Colton West can't wait to finally end it with the rich and shallow Martin. Their relationship had been a mistake from the beginning. But just when Colton feels that he's made it clear to Martin it's over and he can

move on with his life and career, he gets a phone call that will change his world forever. Whitfield, Vermont, is the sleepy little town where Colton grew up, a town he couldn't wait to leave. It's also the place where his best high school friend was found murdered years before, left on a road outside town that goes nowhere. The killer was never caught, although a stoic old man named George Hill, who lived with his young grandson in the only house on that road, was considered by many to be the prime suspect and passed away several years later. But now, another boy has been found dead at the end of that same lonely road, with his body eerily laid out in the same disturbing manner as

Colton ' s best friend. Andplace on the Texas-Mexico this time, the victim is Colton ' s fifteen-year-old nephew. With the original murder suspect deceased, Colton knows the killer of both teenagers is still on the loose, perhaps preparing to strike again, and Colton won ' t rest in his investigation until he unearths the whole, ugly truth.

25th ANNIVERSARY EDITION • From the bestselling author of *The Passenger* and the Pulitzer Prize–winning novel *The Road*: an epic novel of the violence and depravity that attended America's westward expansion, brilliantly subverting the conventions of the Western novel and the mythology of the Wild West. Based on historical events that took

border in the 1850s, *Blood Meridian* traces the fortunes of the Kid, a fourteen-year-old Tennessean who stumbles into the nightmarish world where Indians are being murdered and the market for their scalps is thriving. WINNER OF THE PULITZER PRIZE • NATIONAL BESTSELLER • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). • From the bestselling author of *The Passenger* A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on

the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's latest bestselling novels, *The Passenger* and *Stella Maris*.

One day while sitting on a park bench, Mark was asked

by an old man, "Why do you do what you do? Why do you work where you work or live where you live?" Whether we agree or not, life really is about a series of paths and decisions whereby even one small change can alter our lives forever. We usually want to blame others, including God, for our decisions. Only by examining the paths we have taken can we really see where we're at! It is only when we look deep within ourselves we discover that as writers, singers, musicians, interior decorators, or even truck drivers, we all have gifts! Having them is not to question; rather, it is **WHAT WE DO WITH THEM** that really matters! Wherever your passions lie, you can erase your doubts and restore your joy. Just imagine yourself on a park bench...

The End of a Road Vintage

A powerful story about race and identity told through the lives of

one American family across three generations. In 1914, in defiance of his middle-class landowning family, a young white man named James Morgan Richardson married a light-skinned black woman named Edna Howell. Over more than twenty years of marriage, they formed a strong family and built a house at the end of a winding sandy road in South Alabama, a place where their safety from the hostile world around them was assured, and where they developed a unique racial and cultural identity. Jim and Edna Richardson were Ralph Eubanks's grandparents. Part personal journey, part cultural biography, *The House at the End of the Road* examines a little-known piece of this country's past: interracial families that survived and prevailed despite Jim Crow laws, including those prohibiting mixed-race marriage. As he did in his acclaimed 2003 memoir, *Ever Is a Long Time*, Eubanks uses interviews, oral history, and archival research to tell a story about race in American life that few readers have experienced. Using the

Richardson family as a microcosm of American views on race and identity, *The House at the End of the Road* examines why ideas about racial identity rooted in the eighteenth century persist today. In lyrical, evocative prose, this extraordinary book pierces the heart of issues of race and racial identity, leaving us ultimately hopeful about the world as our children might see it.

"I REMEMBER...
...humorous, inspirational and nostalgic stories, dating from my early childhood experiences to the present day." YOUNG CHILDREN have hundreds of tales to tell, most of them humorous, with a special blend of love and emotion. I tried to share some of my favorites from these formative years. THE TEENAGERS are so much

more secretive in their storytelling. My parents hadn't a clue as to what was going on in my mind during the mid-1940's. Read about how we all share in the triumphs and the disappointments of our teen years. LOVE, MARRIAGE & CHILDREN go hand in hand, along with trying to build a home, literally, for your family. Raising children is a wonderful experience. This portion of the book contains more humor than I anticipated. Most of us can relate to these sentimental anecdotes. OLD AGE brings with it a multitude of problems, but I wouldn't change it for the world. It also brings grandchildren, who light up my life and make each day a joy. I have attempted to write about all the inspiration they have

bestowed upon this humble writer. JOIN ME as we go through many of these precious golden moments. *I Remember...* Owlkids Detective Harry Mason has rejoined the South African Police Service after a two-year leave of absence, and moved over to the specialised Serious and Violent Crimes unit, headed by the tough and fiery veteran commander Superintendent Carl 'Blackie' Swarts. Soon afterwards, Harry is assigned to investigate the slaying of a minor politician and his family, in a township west of Johannesburg. The case, at first seemingly unsolvable, is abruptly saved by an enigmatic grassroots anarchist whom Harry befriended during the apartheid riots of the '80s,

and soon the SVC is hot on the heels of one of the country's most secretive and violent vigilante groups, known as 'The Guardians', headed up by two brothers whose brutality is legendary amongst the poor inhabitants of Johannesburg's squatter camps. As the investigation slices away at the layers of secrecy surrounding this group, other secrets surface – truths that ultimately pose a threat to Harry's unit, and to the city at large. When Harry is abruptly gunned down by unseen assassins during a dawn raid on a remote village, and a bomb is detonated in the judicial heartland of Johannesburg, his former police partner and long-time friend, Detective Jacob Tshabalala, is forced to take matters into his own hands, and expose a splinter faction of vigilantes

operating within the police service itself – a faction whose connections stretch all the way into parliament itself.

In 1970, John M. Allegro published *The Sacred Mushroom and the Cross*, arguing that the early Christians belonged to a drug cult, their sacrament consisting of hallucinogenic mushrooms. The book contained a large amount of linguistic data to support Allegro's speculations. In his follow-up book, *The End of a Road*, Allegro considered the philosophical ramifications of having undermined Christianity and hence, for many people, religion altogether. He argued that abandoning religion is not tantamount to abandoning morality; rather, it should enable

a more honest and straightforward approach to morality. This new edition includes a new foreword by Judith Anne Brown, author of *John Marco Allegro: The Maverick of the Dead Sea Scrolls*, as well as two new essays. These are an essay by Franco Fabbro discussing a mushroom mosaic in an early Christian church in Aquileia; and an essay by John Bolender discussing the vagueness of the concept of religion, which raises questions about the precise target of Allegro's polemic and challenges attempts to defend religion as a biological adaptation.

STRONG Documents from the classified papers leaked to Al-Jazeera in January give the clearest account yet of what really goes on in Middle East peace talks, including revealing off-the-record remarks made by Condoleezza Rice, Tony Blair, Mahmoud Abbas, and other key players In January 2011, Al-Jazeera television published 1,600 pages of confidential papers and memoranda from the last five years of peace negotiations between Israel and the Palestinians. This book presents complete texts of a number of the most important papers, along with an analysis that reveals a complex, tortuous,

and so far unproductive Palestine-Israeli peace process, in a rare, unfiltered look at a current topic as it unfolds. Issues discussed include the Israeli illegal settlements, the Hamas rockets, the Israeli Wall, the invasion of Gaza, the rights of Palestinian refugees, and the move to define Israel as an exclusively Jewish state. For the first time it is possible to compare public utterances, such as "the settlements must go" from Palestine and "we want the Palestinians to have a viable state" from Israel and the U.S., with the very different views expressed in confidential meetings and memoranda.
