Attachment in the Digital Era Oxford University Press
This highly topical book explores the new technological environment we have created, and our adaptation to it, twenty-five years after the death of John Bowlby. In the space of just a couple of decades, the world has changed radically, and we are changing too: personal computers and smartphones mediate our lives, work, play, and love. Relationships of all kinds are now conducted through mobile phones, email, Skype and social network sites. Attachment theory is concerned with the impact of the external world on internal reality, where twenty-first century experiences encounter the powerful, primitive, and ancient instinct for attachment and survival. This

book is written by psychotherapists whose practice, with individual adults and couples, is informed by attachment theory. It contains theoretical, observational, and clinical material, and will be relevant to all psychotherapists, psychoanalysts, counsellors, and psychologists interested in the profound impact of digital and communication technologies on human relationships. STEM in Soccer Oxford University Press, USA
This title examines the STEM concepts that make soccer so exciting. From the physics of kicking to the technology of goal line sensors, chapters bring STEM concepts to life. The title also features sidebars on STEM in action, a glossary, and further resources.

A Memory Between Us SportsZone

Erotic memoir

Cambridge English First Masterclass Dorling Kindersley Ltd

Althusser and Law is the first book specifically dedicated to the place of law in Louis Althusser's philosophy. The growing importance of Althusser's philosophy in contemporary debates on the left has - for practical and political, as well theoretical reasons - made a sustained consideration of his conception of law more necessary than ever. As a form of what Althusser called 'Ideological State Apparatuses', law is at the forefront

of political struggles: from the destruction of Labour Law to the exploitation of Patent Law; from the privatisation of Public Law to the ongoing hegemony of Commercial Law; and from the discourse on Human Rights to the practice of judicial courts. Is Althusser still useful in helping us to understand these struggles? Does he have something to teach us about how law is produced, and how it is used and misused? This collection demonstrates that Althusser's ideas about law are more important, and more contemporary, than ever. Indeed, the contributors to Althusser and Law argue that Althusser offers a new and invaluable perspective on the place of law in contemporary life.

Ulrich's international periodicals directory M J F Books
Classic pasta dishes from America's 1st and most beloved master chef Whether you're entertaining guests or simply cooking for 1, pasta is sure to delight. The ultimate comfort food, it can be found in the cuisines of nearly every culture. James Beard, heralded by the New York Times as "the dean of American cookery" enriches our understanding of this culinary staple with his collection of recipes and commentary on store-bought versus homemade pasta, wine pairings, choosing the perfect cheese, and other insights. From familiar spaghetti entrées to more adventurous fare, such as udon noodle soup and spätzle, Beard brings meals from all over the globe into the home chef's kitchen. Under the guidance of America's original gastronomic genius, the basic noodle is elevated in dishes such as basil lasagna, Portuguese fish stew with orzo, and cheddar angel hair soufflé. Beard on Pasta is full of easy-to-follow recipes, along with tips on preparation, sauce, and serving that you'll be eager to try. This comprehensive cookbook provides all the tools you need to make delectable and unforgettable pasta for any occasion. Nature Log Kids Createspace Independent Pub

A girl tumbles into a downward spiral when a romantic encounter turns violent in this heartwrenching novel from the author of Cracked. Dell is used to disappointment. Ever since her dad left, it's been one let down after another. But no one—not even her best friend—understands all the pain she's going through. So Dell hides behind self-deprecating jokes and forced smiles. Then the one person she trusts betrays her. Dell is beyond devastated. Without anyone to turn to for

comfort, her depression and self-loathing spin out of control. But just how far will she go to make all the heartbreak and the name-calling stop?

The Not So Secret Emails of Coco Pinchard Tiger Tales

A sci-fi drama of a high school aged girl who belongs in a different time, a boy possessed by emptiness as deep as space, an alien artifact, mysterious murder, and a love that crosses light years. To Amy, everyone has a flavor, and when that flavor begins to disappear, it spells trouble. After the crushing confrontation with Oliver, Amy is on the hunt for answers. This leads her to an old, moldy water containment facility, and leaves her with more questions than answers. At the same time, some of Amy's closest friends may be drifting apart.

Cambridge English: First Masterclass: Workbook Pack with Key Simon and Schuster

First Certificate Masterclass Teacher's Book Oxford University Press, USA

1988-89 : now including irregular serials & annuals : the Bowker international serials database Scholastic Inc.

He took everything from me, now it's my turn and what my husband isn't expecting, is that I play on BLOOD I was his second choice, his biggest mistake. I never wanted things to turn out the way they did, but they did. Now my choice is limited. Join him, or end him. What will I choose? The clock is ticking, my friend's life is hanging on a thread and I, Aliyana Capello am the only one who can save him. But at what cost? I love my husband, but sometimes love is not enough, sometimes there are more important moves that need to be made. It is unfortunate that some would need to fall so I, the Queen of Killers can take my place and lead them all. Once all is done, I will need to confess. So I am going to start by saying forgive me. The final part of Secrets of the Famiglia, tells all. This is an enemy to lovers book, read at your own risk, no promises of a happy ending, but I guarantee you, this story will blow your mind.

30 Bangs Harpercollins Pub Limited

An intermediate text that provides a basic understanding of concepts and theory, presenting important mathematical statistics tools fundamental to the development of nonparametric statistics. Uses an intuitive approach emphasizing techniques for making a test distribution-free (such as counting and ranking). U-statistics, asymptotic

efficiency, the Hodges-Lehmann technique for creating a confidence interval and a point estimator from a test, linear rank statistics, and more. Also includes currently developing areas. Readers are required to be familiar with the basic concepts of statistical inference and have a good knowledge of advanced calculus.

A fabulously funny feel-good romantic comedy! Adventure Publications

Firewalls are among the best-known network security tools in use today, and their critical role in information security continues to grow. However, firewalls are most effective when backed by thoughtful security planning, well-designed security policies, and integrated support from anti-virus software, intrusion detection systems, and related tools. GUIDE TO FIREWALLS AND VPNs, THIRD EDITION explores firewalls in the context of these critical elements, providing an in-depth guide that focuses on both managerial and technical aspects of security. Coverage includes packet filtering, authentication, proxy servers, encryption, bastion hosts, virtual private networks (VPNs), log file maintenance, and intrusion detection systems. The text also features an abundant selection of realistic projects and cases incorporating cutting-edge technology and current trends, giving students the opportunity to hone and apply the knowledge and skills they will need as working professionals. GUIDE TO FIREWALLS AND VPNs includes new and updated cases and projects, enhanced coverage of network security and VPNs, and information on relevant National Institute of Standards and Technology guidelines used by businesses and information technology professionals. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
