History** Vintage

This controversial, convincing, and highly original book is important reading for everyone concerned about the origins, present, and future of the American experiment in self-government.

Providence Island, 1630-1641 Legare Street Press

“An intimate, compulsively readable account of the dynamics that have shaped—and sometimes destroyed—relations at the top of the American political hierarchy.... [and] a valuable addition to the literature of the modern presidency.” — Wall Street Journal From the author of the New York Times bestsellers *First Women* and *The Residence*, an intimate, news-making look at the men who are next in line to the most powerful office in the world—the vice presidents of the modern era—from Richard Nixon to Joe Biden to Mike Pence. Vice presidents occupy a unique and important position, living partway in the spotlight and part in the wings. Of the forty-eight vice presidents who have served the United States, fourteen have become president; eight of these have risen to the Oval Office because of a president’s death or assassination, and one became president after his boss’s resignation. John Nance Garner, FDR’s first vice president, famously said the vice presidency is “not

---

worth a bucket of warm piss" (later cleaned up to "warm spit"). But things have changed dramatically in recent years. In interviews with more than two hundred people, including former vice presidents, their family members, and insiders and confidants of every president since Jimmy Carter, Kate Andersen Brower pulls back the curtain and reveals the sometimes cold, sometimes close, and always complicated relationship between our modern presidents and their vice presidents. Brower took us inside the lives of the White House staff and gave us an intimate look at the modern First Ladies; now, in her signature style, she introduces us to the second most powerful men in the world, exploring the lives and roles of thirteen modern vice presidents—eight Republicans and five Democrats. And she shares surprising revelations about the relationship between former Vice President Joe Biden and former President Barack Obama and how Vice President Mike Pence and President Donald Trump interact behind closed doors. From rivals to coworkers, there is a very tangible sense of admiration mixed with jealousy and resentment in nearly all these relationships between the number two and his boss, even the best ones, Brower reveals. Vice presidents owe their position to the president, a connection that affects not only how they are perceived but also their possible future as a presidential candidate—which is tied, for better or worse, to the president they serve. George H. W. Bush and Ronald Reagan had a famously prickly relationship during the 1980 primary, yet Bush would not have been elected president in 1988 without Reagan's high approval rating. Al Gore's 2000 loss, meanwhile, could be attributed to the Monica Lewinsky sex scandal and Bill Clinton's impeachment. Current Vice President Mike Pence is walking a high-stakes political tightrope as he tries to reassure anxious Republicans while staying on his boss's good side. This rich dynamic between the president and the vice president has never been fully explored or understood. Compelling

and deeply reported, grounded in history and politics, and full of previously untold and incredibly personal stories, *First In Line* pierces the veil of secrecy enveloping this historic political office to offer us a candid portrait of what it's truly like to be a heartbeat away.

#### Status Anxiety Perfection Learning

This book is the first systematic analysis of the efforts of a broad range of contemporary far-right thinkers to popularize their critiques of liberal-democratic norms and institutions and make their ideas the subjects of sustained political and academic debate. The book focuses on outspoken thinkers in western and eastern Europe, Russia, the United States, Canada, and Australia. They include Alain de Benoist, Guillaume Faye, Götz Kubitschek, Pat Buchanan, Fróði Midjord, Jason Jorjani, contributors to the online magazine *Quillette*, and the elusive personality known as the Bronze Age Pervert. The book explores the diverse intellectual foundations of these thinkers' positions, the similarities and differences in their ideas, and their prospects for influencing attitudes about democratic politics within their respective countries. It examines diverse movements and schools of thought, including the European New Right, Paleoconservatism, the Alt-right, Identitarianism, White nationalism, and antifeminism. Providing a much-needed global perspective, this book will be of considerable interest to students and scholars of populism, right-wing extremism, identity politics, fascism, racism, and conservatism.

#### Springtime and Harvest: a Romance Ballantine Books

This one-woman show follows the journey of an Aboriginal 'Everywoman' as she tells poignant and humorous stories of grief and reconciliation.

Appropriating western form whilst using traditional storytelling, it gives an emotional insight into Murri life. A contemporary Indigenous performance text from the highly acclaimed Kooemba Jdarra.

#### The Columbiad Cambridge University Press

"There's no writer alive like de Botton" (Chicago

---

Tribune), and now this internationally heralded author turns his attention to the insatiable human quest for status—a quest that has less to do with material comfort than love. Anyone who's ever lost sleep over an unreturned phone call or the neighbor's Lexus had better read Alain de Botton's irresistibly clear-headed new book, immediately. For in its pages, a master explicator of our civilization and its discontents explores the notion that our pursuit of status is actually a pursuit of love, ranging through Western history and thought from St. Augustine to Andrew Carnegie and Machiavelli to Anthony Robbins. Whether it's assessing the class-consciousness of Christianity or the convulsions of consumer capitalism, dueling or home-furnishing, *Status Anxiety* is infallibly entertaining. And when it examines the virtues of informed misanthropy, art appreciation, or walking a lobster on a leash, it is not only wise but helpful.

Contemporary Far-Right Thinkers and the Future of Liberal Democracy Harper

Greece is an ancient land, blessed with a stunning natural beauty and an inspiring cultural heritage but burdened with history and conflict, it shares many traits and comparable trajectories with its neighbors and countries of a similar background. Modern Greece is a successor nation-state of the Ottoman Empire, created in the early 19th century through the interplay of an evolving Greek national idea, the crisis of the Ottoman state, and the intervention of great powers. *Historical Dictionary of Modern Greece*,

Second Edition contains a chronology, an introduction, and an extensive bibliography. The dictionary section has more than 200 cross-referenced entries on important personalities as well as aspects of the country's politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Greece.

Major Problems in American Colonial History  
Applewood Books

When the stability of American life was threatened by the Great Depression, the decisive and visionary policy contained in FDR's New Deal offered America a way forward. In this groundbreaking work, William E. Leuchtenburg traces the evolution of what was both the most controversial and effective socioeconomic initiative ever undertaken in the United States—and explains how the social fabric of American life was forever altered. It offers illuminating lessons on the challenges of economic transformation—for our time and for all time.

A History of the American People Rowman & Littlefield  
This pioneering book develops definitions and concepts related to Quality of Experience in the context of multimedia- and telecommunications-related applications, systems and services and applies these to various fields of communication and media technologies. The editors bring together numerous key-protagonists of the new discipline "Quality of Experience" and combine the state-of-the-art knowledge in one single volume.

The Populist Mind Larsen and Keller Education  
Donald Trump is the exact threat our Founding Fathers feared. Joe Walsh is as rock-ribbed a conservative as they come. But he believes that no right-wing policy victory is worth the loss of our very democracy. In this clear-eyed and unsparing book, Walsh makes the case that Trump has more in common with the foreign dictators he praises publicly than a predecessor like Ronald Reagan. Trump is an existential threat to conservatism, the presidency, and national unity. He has violated the Constitution in plain sight, assaulted democratic institutions, overwhelmed the country with disinformation, erected around himself a cult of personality, and governed according to his narcissism more than any discernable political philosophy. Though Walsh agrees with Trump that the Washington elite has hung working-class America out to dry, traveling down the road to despotism is no response. And now a person who places himself above the rule of law and accountability sits in the Oval Office—all that 's missing is a big, beautiful throne behind the Resolute Desk. In *F\*ck Silence*, Walsh challenges his countrymen, especially his fellow conservatives, to acknowledge and oppose this unpatriotic and un-American behavior before we give away what made America great in the first place: our democracy.

Having turned phone sex into the subject of an astonishing national bestseller in *Vox*, Baker now outdoes himself with an outrageously arousing, acrobatically stylish "X-rated sci-fi fantasy that leaves *Vox* seeming more like mere fiber-optic foreplay" (*Seattle Times*). "Sparkling."--*San Francisco Chronicle*.

#### The Fermata Simon and Schuster

Jeff Shaara dazzled readers with his bestselling novels *Gods and Generals*, *The Last Full Measure*, and *Gone for Soldiers*. Now the acclaimed author who illuminated the Civil War and the Mexican-American War brilliantly brings to life the American Revolution, creating a superb saga of the men who helped to forge the destiny of a nation. In 1770, the fuse of revolution is lit by a fateful command "Fire!" as England's peacekeeping mission ignites into the Boston Massacre. The

---

senseless killing of civilians leads to a tumultuous trial in which lawyer John Adams must defend the very enemy who has assaulted and abused the laws he holds sacred. The taut courtroom drama soon broadens into a stunning epic of war as King George III leads a reckless and corrupt government in London toward the escalating abuse of his colonies. Outraged by the increasing loss of their liberties, an extraordinary gathering of America's most inspiring characters confronts the British presence with the ideals that will change history. John Adams, the idealistic attorney devoted to the law, who rises to greatness by the power of his words . . . Ben Franklin, one of the most celebrated men of his time, the elderly and audacious inventor and philosopher who endures firsthand the hostile prejudice of the British government . . . Thomas Gage, the British general given the impossible task of crushing a colonial rebellion without starting an all-out war . . . George Washington, the dashing Virginian whose battle experience in the French and Indian War brings him the recognition that elevates him to command of a colonial army . . . and many other immortal names from the Founding Family of the colonial struggle - Abigail Adams, Thomas Jefferson, Joseph Warren, Samuel Adams, Richard Henry Lee - captured as never before in their full flesh-and-blood humanity. More than a powerful portrait of the people and purpose of the revolution, *Rise to Rebellion* is a vivid account of history's most pivotal events. The Boston Tea Party, the battles of Concord and Bunker Hill: all are recreated with the kind of breathtaking detail only a master like Jeff Shaara can muster. His most impressive achievement, *Rise to Rebellion* reveals with new immediacy how philosophers became fighters, ideas their ammunition, and how a scattered group of colonies became the United States of America.

## Franklin D. Roosevelt and the New Deal University of Virginia Press

A classic novel of love and redemption, *Springtime and Harvest* tells the story of Neil Gordon, a young idealist who travels to the countryside to work with a group of social reformers. Along the way, he falls in love with a beautiful young woman named Madeline, and together they face the challenges of building a better society. With its lush prose and compelling characters, this book is a must-read for fans of romantic fiction and social criticism. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. ---

text provides a balanced approach to U.S. history, considering the people, events, and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). U.S. History covers key forces that form the American experience, with particular attention to issues of race, class, and gender.

### The Concubine's Children Social Studies

A Newbery Honor Book From the depths of a cave in the Vermilion Sea, Ramon Salazar has wrested a black pearl so lustrous and captivating that his father, an expert pearl dealer, is certain Ramon has found the legendary Pearl of Heaven. Such a treasure is sure to bring great joy to the villagers of their tiny coastal town, and even greater renown to the Salazar name. No diver, not even the swaggering Gaspar Ruiz, has ever found a pearl like this! But is there a price to pay for a prize so great? When a terrible tragedy strikes the village, old Luzon ' s warning about El Diablo returns to haunt Ramon. If El Diablo actually exists, it will take all Ramon ' s courage to face the winged creature waiting for him offshore. Like the author's Newbery Medal-winning classic *Island of the Blue Dolphins*, Scott O'Dell's *The Black Pearl* is a gripping tale of survival, strength, and courage.

*The Black Pearl* Routledge

"Carefully balancing cool observation and compassion, Chong writes extraordinary history and gives voice to the Chinese immigrant experience."--ALA Booklist.

### Problems in American His

The field of interdisciplinary study which is focused on gender identity and gendered representation is known as gender studies. There are several fields which are a part of gender studies such as women's studies, men's studies and queer studies. These fields in turn study various other fields such as literature, geography, political science, cinema and law through the lens of gender and sexuality. It also seeks to examine how gender intersects with race, ethnicity, location and disability. Gender studies generally use the term gender to refer to the social and cultural constructs of masculinity and femininity, rather than the state of being entirely male or female. The topics included in this book on gender studies are of utmost significance and bound to provide incredible insights to readers. The book is appropriate for students seeking detailed information in this area as well as for experts.

Svistoonoff Rowman & Littlefield Publishers

Examines the failure of Providence Island, set up by English puritans in 1630 and extinct by 1641.
