“ Simply put, there is absolutely nothing on the

market with the range of ambition of this strikingly eclectic collection of essays. Not only is it impossible to imagine a more comprehensive view of the subject, most readers – even specialists in the subject – will find that there are elements of the Gothic genre here of which they were previously unaware. ” - Barry Forshaw, Author of *British Gothic Cinema and Sex and Film* *The Palgrave Handbook of Contemporary Gothic* is the most comprehensive compendium

of analytic essays on the modern Gothic now available, covering the vast and highly significant period from 1918 to 2019. The Gothic sensibility, over 200 years old, embraces its dark past whilst anticipating the future. From demons and monsters to post-apocalyptic fears and ecological fantasies, Gothic is thriving as never before in the arts and in popular culture. This volume is made up of 62 comprehensive chapters with notes and extended bibliographies contributed by

scholars from around the world. The chapters are written not only for those engaged in academic research but also to be accessible to students and dedicated followers of the genre. Each chapter is packed with analysis of the Gothic in both theory and practice, as the genre has mutated and spread over the last hundred years. Starting in 1918 with the impact of film on the genre's development, and moving through its many and varied international incarnations,

each chapter chronicles the history of the gothic milieu from the movies to gaming platforms and internet memes, television and theatre. The volume also looks at how Gothic intersects with fashion, music and popular culture: a multi-layered, multi-ethnic, even a trans-gendered experience as we move into the twenty first century.

The long-awaited follow-up to the perennially bestselling writers' guide *Story*, from the most sought-after expert in the art of storytelling. Robert McKee's

popular writing workshops have earned him an international reputation. The list of alumni with Oscars runs off the page. The cornerstone of his program is his singular book, *Story*, which has defined how we talk about the art of story creation. Now, in *DIALOGUE*, McKee offers the same in-depth analysis for how characters speak on the screen, on the stage, and on the page in believable and engaging ways. From *Macbeth* to *Breaking Bad*, McKee deconstructs key scenes to illustrate the strategies and techniques of dialogue. *DIALOGUE* applies a framework of incisive thinking to instruct the prospective writer on how to craft artful, impactful speech. Famous

McKee alumni include Peter Jackson, Jane Campion, Geoffrey Rush, Paul Haggis, the writing team for Pixar, and many others. [Writing Madness](#) Thames & Hudson

There was a time when moral philosophy -- particularly Christian, and even more particularly Roman Catholic, moral philosophy -- was happily conceived of as a 'science' in which virtually everything could be deduced from a limited number of absolutes. There are moral philosophers who still spend a lifetime doing just this, but

their philosophy becomes increasingly inadequate to cope with the new human understandings that have broken in on the world. Absolutist language and ethics can no longer be accepted with the easy assurance they once were. The author discusses the leading moral philosophers of the Anglo-Saxon School, setting out their views clearly and fairly, and criticizing always in a positive and constructive manner. Among those he discusses are A.J. Ayer, Kurt Baier, R.M. Hare, P.H. Nowell-Smith,

C.L. Stevenson, Stephen Toulmin and J.O. Urmson. Picador Book of the New Gothic Penguin UK Master storyteller Patrick McGrath--author of the critically acclaimed novel *Asylum* and a finalist for England's prestigious Whitbread Prize for fiction--once again spins a hypnotic tale of psychological suspense and haunting beauty. Set among the teeming streets and desolate wharves of Hogarth's London, then shifting to the powder-

keg colony of Massachusetts Bay, Martha Peake envelops the reader in a world on the brink of revolution, and introduces us to a flame-haired heroine who will live in the imagination long after the last page is turned. Settled with our narrator beside a crackling fire, we hear of the poet and smuggler Harry Peake--how Harry lost his wife, Grace, in a tragic fire that left him horribly disfigured; how he made a living displaying his deformed

spine in the alehouses of eighteenth-century London; and how his only solace was his devoted daughter, Martha, who inherited all of his fire but none of his passion for cheap gin. As the drink eats away at Harry's soul, it opens ancient wounds; when he commits one final act of unspeakable brutality, Martha, fearing for her life, must flee for the American colonies. Once safely on America's shores, Martha immerses herself in the passions of smoldering rebellion. But even in this land of new beginnings, she is unable to escape the past. Caught up in a web of betrayals, she redeems herself with one final, unforgettable act of courage. Superbly plotted and wholly absorbing, *Martha Peake* is an edge-of-your-seat shocker that is crafted with the psychological precision Patrick McGrath's fans have come to expect. A writer whose novels *The New York Times Book Review* has called both "mesmerizing" and "brilliant," McGrath applies his remarkable imaginative powers to a fresh and broad historical canvas. Martha Peake is the poignant, often disturbing tale of a child fighting free of a father's twisted love, and of the colonists' struggle to free themselves from a smothering homeland. It is Patrick McGrath's finest novel yet. [Dialogue](#) Random House Every night, Kawashima Masayuki creeps from his bed and watches over his baby girl's crib while his wife

sleeps. But this is no ordinary domestic scene. He has an ice pick in his hand, and a barely controllable desire to use it. Deciding to confront his demons, Kawashima sets into motion a chain of events seeming to lead inexorably to murder...

The Tale of an American Dreamer Vintage

Hailed by the San Francisco Chronicle as "an uncommon storyteller [with a] trademark ability to probe the layers of the human psyche," Patrick McGrath has written his

most addictive and enthralling novel yet. Charlie Weir's family is comprehensively dysfunctional — abandoned by his father, his mother ravaged by that betrayal, and his brother, Walt, a successful artist, less Charlie's ally than his rival. So it's hardly surprising that he should find a vocation in psychiatry in New York City, counseling traumatized war veterans returning home from Vietnam. Agnes Magill, the sister of one damaged

soldier, soon becomes Charlie's wife. But the suicide of her brother, Danny, ends the marriage, leaving Charlie to endure a corrosive loneliness even as Manhattan grows steadily more dirty and dangerous around him. Then, in the haunting aftermath of Charlie's mother's death, Agnes returns to offer him the solace that he has never been able to provide for her. Almost simultaneously, he is presented with a quite

different anodyne — a volatile woman whose irresistible beauty, tinged though it is with an air of grievous suffering, jeopardizes everything he has hoped might restore his dwindling faith in his calling, his future and himself. As Charlie's hold on sanity weakens, and events conspire to send him reeling headlong toward the abyss, the themes of family, passion and madness - by now synonymous with Patrick McGrath's writing — rightly

assume "the inevitability of myth," as Tobias Wolff has written of his work, in "fiction of a depth and power we hardly hope to encounter anymore." A genuine psychological thriller, *Trauma* is an experience at once unnerving, unsettling and utterly riveting.

[Patrick McGrath and his Worlds](#) Henry Holt and Company

"A riveting character-driven dive into 19th-century New York and the extraordinary history of Blackwell's

Island." —Laurie Gwen Shapiro, author of *The Stowaway: A Young Man's Extraordinary Adventure to Antarctica* On a two-mile stretch of land in New York's East River, a 19th-century horror story was unfolding . . . Today we call it Roosevelt Island. Then, it was Blackwell's, site of a lunatic asylum, two prisons, an almshouse, and a number of hospitals. Conceived as the most modern, humane incarceration facility the world ever seen, Blackwell's Island quickly became, in the

words of a visiting Charles Dickens, “a lounging, listless madhouse.” In the first contemporary investigative account of Blackwell’s, Stacy Horn tells this chilling narrative through the gripping voices of the island’s inhabitants, as well as the period’s officials, reformers, and journalists, including the celebrated Nellie Bly. Digging through city records, newspaper articles, and archival reports, Horn brings this forgotten history alive: there was terrible overcrowding; prisoners were enlisted to

care for the insane; punishment was harsh and unfair; and treatment was nonexistent. Throughout the book, we return to the extraordinary Reverend William Glenney French as he ministers to Blackwell’s residents, battles the bureaucratic mazes of the Department of Correction and a corrupt City Hall, testifies at salacious trials, and in his diary wonders about man’s inhumanity to man. In *Damnation Island*, Stacy Horn shows us how far we’ve come in caring for the least fortunate among

us—and reminds us how much work still remains. *Piercing Vintage*
A man is haunted by the memory of his mother with a rope round her neck. It is the American War of Independence, and having defied the British forces occupying New York she must pay for her revolutionary activities. But fifty years on her son harbours a festering guilt for his inadvertent part in her downfall. In thrusting nineteenth-century New York, a ruthless merchant’s sensitive son is denied the

love of his life through his father's prejudice against the immigrants flooding into the city - and madness and violence ensue. In the wake of 9/11, a Manhattan psychiatrist treats a favoured patient reeling from the destruction of the World Trade Center, but fails to detect the damage she herself has sustained. In this trio of stunning tales from a master storyteller, Patrick McGrath excavates the layers of New York's turbulent history.

Don't Look Now

Asylum Stella Raphael is

drawn to Edgar Stark, despite the fact that he was committed to a mental hospital for a brutal crime. Stella embarks on a reckless adventure, while one of the hospital psychiatrists fights to save her from Edgar and from her increasingly eruptive pathology. Asylum In the Balkan Peninsula, history's long-disputed bridge between Asia and Europe, the receding Byzantine empire has left behind a patchwork of warring peoples who fight

over everything, from their pastures of sheep to the authorship of their countless legends. One such gruesome tale declares that a castle under construction cannot be finished until a young mason's bride has been walled up alive, one breast left exposed to suckle her growing infant even after her death. Myth becomes perverse reality when a mason is plastered into a bridge over a strategically important river, where his will not be the last human

sacrifice.

A Novel Vintage

Speculating that one out of a hundred people were buried alive a century ago, this fascinating book uses folklore, history, and literature to explore the nineteenth-century fears associated with this disturbing fact. Reprint.

The Untouchable

Algonquin Books

A story of self-obsession narrated by the point of view of a psychiatrist, published as a Penguin Essential for the first time. As a

psychiatrist in a top-security mental hospital in the 1950s, Peter Cleave has made a study of what he calls 'the catastrophic love affair characterized by sexual obsession.' His experience is extensive, and he is never surprised. Until, that is, he comes reluctantly to accept that the wife of one of his colleagues has embarked on such an affair...

Asylum Simon and Schuster

Patrick McGrath has created his most psychologically penetrating vision to date:

a nightmare world rocked to its foundations by a passion of such force and intensity that it shatters the lives--and minds--of all who are touched by it. Stella Raphael, a woman of great beauty and formidable intelligence, is married to Max, a staid and unimaginative forensic psychiatrist. Max has taken a job in a huge top-security mental hospital in rural England, and Stella, far from London society, finds herself restless and bored. Into her lonely

existence comes Edgar Stark, a brilliant sculptor confined to the hospital after killing his wife in a psychotic rage. He comes to Stella's garden to rebuild an old Victorian conservatory there, and Stella cannot ignore her overwhelming physical attraction to this desperate man. Their explosive affair pits them against Stella's husband, her child, and the entire institution. When the crisis comes to a head, Stella makes a decision--one that will

destroy several lives and precipitate an appalling tragedy that could only be fueled by illicit sexual love. Asylum is a terrifying exploration of the extremes to which erotic obsession can drive us. Patrick McGrath brings his own dazzling blend of cool artistry and visceral engagement to this mesmerizing story of a fatal love and its unspeakably tragic aftermath. And in Stella Raphael, a woman who tears down the walls of her

constricted existence to pursue a dangerous passion, he has created a character who will long be remembered for her willingness to take the ultimate risk, even if she must pay the ultimate price.

Martha Peake Wendy Lamb Books

"A stormy tale of obsession...this is a haunting portrayal of a man broken by passion" (Library Journal). Dr. Edward Haggard is a lonely, pain-racked romantic, standing at the window of his house on

the edge of a cliff, watching as the clouds of war draw near, and reflecting on the nature of love, death, medicine, war—but most of all on the wife of the senior pathologist, and the few brief months of bliss they shared. Shortly after the outbreak of World War II, a fighter pilot appears in Dr. Haggard's surgery, reawakening memories of the single grand passion of Haggard's life. For this young man is the son of the woman Haggard loved, and as the doctor becomes more and more intrigued by the bizarre

changes occurring in his new patient's body, his old passion gives way to a fresh one, a passion altogether odder, and darker, than the first. In true gothic fashion, Patrick McGrath brings to his narration of a doomed love affair and bizarre aftermath an acute erotic intensity, portraying a man whose disease is passion—disease that can exalt a man, but can also destroy him.

Here I Go Again Springer Nature

During their privileged, eccentric English childhood, Jack Rathbone

enjoyed the unstinting adoration of his sister, Gin. So when both are art students in London, it is wrenching for her to watch him fall under the spell of Vera Savage, a flamboyant and reckless painter from Glasgow. Jack and Vera run off to New York City within weeks of meeting, and from a bruised, bereft distance Gin follows their progress south through Miami and pre-revolutionary Havana to Port Mungo, a seedy town

in the mangrove swamps of Honduras. There, in an old banana warehouse, Jack obsessively devotes himself to his canvases while Vera succumbs to a chronic restlessness that not even the birth of two daughters can subdue. Passion, narcissism, and the relentless demands of creativity hold these riveting characters in thrall, and McGrath skilfully evokes a feverish world of tropical impulses and artistic ambition that leads ultimately to dark

secrets and to death. **The Nature of Moral Judgement** Penguin Hailed as a "writer of subtlety and depth," Hilary Mantel turns her dark genius on the world of psychics in this smart, unsettling novel (Joyce Carol Oates) A paragon of efficiency, Colette took the next natural step after finishing secretarial school by marrying a man who would do just fine. After a sobering, do-it-yourself divorce, Colette is at a loss for what to do next.

Convinced that she is due an out-of-hand, life-affirming revelation, she strays into the realm of psychics and clairvoyants, hungry for a whisper to set her off in the right direction. At a psychic fair in Windsor she meets the charismatic Alison. Alison, the daughter of a prostitute, beleaguered during her childhood by the pressures of her connection to the spiritual world, lives in a different kind of solitude. She cannot escape the dead

who speak to her, least of all the constant presence of Morris, her low-life spiritual guide. An expansive presence onstage, Alison at once feels her bond with Colette, inviting her to join her on the road as her personal assistant and companion. Troubles spiral out of control when the pair moves to a suburban wasteland in what was once the English countryside and take up with a spirit guide and his drowned therapist. It is not

long before Alison's connection to the place beyond black threatens to uproot their lives forever. This is Hilary Mantel at her finest- insightful, darkly comic, unorthodox, and thrilling to read.

Justin Case is convinced

fate has in for him. And he's right. After finding his younger brother teetering on the edge of his balcony, fifteen-year-old David Case realizes the fragility of life and senses impending doom. Without looking back, he changes his name to Justin and assumes a new identity, new clothing and new friends, and dares to fall in love with the seductive Agnes Day. With his imaginary dog Boy in tow, Justin struggles to fit into his new role and above all, to survive in a world where tragedy is around every

corner. He's got to be prepared, just in case.

The Asylum Simon and Schuster

There is September 11 and then there are the days after, and finally the years. *Falling Man* is a magnificent, essential novel about the event that defines turn-of-the-century America. It begins in the smoke and ash of the burning towers and tracks the aftermath of this global tremor in the intimate lives of a few people. First there is Keith, walking out of the rubble into a life that he'd always imagined belonged to everyone but him. Then Lianne, his estranged wife, memory-haunted, trying

to reconcile two versions of the same shadowy man. And their small son Justin, standing at the window, scanning the sky for more planes. These are lives choreographed by loss, grief and the enormous force of history. Brave and brilliant, *Falling Man* traces the way the events of September 11 have reconfigured our emotional landscape, our memory and our perception of the world. It is cathartic, beautiful, heartbreaking.

[A Novel](#) Bloomsbury Publishing

One of the most dazzling and adventurous writers now working in English

takes on the enigma of the recruitment at Cambridge
Cambridge spies in a novel of exquisite menace, biting social comedy, and vertiginous moral complexity. The narrator is the elderly Victor Maskell, formerly of British intelligence, for many years art expert to the Queen. Now he has been unmasked as a Russian agent and subjected to a disgrace that is almost a kind of death. But at whose instigation? As Maskell retraces his tortuous path from his

to the airless upper regions of the establishment, we discover a figure of manifold doubleness: Irishman and Englishman; husband, father, and lover of men; betrayer and dupe. Beautifully written, filled with convincing fictional portraits of Maskell's co-conspirators, and vibrant with the mysteries of loyalty and identity, *The Untouchable* places John Banville in the select company of both

Conrad and le Carre. Winner of the Lannan Literary Award for Fiction "Contemporary fiction gets no better than this... Banville's books teem with life and humor." - Patrick McGrath, *The New York Times Book Review* "Victor Maskell is one of the great characters in recent fiction... *The Untouchable* is the best work of art in any medium on [its] subject." -*Washington Post Book World* "As remarkable a literary voice as any to

come out of Ireland; Joyce
and Beckett
notwithstanding." -San
Francisco Chronicle
