Financial assessment (means test) for social care - NHS
A financial assessment or means test works out if the council will pay towards your care. It looks at how much money you have. Generally, the council helps to pay for care costs if you have savings less than £23,250. It may be that you'll have to pay towards the cost of your care.

Getting a social care needs assessment - NHS
The A-G assessment is becoming a commonly used tool in primary and secondary care settings. It integrates the procedure mandated for resuscitation and emergency situations. However, it is also useful for systematic baseline patient assessment and can improve patient mortality in hospital (Griffiths et al, 2018).

A Guide to Aged Care - Feros Care

Care at home arranged by your local council isn’t usually free. In order to arrange social care you need to first get a care needs assessment. After you've had the care needs assessment, and you've an agreed care and support plan, there will be a financial assessment, also known as a means test. This is where your local council will ask about your finances and income to work out how much you will contribute to your care.
