Methods for Teaching Elementary School Science Natl Foreign Lg Resource Ctr

Shows that helping schools to make the connection between teachers and technology may be one of the most important steps to making the most of past, present, and future investments in educational technology and in our children's future. Addresses issues, such as: potential of technology in education; federal support; use of technology to enhance instruction; assisting teachers with the daily tasks of teaching; what technologies do schools own and how are they used; technology-related training programs; and other related issues. Tables and figures.

Mathematics and Science Across the Curriculum Prentice Hall

Arguing against the tougher standards rhetoric that marks the current education debate, the author of *No Contest* and *Punished by Rewards* writes that such tactics squeeze the pleasure out of learning.

Reprint.

Bibliography of Scientific and Industrial Reports Prentice Hall

Contains directories of federal agencies that promote mathematics and science education at elementary and secondary levels; organized in sections by agency name, national program name, and state highlights by region.

ENC Focus Teachers College Press

Math in Society is a survey of contemporary mathematical topics, appropriate for a college-level topics course for liberal arts major, or as a general quantitative reasoning course. This book is an open textbook; it can be read free online at <http://www.opentextbookstore.com/mathinsociety/>. Editable versions of the chapters are available as well.

Resources in Education Scholastic Inc.

A brave and beautiful story that will make readers laugh, and break their hearts at the same time. Now with a special note from the author! Steven has a totally normal life (well, almost). He plays drums in the All-City Jazz

Band (whose members call him the Peasant), has a crush on the hottest girl in school (who doesn't even know he's alive), and is constantly annoyed by his younger brother, Jeffrey (who is cuter than cute - which is also pretty annoying). But when Jeffrey gets sick, Steven's world is turned upside down, and he is forced to deal with his brother's illness, his parents' attempts to keep the family in one piece, his homework, the band, girls, and Dangerous Pie (yes, you'll have to read the book to find out what that is!).

PC Mag Rowman & Littlefield

Properly crafted and individually tailored feedback on student work boosts student achievement across subjects and grades. In this updated and expanded second edition of her best-selling book, Susan M. Brookhart offers enhanced guidance and three lenses for considering the effectiveness of feedback: (1) does it conform to the research, (2) does it offer an episode of learning for the student and teacher, and (3) does the student use the feedback to extend learning? In this comprehensive guide for teachers at all levels, you will find information on every aspect of feedback, including • Strategies to uplift and encourage students to persevere in their work. • How to formulate and deliver feedback that both assesses learning and extends instruction. • When and how to use oral, written, and visual as well as individual, group, or whole-class feedback. • A concise and updated overview of the research findings on feedback and how they apply to today's classrooms. In addition, the book is replete with examples of good and bad feedback as well as rubrics that you can use to construct feedback tailored to different learners, including successful students, struggling students, and English language learners. The vast majority of students will respond positively to feedback that shows you care about them and their learning. Whether you teach young students or teens, this book is an invaluable resource for guaranteeing that the feedback you give students is engaging, informative, and, above all, effective.

Pencil Points Kendall/Hunt Publishing Company

Lists citations with abstracts for aerospace related reports obtained from world wide sources and announces documents that have recently been entered into the NASA Scientific and Technical Information Database.
