The World According to Humphrey Imprint

Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Meis that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.

Heidi by Johanna Spyri (Illustrated Edition) Harper Collins

Fresh off a fearsome encounter with the Neverland crocodile, Jocelyn Hook decides the most practical plan is to hunt down her father's famous fortune. After all, she'll need the gold to fund her adventuring in the future. (And luckily, Hook left her the map.) But the map proves to be a bit harder to crack than Jocelyn had hoped, and she's convinced that the horrible Peter Pan might be the only one with the answers. Of course, he doesn't really feel like helping her, so Jocelyn takes the only reasonable course of action left to her: she kidnaps his mother. Evie, though, is absolutely thrilled to be taken prisoner, so Jocelyn's daring ploy doesn't have quite the effect she'd planned for. Along with the problem of her all-too-willing captive, Jocelyn must also contend with Captain Krueger, whose general policy is that no deed is too dastardly when it comes to stealing Hook's treasure. And with the ever-shifting Whens of the Neverland working against her as well, Jocelyn, Evie, Roger, and the rest of the Hook's Revenge crew have their work cut out for them. In this rambunctious showdown between characters new and old, Jocelyn puts her own brand of pirating to the test in a quest to save her future and those she loves. Mary Lambert has always felt safe and protected on her beloved island of Martha's Vineyard. Her great-great-

grandfather was an early English settler and the first deaf islander. Now, over a hundred years later, many

people there -- including Mary -- are deaf, and nearly everyone can communicate in sign language. Mary has

never felt isolated. She is proud of her lineage. But recent events have delivered winds of change. Mary's

brother died, leaving her family shattered. Tensions over land disputes are mounting between English settlers

and the Wampanoag people. And a cunning young scientist has arrived, hoping to discover the origin of the

island's prevalent deafness. His maniacal drive to find answers soon renders Mary a "live specimen" in a cruel

experiment. Her struggle to save herself is at the core of this penetrating and poignant novel that probes our

perceptions of ability and disability.
