"Make Good Art," his famous 2012 commencement address delivered at the Philadelphia University of the Arts

"Making a Chair," a

"On Libraries," an impassioned argument for libraries that illuminates their importance to our future and celebrates how they foster readers and daydreamers
Featuring original illustrations by Gaiman's longtime illustrator, Chris Riddell, *Art Matters* is a stirring testament to the freedom of ideas that inspires us to make art in the face of adversity, and dares us to choose to be bold.

A guide to all kinds of addiction from a star who has struggled with heroin, alcohol, sex, fame, food and eBay, that will help addicts and their loved ones make the first steps into recovery
"This manual for self-realization comes not from a mountain but from the mud...My qualification is not that I am better than you but I am worse." —Russell Brand
With a rare mix of honesty, humor, and compassion, comedian and movie star Russell Brand mines his own wild story and shares the advice and wisdom he has gained through his fourteen years of recovery. Brand speaks

to those suffering along the full spectrum of addiction—from drugs, alcohol, caffeine, and sugar addictions to addictions to work, stress, bad relationships, digital media, and fame. Brand understands that addiction can take many shapes and sizes and how the process of staying clean, sane, and unhooked is a daily activity. He believes that the question is not "Why are you addicted?" but "What pain is your addiction masking? Why are you running—into the wrong job, the wrong life, the wrong person's arms?"
Russell has been in all the twelve-step fellowships going, he's started his own men's group, he's a therapy regular and a practiced yogi—and while he's worked on this material as part of his comedy and previous bestsellers, he's never before shared the tools that really took him out of it, that keep him clean and clear. Here he provides not only a recovery plan, but an attempt to make sense of the ailing world.

Praise: "A masterwork by one of the great Elders of the Craft. Raymond Buckland has presented a treasure trove of Wiccan lore. It is a legacy that will provide magic, beauty, and wisdom to future generations of those who seek the ancient paths of the Old Religion."—Ed Fitch, author of *Magical Rites from the Crystal Well* "I read Buckland's Complete Book of Witchcraft with much pleasure. This book contains enough information and know-how for all approaches: the historical, the philosophical, and the pragmatic . . . quite entertaining, as much for the armchair enthusiast as for the practicing occultist."—Marion Zimmer Bradley, author of *The Mists of Avalon* "Never in the history of the Craft has a single book educated as many people, spurred as many spiritual paths, or conjured as much personal possibility as Buckland's Complete Book of Witchcraft."—Dorothy Morrison, author of *The Craft* *Social Support and Health in the Digital Age* Penguin A thought-

provoking, original appraisal of the meaning of religion by the host of public radio's *On Being* Krista Tippett, widely becoming known as the Bill Moyers of radio, is one of the country's most intelligent and insightful commentators on religion, ethics, and the human spirit. With this book, she draws on her own life story and her intimate conversations with both ordinary and famous figures, including Elie Wiesel, Karen Armstrong, and Thich Nhat Hanh, to explore complex subjects like science, love, virtue, and violence within the context of spirituality and everyday life. Her way of speaking about the mysteries of life-and of listening with care to those who endeavor to understand those mysteries--is nothing short of revolutionary.

Recovery Macmillan A veteran journalist discovers an ancient system of speech techniques for overcoming the fear of public speaking--and reveals how they can profoundly change our lives. In 2010, award-winning journalist John Bowe learned that his cousin Bill, a longtime extreme recluse living in his parents' basement, had, at the age of fifty-nine, overcome a lifetime of shyness and isolation--and gotten happily married. Bill credited his turnaround to Toastmasters, the world's largest organization devoted to teaching the art of public speaking. Fascinated by the possibility that speech training could foster the kind of psychological well-being more commonly sought through psychiatric treatment, and intrigued by the notion that words can serve as medicine, Bowe set out to discover the origins of speech training--and to learn for himself how to speak better in public. From the birth of democracy in Ancient Greece until two centuries ago, education meant, in addition to reading and writing, years of learning specific, easily taught language techniques for interacting with others. Nowadays, absent such education, the average American speaks 16,000 to 20,000 words every day, but 74 percent of us suffer from speech anxiety. As he joins Toastmasters and learns, step-by-step, to successfully overcome his own
