The Letters of Sylvia Plath
Volume 1 Macmillan
Pulitzer Prize winner Sylvia Plath ' s complete poetic works, edited and introduced by Ted Hughes. By the time of her death on 11, February 1963, Sylvia Plath had written a large bulk of poetry. To my knowledge, she never scrapped any of her poetic efforts. With

one or two exceptions, she brought every piece she worked on to some final form acceptable to her, rejecting at most the odd verse, or a false head or a false tail. Her attitude to her verse was artisan-like: if she couldn ' t get a table out of the material, she was quite happy to get a chair, or even a toy. The end product for her was not so much a successful poem, as something that had temporarily exhausted her ingenuity. So this book contains not merely what verse she saved, but—after 1956—all she wrote.

This study of Plath's early poetry makes a number of contributions to Plath scholarship. First, it establishes a more accurate chronology for the composition dates of these poems, correcting many of the errors in dating in the order presented in *The Collected Poems of Sylvia Plath*. Further, based on this revised chronology, it traces Plath's development as a poet in these crucial years through a close examination of the poems. For many of these poems, the book gives new or alternative readings; for poems which may have been ignored previously, it offers first-time readings, thereby filling a gap in Plath studies. Finally, it contains reproductions of the paintings which serve as

subjects of ten poems and reproductions of some of Plath's own sketches depicting scenes in a number of poems, as well as photographs of settings on which various poems are based.

Modern American poets writing in the face of death
In *Last Looks, Last Books*, the eminent critic Helen Vendler examines the ways in which five great modern American poets, writing their final books, try to find a style that does justice to life and death alike. With traditional religious consolations no longer available to them, these poets must invent new ways to express the crisis of death, as well as the paradoxical coexistence of a declining body and an undiminished consciousness. In *The Rock*, Wallace Stevens writes simultaneous narratives of winter and spring; in *Ariel*, Sylvia Plath sustains melodrama in cool

formality; and in *Day by Day*, Robert Lowell subtracts from plenitude. In *Geography III*, Elizabeth Bishop is both caught and freed, while James Merrill, in *A Scattering of Salts*, creates a series of self-portraits as he dies, representing himself by such things as a Christmas tree, human tissue on a laboratory slide, and the evening/morning star. The solution for one poet will not serve for another; each must invent a bridge from an old style to a new one. Casting a last look at life as they contemplate death, these modern writers enrich the resources of lyric poetry.

Crossing the Water is a 1971 posthumous collection of poetry by Sylvia Plath that was prepared for publication by Ted Hughes. These poems were written at the same time as those that appear in *Ariel*.

Crossing the Water continues to push the envelope between dark and light, between our deep passions and desires that are often in tension with our duty to family and society. Water becomes a metaphor for the surface veneer that many of us carry, but Plath explores how easily this surface can be shaken and disturbed.

Giving Up is Jillian Becker's intimate account of her brief but extraordinary time with Sylvia Plath during the winter of 1963, the last months of the poet's life.

Abandoned by Ted Hughes, Sylvia found companionship and care in the home of Becker and her husband, who helped care for the estranged couple's two small children while Sylvia tried to rest. In clear-eyed recollections unclouded by the intervening decades, Becker describes the events of Sylvia's final days and suicide: her physical and emotional state, her grief over Hughes's infidelity, her mysterious meeting with an unknown companion the night before her suicide, and the harsh aftermath of her funeral. Alongside this tragic conclusion is a beautifully rendered portrait of a friendship between two very different women.
