"The Moyne Report is perhaps the most referenced material related to the dark ages of Britain's colonial reign in the West Indies. The damning report on the working and living conditions in the colonies was ironically commissioned by the British government and the findings delivered in 1940 they were only made public at the end of the Second World War in 1945. Seventy years later, the report is re-presented with an updated introduction by Professor Denis Benn, who ably contextualizes the findings informed not only by his scholarly work but also as a witness to the many labour disputes and agitation for better working and living conditions for the poor and working class citizens of the region."

To get to the girl he loves, Riley Kane must head off on a road trip with the father he never knew. Then pray for a miracle. Most teens would love to have a pro surfer for a dad. Just not Riley. Abandoned as a kid, he hates the sound of the ocean and the man who gave himself to it. When the eighteen-year-old learns that his best friend is stranded at a New Mexico hospital as her father fights for his life, Riley hits the highway to head east. But when his Jeep breaks down before he even leaves California, he must rely on the one man he despises to get to the girl who needs him the most. And when it comes to the surfer with the Volkswagen van and dog-eared map, a thousand miles may-or may not-be enough to heal the past. A story of new beginnings and second chances.

"You can't learn to swim by taking a correspondence course." One-liner s. Used by everyone from Winston Churchill to Rodney Dangerfield, they can be poetic, profound, or outrageously funny. A good one-liner may initially appear shallow or silly, but in fact packs a powerful message in deceptively few words. In "Turpen Time," Mike Turpen offers fifty shades of life in the form of short stories, each woven around a one-liner. Entertaining and humorous, dead serious and sober, these stories offer lessons for living a good, happy life. In everything from nocturnal meetings in the White House with President Bill Clinton and Les Moonves, to a first kiss, somewhere between the swing set and the dog house, Mike will charm you with his high-energy approach to life, law, politics, and the pursuit of happiness. "Through both work and family, I've lived--and learned how to live--an extraordinary life. In our daily struggle for significance, it's imperative to realize that we are not perfect. A few mistakes are better than perfect inaction. Stories you'll read here have humbled me. I share them, knowing that we have all been humbled, chastened, and even embarrassed by our actions at various points in our lives. Often, such experiences teach us the best lessons. It reminds us that we can learn via the OPE method--other people's experiences--but that only goes so far. People can tell you about different swimmer's strokes and what to do when you get in water over your head, but ultimately, we all have to take the plunge ourselves. I did. We all do."
