After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. "We cannot change the cards we are dealt, just how we play the hand." —Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—"Really Achieving Your

Childhood Dreams"—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have . . . and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

Cracking the AP U.S. History Exam, 2011 Stanford University Press

"REA: the test prep AP teachers recommend."

The American Pageant Stanford University Press

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass* The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

Alexander Hamilton's Famous Report on Manufactures Simon and Schuster

2021 Reprint of the 1925 Edition. The Man Nobody Knows is the second book by the American author and advertising executive Bruce Fairchild Barton. In it, Barton presents Jesus as "The Founder of Modern Business," in an effort to make the Christian story accessible to businessmen of the time. When published in 1925, the book topped the nonfiction bestseller list, and was one of the best-selling non-fiction books of the 20th century. Since its publication, The Man Nobody Knows has divided readers. Some welcome the portrayal of Jesus as a strong character, whom no one dared oppose, and praise the use of familiar stereotypes to stimulate interest in religion, whilst others ridicule the suggestion that Jesus was a salesman. Critics have suggested that The Man Nobody Knows is a prime example of the materialism and "glorified Rotarianism" of the Protestant churches in the 1920s.

AP® U.S. History Crash Course Book + Online Makers of the Modern World

This book offers the first full-scale analysis of the Pequot War (1636-37), a pivotal event in New England colonial history. Through an innovative rereading of the Puritan sources, Alfred A. Cave refutes claims that settlers acted defensively to counter a Pequot conspiracy to exterminate Europeans. Drawing on archaeological, linguistic, and anthropological evidences to trace the evolution of the conflict, he sheds new light on the motivations of the Pequots and their Indian allies, the fur trade, and the cultural values and attitudes in New England. He also provides a reappraisal of the interaction of ideology and self-interest as motivating factors in the Puritan attack on the Pequots.
