Military author and spec ops expert, Fred Pushes, profiles weapons, missions, vehicles, and iconic commandos from the eighteenth-century to now.

Creating Web Pages with HTML Simplified
Peachpit Press

This book is a court of vulnerability and pain.

The intricately compiled pages are filled with grief-stricken emotions and overpowering feelings. In the garden of roses, this anthology focuses on the hidden thorns of life. The part of you that helps you grow, evolve into a better version by overcoming darkness and the pain inflicted by a million little pieces over the years. As a survivor of betrayal and lies, *The Veiled Side* is the ocean of those words that were sunk deep and risen as a better version of writers.

This anthology celebrates the strong regal peoples who have righteously claimed their brighter sides, never dismissing their darkness—the veiled side.

The Veiled Side Zenith Press

Are you new to computers? Does new technology make you nervous? Relax! You're holding in your hands the easiest guide ever to creating Web pages with HTML--a book that skips the long-winded explanations and shows you how things work. All you have to do is open the book, follow Chip, your friendly guide--and discover just how easy it is to get up to speed. "Since I have purchased your books, I can honestly say that I do understand some of the mechanics behind this wonderful creation of the computer world. Thank you for making it a lot easier to learn the basics." --Allan Black (Woodlawn, Ontario, Canada) * "Simplify It" sidebars offer real-world advice * A friendly character called Chip introduces each task * Full-color screen shots walk you through step by step * Self-contained, two-page lessons make learning a snap
