In AD 9 half of
Rome's Western
army was
ambushed in a
German forest and
annihilated. Three
legions, three
cavalry units and
six auxiliary
regiments - some
25,000 men - were

wiped out. It dealt a body blow to the empire's imperial pretensions and was Rome's greatest defeat. No other battle stopped the Roman empire dead in its tracks.

Although one of the most significant and dramatic battles in European history, this is also one which has been largely overlooked. Drawing on primary sources and a vast wealth of new archaeological evidence, Adrian Murdoch brings to life the battle itself, the historical background and the effects of the Roman defeat as well as exploring the personalities of those who took part.

Crossing Borders

Asterix
Connoisseurs of fantasy, science fiction, and horror have long recognized the important contributions of thousands of French authors, filmmakers, and

artists. The volume is divided into two parts. Part I gives historical overviews, complete lists, descriptions, and summaries for works in film, television, radio, animation, comic books, and graphic novels. This section also includes interviews with animation director Rene Laloux and comic book artist Moebius, as well as comments from filmmaker Luc Besson. Biographies are provided for over 200 important contributors to television and graphic arts. Part II covers the major authors and literary trends of French science fiction,

fantasy, and horror from the Middle Ages to the present day. (French-Canadians and Belgians are also examined.) There is a biographical dictionary of over 3,000 authors, a section on major French awards, and a complete bibliography. Many illustrations (!) illuminate this thorough presentation.
