tailored for the
new AQA GCSE
Science (9-1)

specifications, this third edition supports your students on their journey from Key Stage 3 and through to success in the new linear GCSE qualifications. This series help students and teachers monitor progress, while supporting the increased demand, maths, and new practical requirements. *GCSE AQA Science* Alasdair C Shaw
The second edition of this popular student textbook presents an up-to-date and comprehensive introduction to the

<p>process and practice of teaching and learning science. It takes into account changes in science education since the first edition was published, including more recent curriculum reform. This new edition builds upon the success of its predecessor, introducing new material on the use of ICT in science teaching, as well as providing sound, informative and useful discussion on: managing your professional development; knowledge, concepts and</p>	<p>principles of science; planning for learning and teaching in science; practical teaching strategies; selecting and using resources; assessment and examinations; and the broader science curriculum. (Midwest). New GCSE AQA Geography for the Grade 9-1 Course Hodder Education Exam Board: AQA Level & Subject: AS Physics First teaching: September 2015 First exams: June 2016 AQA approved <u>ClearRevise OCR GCSE Computer Science J277</u></p>	<p>Oxford University Press - Children The second edition of this popular student textbook presents an up-to-date and comprehensive introduction to the process and practice of teaching and learning science in the secondary school. <u>An Inspector Calls</u> Notion Press Rewritten and redesigned in full-colour, A4 format, this new York Notes for GCSE edition of An Inspector Calls will help your students achieve the best possible grade.
