Comprehending as skillfully as union even more than new will have the funds for each success. bordering to, the message as skillfully as perception of this Assholes A Theory Aaron James can be taken as without difficulty as picked to act.

Spite Little, Brown

A collection of quirky, entertaining, and reader-friendly short pieces on philosophical topics that range from a theory of jerks to the ethics of ethicists. Have you ever wondered about why some people are jerks? Asked whether your driverless car should kill you so that others may live? Found a robot adorable? Considered the ethics of professional ethicists? Reflected on the philosophy of hair? In this engaging, entertaining, and enlightening book, Eric

Schwitzgebel turns a philosopher's eye on these and other burning questions. In a series of quirky and accessible short pieces that cover a mind-boggling variety of philosophical topics, Schwitzgebel offers incisive takes on matters both small (the consciousness of garden snails) and large (time, space, and causation). A common theme might be the ragged edge of the human intellect, where moral or philosophical reflection begins to turn against itself, lost among doubts and improbable conclusions. The history of philosophy is humbling when we see how badly wrong previous thinkers have been, despite their intellectual skills and confidence. (See, for example, “ Kant on Killing Bastards, Masturbation, Organ Donation, Homosexuality, Tyrants, Wives, and Servants. ”) Some of the texts resist thematic categorization—thoughts on the philosophical implications of dreidels, the diminishing offensiveness of the most profane profanity, and fatherly optimism—but are no less interesting. Schwitzgebel has selected these pieces from the more than one

thousand that have appeared since 2006 in various publications and on his popular blog, The Splintered Mind, revising and updating them for this book. Philosophy has never been this much fun.

The Missionary Position Penguin
DON ' T LET PROBLEM PEOPLE GET TO YOU! Whether it ' s a manager who keeps moving the goal posts, an uncooperative colleague, negative friend, or critical family member, some people are just plain hard to get along with. Often, your immediate response is to shrink or sulk, become defensive or attack. But there are smarter moves to make when dealing with difficult people. This book explains how to cope with a range of situations with difficult people and to focus on what you can change. This book will help you to: Understand what makes difficult people tick and how best to handle them Learn ways to confidently stand up to others

and resist the urge to attack back Develop strategies to calmly navigate emotionally-charged situations Deal with all kinds of difficult people – hostile, manipulative and the impossible Know when to choose your battles, and when to walk away Why let someone else 's bad attitude ruin your day? How to Deal With Difficult People arms you with all the tools and tactics you need to handle all kinds of people – to make your life less stressful and a great deal easier.

The Psychology of Stupidity West Side Books
This groundbreaking study explores the ways young Americans today understand right and wrong, how they think out their morality, and how they live it out. It describes contrasting ethical styles in the biblical, utilitarian, and personalist traditions of our culture; first, as they structured the conflict between mainstream and counterculture during the

1960s, and second, as they have shaped the transformation of these values in new religious movements since the early 1970s. Coupling descriptive ethics with interpretive sociology, this study pursues biography and moral dialogue with sixties youth who participated in a charismatic Christian sect, a Zen Buddhist meditation center, and a human potential organization (est). It shows the significance of these movements for the adherents' changing ideas of their own identity; their relationships, sex roles, courtship, and marriage; and their politics and vision of society. It analyzes the cultural logic and the social location of their ideas, which break down, recombine, and find renewal in the course of conversion.

Good Boss, Bad Boss Vintage
The definitive guide to working with -- and surviving -- bullies, creeps, jerks, tyrants, tormentors, despots, backstabbers,

egomaniacs, and all the other assholes who do their best to destroy you at work. "What an asshole!" How many times have you said that about someone at work? You're not alone! In this groundbreaking book, Stanford University professor Robert I. Sutton builds on his acclaimed Harvard Business Review article to show you the best ways to deal with assholes...and why they can be so destructive to your company. Practical, compassionate, and in places downright funny, this guide offers: Strategies on how to pinpoint and eliminate negative influences for good Illuminating case histories from major organizations A self-diagnostic test and a program to identify and

keep your own "inner jerk" from coming out The No Asshole Rule is a New York Times, Wall Street Journal, USA Today and Business Week bestseller.

The Art of Possibility HarperCollins

In this lively treatise, pro-skater-turned-philosopher Nick Riggle presents a theory of awesomeness (and its opposite, suckiness) that 's both sharply illuminating and more timely than ever " Nick Riggle ' s fun book is ' awesome ' by its own definition. But don ' t miss its profound ambition, which is to show how philosophy unearths the structure of ordinary language, defines the meaning of life in routine business, and poses the question of how best to live. " —Aaron James, author of Assholes: A Theory We all know people who are awesome and people who suck, but what do we really mean by these terms? Have you ever been chill or game? Do you rock or rule? If so, then you ' re tapped into the ethics of awesomeness.

Awesome people excel at creating social openings that encourage expressions of individuality and create community. And if you're a cheapskate, self-promoter, killjoy, or douchebag, you're the type of person who shuts social openings down. Put more simply: You suck. From street art to folk singers, Proust to the great etiquette writer Emily Post, President Obama to former Los Angeles Dodger Glenn Burke, Riggle draws on pop culture, politics, history, and sports to explore the origins of awesome, and delves into the nuances of what it means to suck and why it's so important to strive for awesomeness. An accessible and entertaining lens for navigating the ethics of our time, *On Being Awesome* provides a new and inspiring framework for understanding ourselves and creating meaningful connections in our everyday lives.

Trumped! John Wiley & Sons

“ This book is a contemporary classic—a shrewd and spirited guide to protecting ourselves from the jerks, bullies, tyrants, and

trolls who seek to demean. We desperately need this antidote to the a-holes in our midst. ” —Daniel H. Pink, best-selling author of *To Sell Is Human* and *Drive* How to avoid, outwit, and disarm assholes, from the author of the classic *The No Asshole Rule* As entertaining as it is useful, *The Asshole Survival Guide* delivers a cogent and methodical game plan for anybody who feels plagued by assholes. Sutton starts with diagnosis—what kind of asshole problem, exactly, are you dealing with? From there, he provides field-tested, evidence-based, and often surprising strategies for dealing with assholes—avoiding them, outwitting them, disarming them, sending them packing, and developing protective psychological armor. Sutton even teaches readers how to look inward to stifle their own inner jackass. Ultimately, this survival guide is about developing an outlook

and personal plan that will help you preserve the sanity in your work life, and rescue all those perfectly good days from being ruined by some jerk. “ Thought-provoking and often hilarious . . . An indispensable resource. ” —Gretchen Rubin, best-selling author of *The Happiness Project* and *Better Than Before* “ At last . . . clear steps for rejecting, deflecting, and deflating the jerks who blight our lives . . . Useful, evidence-based, and fun to read. ” —Robert Cialdini, best-selling author of *Influence* and *Pre-Suasion*

Assholes: A Theory of Donald Trump Penguin
The Essential Teachings of Ramana Maharshi contains concise, compelling aphorisms that reflect the essence of his teachings. These profound sayings, set against a background of exceptional photographs, help us experience the deep meditative silence which is our natural state. This compilation of wisdom teachings is based in the

truth of nonduality and reveals that whichever path we follow, we can realize the profound peace of our infinite nature by turning our attention to the fundamental question that lies at the heart of all spiritual teachings, "Who Am I?"

Machiavelli Anchor

Jean-Paul Sartre once declared waterskiing to be “ the ideal limit of aquatic sports. ” Aaron James, who is both an avid surfer and a professor of philosophy, vigorously disagrees. In these pages, he presents his surfer ’ s worldview as a foil to Sartre ’ s, along the way elucidating such philosophical categories as freedom, being, phenomenology, morality, epistemology, and even the emerging values of what he terms “ leisure capitalism. ” In developing his unique surfer ’ s philosophy, he draws from surf culture and lingo—and engages with philosophers from Aristotle to Wittgenstein. In the process, he speaks to those of us in search of personal and social meaning—particularly in our current anxious

moment—by way of real, authentic philosophy. In or out of the water.

Open Wounds OUP USA

After an abusive childhood in 1930s New York, Cedric Wymann, now orphaned, is taken in by a cousin suffering from mustard gas poisoning who becomes a father, helps him reconnect with friends, and finds him a fencing teacher, giving Cedric a means to avenge past wrongs and forge a better future.

Race, Crime, and the Law MIT Press

#1 New York Times Bestseller Over 10

million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we 've been told that positive thinking is the key to a happy, rich

life. "F**k positivity," Mark Manson says. "Let 's be honest, shit is f**ked and we have to live with it." In his wildly popular Internet blog, Manson doesn 't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. The Subtle Art of Not Giving a F**k is his antidote to the coddling, let 's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be

extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f**k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane,

ruthless humor, *The Subtle Art of Not Giving a F**k* is a refreshing slap for a generation to help them lead contented, grounded lives.

Everybody Curses, I Swear! Wipf and Stock Publishers

Make America Great Again? Donald Trump is an asshole is a fact widely agreed upon—even by his supporters, who actually like that about him. But his startling political rise makes the question of just what sort of asshole he is, and how his assholedom may help to explain his success, one not just of philosophical interest but of almost existential urgency. Enter the philosopher Aaron James, author of the foundational text in the burgeoning field of Asshole Studies: the bestselling *Assholes: A Theory*. In this brisk and trenchant inquiry into the phenomenon that is Donald Trump, James

places the man firmly in the typology of the asshole (takes every advantage, entrenched sense of entitlement, immune to criticism); considers whether, in the Hobbesian world we seem to inhabit, he might not somehow be a force for good—i.e., the Stronger Asshole; and offers a suggestion for how the bonds of our social contract, spectacularly broken by Trump ' s (and Ted Cruz ' s) disdain for democratic civility, might in time be repaired. You will never think about Donald Trump and his Art of the Deal the same way after reading this book. And, like it or not, think about him we must.

Every Day Is an Atheist Holiday! Macmillan
ON TOP OF THE WORLD ... IN A HOUSE
OF CARDS The tabloids tracked his every move. The business magazines predicted his demise. And the public couldn't get enough. But the only people privy to Donald Trump's real story were the

members of his inner circle—men such as Jack O'Donnell, a top executive at Atlantic City's Trump Plaza Casino until April, 1990. For three years O'Donnell witnessed the goings-on in the House of Trump that the people only guessed at. Now he reveals what he saw. Here's the inside story of Trump's legendary tirades, his convenient forgetfulness, and the infamous Donald Trump ego. O'Donnell tells how the Plaza staff catered to Trump's personal whims, and to those of his mistress—and how the man who built the largest gambling hall in the world knew little about running a casino. From the hypocrisy, bad deals, and the monumental debt to the untold tales of Marla and Ivana, *Trumped!* rips the mask off the mighty Trump facade—revealing a man whose castle is about to collapse.

Assholes Penguin

In the spirit of the mega-selling *On Bullshit*, philosopher Aaron James presents a theory

of the asshole that is both intellectually provocative and existentially necessary. What does it mean for someone to be an asshole? The answer is not obvious, despite the fact that we are often personally stuck dealing with people for whom there is no better name. Try as we might to avoid them, assholes are found everywhere—at work, at home, on the road, and in the public sphere. Encountering one causes great difficulty and personal strain, especially because we often cannot understand why exactly someone should be acting like that. Asshole management begins with asshole understanding. Much as Machiavelli illuminated political strategy for princes, this book finally gives us the concepts to think or say why assholes disturb us so, and explains

why such people seem part of the human social condition, especially in an age of raging narcissism and unbridled capitalism. These concepts are also practically useful, as understanding the asshole we are stuck with helps us think constructively about how to handle problems he (and they are mostly all men) presents. We get a better sense of when the asshole is best resisted, and when he is best ignored—a better sense of what is, and what is not, worth fighting for.

Disrupted Routledge

You've read the Jeffrey Epstein headlines, now get the full story. The world's bestselling author, James Patterson, has written the definitive book on the billionaire pedophile at the center of the newly unsealed federal sex crimes case. Jeffrey

Epstein rose from humble origins into the New York City and Palm Beach elite. A college dropout with an instinct for numbers -- and for people -- Epstein amassed his wealth through a combination of access and skill. But even after he had it all, Epstein wanted more. That unceasing desire -- and especially a taste for underage girls -- resulted in sexual-abuse charges, to which he pleaded guilty and received a shockingly lenient sentence. Included here are police interviews with girls who have alleged sexual abuse by Epstein, as well as details of the investigation against him.

True Letters from a Fictional Life Anchor Carrie Keagan's "naughty interviews with Hollywood's elite are the stuff of legend, earning her the nickname 'Barbara Walters

on Acid.' She's gone toe-to-toe with virtually every celebrity in the world, and she's been taking notes. Get ready for all the juicy, behind-the-scenes stories from the biggest stars as she shares her journey from being a bullied kid from Buffalo to Hollywood's most fearless host. After 8,000 interviews, 2 billion views online, her own TV show, and countless appearances--including her upcoming season on *Celebrity Apprentice*--she's got crazy stories to tell"--*Nine Nasty Words* Simon and Schuster "A timely, practical resource on creating teams and organizations where everyone has the opportunity to succeed." --Adam Grant, #1 New York Times bestselling author of *Think Again* and host of the podcast *WorkLife* A step-by-step guide for managers, teams, and DEI

leaders looking to create impactful, lasting change in their organization, from recruitment to retention, and beyond. Are you tired of hollow promises about diversity, equity, and inclusion in your organization? Do you want to take steps towards real change – beyond issuing mission statements, signing checks, and holding listening sessions – but don't know where to start? This book is your answer. Designed for teams to read together, *Actions Speak Louder* offers a comprehensive blueprint for leaders and teams who are ready to get out of their own way, look at their surroundings with new eyes, and turn their energy into a concrete plan. Renowned DEI consultant Deanna Singh has led diversity trainings for a wide range of organizations, from non-profits to Fortune 500 companies. Using narratives, case studies, and the latest DEI research, as well as

interactive exercises, Singh will teach you how to:

- Write inclusive job advertisements because “ minorities just don't apply here ” isn't an excuse – you're just not reaching them
- Design an interview process that reduces status quo bias and challenges hiring decisions that are simply “ no brainers ”
- Create a retention plan that considers and prioritizes the needs of underrepresented employees – if you haven't intentionally designed one to be inclusive, you've unintentionally reinforced one that is exclusive.
- Lead inclusive meetings – the bedrock of company culture – by practicing constructive dissent and elevating underrepresented perspectives

As Singh has seen time and time again, any organization can meaningfully change – you just need the right tools.

The Outpost Hachette Books

In this powerfully reasoned, lucidly written work, Harvard Law Professor Randall Kennedy takes on the highly complex issues of race, crime, and the legal system, uncovering the long-standing failure of the justice system to protect blacks from criminals and revealing difficult truths about these factors in the United States.

A Theory of Jerks and Other Philosophical Misadventures Signal

The flood of information and unprecedented transparency reshaping today's business world has dramatically changed the rules of the game. It's no longer what you do that sets you apart from others, but how you do what you do. Whats are commodities, easily duplicated or reverse-engineered. Sustainable advantage and enduring success—for both companies and the people who work for them—now lie in the realm of how, the new frontier of conduct. For more than a decade, Dov Seidman's pioneering organization, LRN,

has helped some of the world's most respected companies build "do it right," winning cultures. Seidman's distinct vision of the world, business, and human endeavor has enabled more than ten million people doing business in over 100 countries to outbehave the competition. In *HOW: Why How We Do Anything Means Everything . . . in Business (and in Life)*, Dov Seidman shares his unique approach with you. Through entertaining anecdotes, surprising case studies, cutting-edge research in a wide range of fields, and revealing interviews with a diverse group of business leaders, experts, and everyday people on the front lines, this book explores how we think, how we behave, and how we govern ourselves to uncover the values-driven "hows" of 21st-century success. Divided into four comprehensive parts, this insightful guide: Exposes the forces and factors that have fundamentally changed the world in which business operates, placing a new focus on the hows with which we conduct ourselves Provides frameworks to

help you understand these hows and implement them in powerful and productive ways Helps you channel your actions and decisions to thrive uniquely within today ' s new business realities Sheds light on the systems of how—the dynamics between people that shape organizational culture—and introduces a bold new vision for winning through self-governance The qualities that many once thought of as "soft"—trust, integrity, values, and reputation—are now the hard currency of business success and the ultimate drivers of efficiency, productivity, and profitability. With in-depth insights and practical advice, HOW will help you bring excellence and significance to your business endeavors—and your life—and refocus your efforts in powerful new ways. If you want to stand out, to thrive in our fast changing, hyperconnected, and hypertransparent world, open this book and discover HOW. Dov Seidman ' s professional career has focused on how companies and their people can operate in both a principled

and profitable way. He is the Founder, Chairman, and CEO of LRN. Leading companies such as Disney, Dow Chemical, eBay, Johnson & Johnson, Procter & Gamble, Raytheon, and 3M turn to LRN to help management govern more effectively and workers do the right things the right way, even in the most challenging of situations. Dov is a Harvard Law School graduate who also earned a bachelor ' s and master ' s degree in philosophy from UCLA, and a BA with honors in philosophy, politics, and economics from Oxford University. How to Deal With Difficult People Melville House

"We need books like this one." --Steven Pinker
At last, stupidity explained! And by some of the world's smartest people, among them Daniel Kahneman, Dan Ariely, Alison Gopnik, Howard Gardner, Antonio Damasio, Aaron James, and Ryan Holiday. And so I proclaim, o

idiots of every stripe and morons of all kinds, this hope in a world of morons. is your moment of glory: this book speaks only to you. But you will not recognize yourselves... Stupidity is all around us, from the coworker who won't stop hitting "reply all" to the former high school classmate posting conspiracy theories on Facebook. But in order to vanquish it, we must first understand it. In *The Psychology of Stupidity*, some of the world's leading psychologists and thinkers--including a Nobel Prize winner and bestselling authors--will show you... why smart people sometimes believe in utter nonsense; how our lazy brains cause us to make the wrong decisions; why trying to debate fools is a trap; how media manipulation and Internet overstimulation make us dumber; why the stupidest people don't think they're stupid. The wisdom and wit of these experts are a balm for our aggrieved souls and a beacon of

Money From Nothing Doubleday
The best-selling novel about a slave revolt in ancient Rome and the basis for the popular motion picture.
