readers, and visual perceptual aids.
Journey in guidelines for lipid management: From adult ...
(24 and 30 g/day, respectively). A similar reduction in LDL cholesterol can be achieved with 1.5 to 4.5 g/day of colesevelam. Bile acid sequestrants are also effective when used in combination with a statin or nicotinic acid in patients with markedly elevated plasma levels of LDL-C . The use of a bile acid sequestrant is often limited by side effects.
