THINGS FALL APART tells two overlapping, intertwining stories, both of which center around Okonkwo, a "strong man" of an Ibo village in Nigeria. The first of these stories traces Okonkwo's fall from grace with the tribal world in which he lives, and in its classical purity of line and economical beauty it provides us with a powerful fable about the immemorial conflict between the individual and society. The second story, which is as modern as the first is ancient, and which elevates the book to a tragic plane, concerns the clash of cultures and the destruction of Okonkwo's world through the arrival of aggressive, proselytizing European missionaries. These twin dramas are perfectly harmonized, and they are modulated by an awareness capable of encompassing at once the life of nature, human history, and the mysterious compulsions of the soul. THINGS FALL APART is the most illuminating and permanent monument we have to the modern African experience as seen from within.

An enchanting literary debut—already an international best-seller. At the height of Mao's infamous Cultural Revolution, two boys are among hundreds of thousands exiled to the countryside for "re-education." The narrator and his best friend, Luo, guilty of being the sons of doctors, find themselves in a remote village where, among the peasants of Phoenix mountain, they are made to cart buckets of excrement up and down precipitous winding paths. Their meager distractions include a violin—as well as, before long, the beautiful daughter of the local tailor. But it is when the two discover a hidden stash of Western classics in Chinese translation that their re-education takes

its most surprising turn. While ingeniously concealing their forbidden treasure, the boys find transit to worlds they had thought lost forever. And after listening to their dangerously seductive retellings of Balzac, even the Little Seamstress will be forever transformed. From within the hopelessness and terror of one of the darkest passages in human history, Dai Sijie has fashioned a beguiling and unexpected story about the resilience of the human spirit, the wonder of romantic awakening and the magical power of storytelling.

His quest takes him from a life of decadence to asceticism, through the illusory joys of sensual love with a beautiful courtesan, and of wealth and fame, to the painful struggles with his son and the ultimate wisdom of renunciation. Hermann Hesse (July 2, 1877 – August 9, 1962) was a German poet, novelist, and painter. Now available in a deluxe keepsake edition! A Time Best YA Book of All Time (2021) Run away to the Metropolitan Museum of Art with E. L. Konigsburg's beloved classic and Newbery Medal-winning novel From the Mixed-Up Files of Mrs. Basil E. Frankweiler. When

Claudia decided to run away, she planned very carefully. She would be gone just long enough to teach her parents a lesson in Claudia appreciation. And she would go in comfort—she would live at the Metropolitan Museum of Art. She saved her money, and she invited her brother Jamie to go, mostly because he was a miser and would have money. Claudia was a good organizer and Jamie had some ideas, too; so the two took up residence at the museum right on schedule. But once the fun of settling in was over, Claudia had two unexpected problems: She felt just the same, and she wanted to feel different; and she found a statue at the Museum so beautiful she could not go home until she had discovered its maker, a question that baffled the experts, too. The former owner of the statue was Mrs. Basil E. Frankweiler. Without her—well, without her, Claudia might never have found a way to go home.

Creative Art: Methods and Materials educates readers about a variety of art methods and the ways different civilizations have used them in artistic expression. Each of the fourteen chapters is designed around a specific art method and material, and includes examples of art works and the artists who created them. Students learn about bronze casting, stone carving, clay sculpture, woodcuts and posters, glass work, and installation art. Each method is matched to artists both ancient and modern. Rather than adhering to a standard approach that focuses on white, male, European artists, the book broadens the student's perspective by including often overlooked female artists. Global in approach and comprehensive in coverage of arts forms, representations, and styles throughout history, Creative Art has been developed for sixteen-week courses in art appreciation, or introductory survey courses in art history.

A Portrait of the Artist as a Young Man is the first novel of Irish writer James Joyce. An artist's novel in a modernist style traces the religious and intellectual awakening of young Stephen Dedalus, a fictional alter ego of Joyce and an allusion to Daedalus, the consummate craftsman of Greek mythology. Stephen questions and rebels against the Catholic and Irish conventions under which he has grown, culminating in his self-exile from Ireland to Europe. The work uses techniques that Joyce developed more fully in Ulysses and Finnegans Wake. A Portrait began life in 1903 as Stephen Hero—a projected autobiographical novel in a realistic style. After 25 chapters, Joyce abandoned Stephen Hero in 1907 and set to reworking its themes and protagonist into a condensed five-chapter novel, dispensing with strict realism and making extensive use of free indirect speech that allows the reader to peer into Stephen's developing consciousness. James Joyce (1882-1941) was an Irish novelist and poet, considered to be one of the most influential writers in the modernist avant-garde of the early 20th century. Joyce is best known for Ulysses, a landmark work in which the episodes of Homer's Odyssey are paralleled in an array of contrasting literary styles, perhaps most prominent among these the stream of consciousness technique he utilized.
