influence of Runes. An Introduction to Ancient Greek OUP Oxford Hieroglyphs were far more than a language. They were an omnipresent and all- powerful force in communicating the messages of ancient Egyptian culture for over three thousand years; used as monumental art, as a means of identifying Egyptianness, and for	rarefied communication with the gods. In this exciting new study, Penelope Wilson explores the cultural significance of the script with an emphasis on previously neglected areas such as cryptography, the continuing decipherment into modern times, and examines the powerful fascination hieroglyphs still hold for us today. ABOUT THE	SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket- sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make

previous editions, the long-awaited third edition combines the best features of traditional and modern teaching methods. It provides a unique course of instruction that allows students to read connected Greek narrative right from the beginning and guides them to the point where they can begin reading complete classical texts. James Morwood, editor of the Oxford Grammar of Classical Greek and the Pocket Oxford Classical Greek Dictionary, brings his expertise and years of teaching experience to this revision. Carefully designed to hold students' interest, the course begins in Book I with a fictional narrative about an Attic farmer's family placed in a precise historical context (432-431 B.C.). This narrative, interwoven with tales from mythology and the Persian Wars, gradually gives way in Book II to adapted passages from Thucydides, Plato, and Herodotus and ultimately to excerpts of the original Greek of Bacchylides, Thucydides, and Aristophanes' *Acharnians*. Essays on

relevant aspects of ancient Greek culture and history are also woven throughout. *Comparative Legal Philosophy Applied to Legal Institutions* Bloomsbury Publishing Designed to accompany the corresponding student's textbook, this volume contains the full English translations of all exercises. The Athenaze course aims to promote the fluent reading of ancient Greek through

a series of exercises, grammatical explanations and essays on culture and history. A Guide to Greek Thought Hackett Publishing This highly acclaimed collection provides a unique look into the public and private lives and legal status of Greek and Roman women of all social classes-from wet nurses, prostitutes, and gladiatrixes to poets, musicians, intellectuals, priestesses,

and housewives. The third edition adds new texts to sections throughout the book, vividly describing women's sentiments and circumstances through readings on love, bereavement, and friendship, as well as property rights, breast cancer, female circumcision, and women's roles in ancient religions, including Christianity and pagan cults. **Introduction to Attic Greek** Oxford University
