The Astonishing Hypothesis. The Astonishing Hypothesis is mostly concerned with establishing a basis for scientific study of consciousness; however, Crick places the study of consciousness within a larger social context. Human consciousness according to Crick is central to human existence and so scientists find themselves approaching topics...

The Astonishing Hypothesis: The Scientific Search for the ...

Astonishing Hypothesis: A Scientific Search for the Soul" by Francis Crick changed the direction of my thinking. It certainly helped me resolve questions (in my mind) concerning certain religious issues. I began to pursue the realm of "What is consciousness", which lead me into neuroscience. I attended the Consciousness Conference in Tucson, Az. (1996).

He concludes, "It is important to emphasize that the Astonishing Hypothesis is a hypothesis. What we already know is certainly enough to make it plausible, but it is not enough to make it as certain as science has done for many new ideas about the nature of the world."

**Astonishing Hypothesis | Book by Francis Crick | Official ...**

The Astonishing Hypothesis is that "You," your joys and your sorrows, your memories and your ambitions, your sense of personal identity and free will, are in fact no more than the behavior of a vast assembly of nerve cells and their associated molecules.
