National Book Award Finalist: A “brilliant” study of the science and mythology of the wolf by the New York Times–bestselling author of Arctic Dreams (The Washington Post). When John Fowles reviewed *Of Wolves and Men*, he called it “A remarkable book, both biologically absorbing and humanly rich, and one that should be read by every concerned American.” In this National Book Award–shortlisted work, literary master Barry Lopez guides us through the world of the wolf and our often-mistaken perceptions of another species’ place on our shared planet. Throughout the centuries, the wolf has been a figure of fascination and mystery, and a major motif in literature and myth. Inspiring fear and respect, the creature has long exerted a powerful influence on the human imagination. *Of Wolves and Men* takes the reader into the world of the *Canis lupus* and its relationship to humankind through the ages. Lopez draws on science, history, mythology, and his own field research to present a compelling portrait of wolves both real and imagined, dispelling our fear of them while celebrating their place in our history, legends, and hearts. This ebook features an illustrated biography of Barry Lopez including rare images and never-before-seen documents from the author’s personal collection.

Five hundred years ago an Italian whose name, translated into English, meant Christopher Dove, came to America and began a process not of discovery, but incursion -- “a ruthless, angry search for wealth” that continues to the present day. This provocative and superbly written book gives a true assessment of Columbus’s legacy while taking the first steps toward its redemption. Even as he draws a direct line between the atrocities of Spanish conquistadors and the ongoing pillage of our lands and waters, Barry Lopez challenges us to adopt an ethic that will make further depredations impossible. *The Rediscovery of North America* is a ringingly persuasive call for us, at long last, to make this country our home.

“AS HEARD ON BBC RADIO 4” ‘A master nature writer’ (New York Times) provides the ultimate natural, social and cultural history of the Arctic landscape. The author of *Horizon*’s classic work explores the Arctic landscape and the hold it continues to exert on our imagination. WITH AN INTRODUCTION BY ROBERT MACFARLANE Lopez’s journey across our frozen planet is a celebration of the Arctic in all its guises. A hostile landscape of ice, freezing oceans and dazzling skylines. Home to millions of diverse animals and people. The stage to massive migrations by land, sea and air. The setting of epic exploratory voyages. In crystalline prose, Lopez captures the magic of the Arctic: the essential mystery and beauty of a continent that has enchanted man’s imagination and ambition for centuries. ‘The Arctic dreamland seen and described by a writer of rare perception and poetic descriptive power... The pages sparkle with Arctic light’ Scotsman

“Textual History and Editing Principles” provides an overview

of the textual controversies and ambiguities perpetually surrounding our minds and souls to the importance of being wholly present for the beauty and complexity of life. “This posthumously published collection of essays by nature writer Barry Lopez reveals an exceptional life and mind... While certainly a testament to his legacy and an ephemeral reprieve from his death in 2020, this book is more than a memorial: it offers a clear-eyed praxis of hope in what Lopez calls this ‘Era of Emergencies.’” —Scientific American

Arctic Dreams New York : Scribner

NAMED A BEST BOOK OF THE YEAR BY THE CHRISTIAN SCIENCE MONITOR AND PASTE MAGAZINE An intimate account of life in a West African fishing village, tugged by currents ancient and modern, and dependent on an ocean that is being radically transformed. The sea is broken, fishermen say. The sea is empty. The genii have taken the fish elsewhere. For centuries, fishermen have launched their pirogues from the Senegalese port of Joal, where the fish used to be so plentiful a man could dip his hand into the grey-green ocean and pull one out as big as his thigh. But in an Atlantic decimated by overfishing and climate change, the fish are harder and harder to find. Here, Badkhen discovers, all boundaries are permeable--between land and sea, between myth and truth, even between storyteller and story. Fisherman’s Blues immerses us in a community navigating a time of unprecedented environmental, economic, and cultural upheaval with resilience, ingenuity, and wonder.

The six stories in *Outside* show Barry Lopez’s majestic talent as a fiction writer. Lopez writes in spare prose, but his narratives resonate with an uncanny power. With a reverence for our exterior and interior landscapes, these stories offer profound insight into the relationships between humans and animals, creativity and beauty, and ultimately, life and death. In “Desert Notes,” the narrator says, “All my life I have wanted to trick blood from a rock.” The story proceeds to instruct the visitor on how to experience the desert but continues like no ordinary field guide. At stake here is what is at the furthest edge of our grasp. “You will think you have hold of the idea when you have only the hold of its clothing.” Rattlesnakes, the shell of a beetle, a few twigs, silence--out of these spare elements Lopez conjures a realm that shimmers with an elusive but palpable presence. “The Search for the Heron” and “Within Birds’ Hearing” present encounters with animals that are imbued with spiritual--and often inexplicable--exchanges. In solitary, almost visionary episodes, the narrators pass into permeable realms of nature, recalling a time when humans and animals spoke the same language. Lopez’s gift is to imagine a reality where humans can be so embedded in the natural world that the boundaries between inner and outer fall away. Again and again, whether describing a Navajo rug possessing the essence of its maker, or a boy who can change places with his half-coyote dog (named Leaves), or a teacher whose presence brings into question the meaning of friendship, Lopez portrays elemental and sacred places. His prose transcends its simplicity to enter spaces of wonder and mystery. As James Perrin Warren says in his compelling introduction, “Lopez’s narrators bear witness to extraordinary patterns and purposes... The storyteller is vital to the community and to a healthy landscape, but the vital relationship is also reciprocal... We participate, along with Lopez, in the long history of storytelling. We become part of the atmosphere in which wisdom shows itself.” Barry Moser’s eleven otherworldly, densely layered engravings accompany the text. Each provides a meditative experience that parallels Lopez’s complex sense of our relationship to nature. An afterword by Lopez closes this dramatically original collaboration. *Outside* brings together Barry Lopez, best known for his National Book Award – winning *Arctic Dreams*; Barry Moser, the publisher of Pennyroyal Press, whose reputation as a book artist, printmaker, designer, and artist is legendary; and the widely published James Perrin Warren, a professor of English at Washington and Lee University, to offer an abundance of riches for readers and lovers of fine books.

“The greatest nature writer in the world... He is also the greatest travel writer... [an] astounding new memoir” Sunday Times ‘*Horizon* is magnificent; a contemporary epic’ Robert Macfarlane, author of *Underland* From the author of the classic *Arctic Dreams* comes a vivid recollection of his travels around the world and the encounters that have shaped an extraordinary life. Taking us nearly from pole to pole - from modern megacities to some of the earth’s most remote regions - and across decades of lived experience, Barry Lopez gives us his most far-ranging yet personal work to date, in a book that describes his travels to six regions of the world: from Western Oregon to the High Arctic; from the Galápagos to the Kenyan desert; from Botany Bay in Australia to finally, unforgettably, the ice shelves of Antarctica. Lopez also probes the long history of humanity’s quests and explorations, including the prehistoric peoples who trekked across Skraeling Island in northern Canada, the colonialists who plundered Central Africa, an enlightenment-era Englishman

NEW YORK TIMES EDITORS’ CHOICE • A “lyrical” (Chicago Tribune) final work of nonfiction from the National Book Award – winning author of *Arctic Dreams* and *Horizon*, a literary icon whose writing, fieldwork, and mentorship inspired generations of writers and activists. “Mesmerizing... a master observer... whose insight and moral clarity have earned comparisons to Henry David Thoreau.” —The Wall Street Journal ONE OF THE MOST ANTICIPATED BOOKS OF 2022—Lit Hub, BookPage An ardent steward of the land, fearless traveler, and unrivaled observer of nature and culture, Barry Lopez died after a long illness on Christmas Day 2020. The previous summer, a wildfire had consumed much of what was dear to him in his home place and the community around it—a tragic reminder of the climate change of which he’d long warned. At once a cri de coeur and a memoir of both pain and wonder, this remarkable collection of essays adds indelibly to Lopez’s legacy, and includes previously unpublished works, some written in the months before his death. They unspool memories both personal and political, among them tender, sometimes painful stories of his childhood in New York City and California, reports from expeditions to study animals and sea life, recollections of travels to Antarctica and other extraordinary places on earth, and meditations on finding oneself amid vast, dramatic landscapes. He reflects on those who taught him, including Indigenous elders and scientific mentors who sharpened his eye for the natural world. We witness poignant returns from his travels to the sanctuary of his Oregon backyard, adjacent to the McKenzie River. And in prose of searing candor, he reckons with the cycle of life, including his own, and—as he has done throughout his career—with the dangers the earth and its people are facing. With an introduction by Rebecca Solnit that speaks to Lopez’s keen attention to the world, including its spiritual dimensions, *Embrace Fearlessly the Burning World* opens

who sailed the Pacific, a Native American emissary who found his way into isolationist Japan, and today's ecotourists in the tropics. Throughout his journeys - to some of the hottest, coldest, and most desolate places on the globe - and via friendships with scientists, archaeologists, artists and local residents, Lopez searches for meaning and purpose in a broken world. *Horizon* is a revelatory, epic work that voices concern but also hope - a book that makes you see the world differently, and that is the crowning achievement by one of America's great voices.

Winner of the National Book Award This bestselling, groundbreaking exploration of the Far North is a classic of natural history, anthropology, and travel writing. The Arctic is a perilous place. Only a few species of wild animals can survive its harsh climate. In this modern classic, Barry Lopez explores the many-faceted wonders of the Far North: its strangely stunted forest, its mesmerizing aurora borealis, its frozen seas. Musk oxen, polar bears, narwhal, and other exotic beasts of the region come alive through Lopez's passionate and nuanced observations. And, as he examines the history and culture of the indigenous people, along with parallel narratives of intrepid, often underprepared and subsequently doomed polar explorers, Lopez drives to the heart of why the austere and formidable Arctic is also a constant source of breathtaking beauty, beguilement, and wonder. Written in prose as memorably pure as the land it describes, *Arctic Dreams* is a timeless meditation on the ability of the landscape to shape our dreams and to haunt our imaginations. This unforgettable debut, set against the dramatic Antarctic landscape, is " refreshingly different, vivid and immediate. Midge Raymond has an extraordinary gift for description that puts the reader bang in the middle of its dangerous and endangered world " (M.L. Stedman, *New York Times* bestselling author of *The Light Between Oceans*). It is only among the glacial mountains, cleaving icebergs, and frigid waters of Antarctica that Deb Gardener and Keller Sullivan feel at home. For a few blissful weeks each year they study the habits of Emperor and Adelie penguins and find solace in their work and in one another. But Antarctica, like their fleeting romance, is a fragile place, imperiled by the world to the north. Each year, Deb and Keller play tour guide to the passengers on the small expedition ship that ferries them to their research station. But this year, when Keller fails to appear on board, Deb begins to reconsider their complicated past and the uncertainty of any future they might share. Then, shortly into the journey, Deb's ship receives an emergency signal from *The Australis*, a cruise liner that has hit desperate trouble in the ice-choked waters of the Southern Ocean. Soon Deb's role will change from researcher to rescuer; among the crew of that sinking ship, Deb learns, is Keller. As Deb and Keller's troubled histories collide in this " original and entirely authentic love story " (Graeme Simsion, author of *The Rosie Project*), Midge Raymond takes us on an unforgettable voyage deep into the wonders of the Antarctic and the mysteries of the human heart. *My Last Continent* is " a sensitive exploration of how the smallest action can ripple through an ecosystem—seemingly impenetrable, but as fragile as the human heart " (*The Minneapolis Star-Tribune*). " Atmospheric and adventurous...The story and vivid writing will keep readers glued to the pages " (*Library Journal*).

Resisting the various forms of realism popular during the Meiji

"enlightenment," Izumi Kyoka (1873-1939) was among the most popular writers who continued to work in the old-fashioned genres of fantasy, mystery, and romance. *Gothic Tales* makes available for the first time a collection of stories by this highly influential writer, whose decadent romanticism led him to envision an idiosyncratic world--a fictive purgatory --precious and bizarre though always genuine despite its melodramatic formality. The four stories presented here are among Kyoka's best-known works. They are drawn from four stages of the author's development, from the "conceptual novels" of 1895 to the fragmented romanticism of his mature work. In the way of introduction, Inouye presents a clear analysis of Kyoka's problematic stature as a "great gothic writer" and emphasizes the importance of Kyoka's work to the present reevaluation of literary history in general and modern Japanese literature in particular. The extensive notes that follow the translation serve as an intelligent guide for the reader, supplying details about each of the stories and how they fit into the pattern of mythic development that allowed Kyoka to deal with his fears in a way that sustained his life and, as Mishima Yukio put it, pushed the Japanese language to its highest potential.

Prankster, warrior, seducer, fool — Old Man Coyote is the most enduring legend in Native American culture. Crafty and cagey — often the victim of his own magical intrigues and lusty appetites — he created the earth and man, scrambled the stars and first brought fire . . . and death. Barry Lopez — National Book Award-winning author of *Arctic Dreams* and recipient of the John Burroughs Medal for his bestselling masterwork *Of Wolves and Men* — has collected sixty-eight tales from forty-two tribes, and brings to life a timeless myth that abounds with sly wit, erotic adventure, and rueful wisdom.

With its thirty-three essays, *This Impermanent Earth* charts the course of the American literary response to the twentieth century's accumulation of environmental deprivations. Arranged chronologically from 1974 to the present, the works have been culled from *The Georgia Review*, long considered an important venue for nonfiction among literary magazines published in the United States. The essays range in subject matter from twentieth-century examples of what was then called nature writing, through writing after 2000 that gradually redefines the environment in increasingly human terms, to a more inclusive expansion that considers all human surroundings as material for environmental inquiry. Likewise, the approaches range from formal essays to prose works that reflect the movement toward innovation and experimentation. The collection builds as it progresses; later essays grow from earlier ones. *This Impermanent Earth* is more than a historical survey of a literary form, however. *The Georgia Review's* talented writers and its longtime commitment to the art of editorial practice have produced a collection that is, as one reviewer put it, " incredibly moving, varied, and inspiring. " It is a book that will be as at home in the reading room as in the classroom.
