If you need a reliable tool for technical documentation, this clear and concise reference will help you take advantage of DocBook, the popular XML schema originally developed to document computer and hardware projects. DocBook 5.0 has been expanded and simplified to address documentation needs in other fields, and it's quickly

becoming the tool of choice for many content providers. DocBook 5: The Definitive Guide is the complete, official documentation of DocBook 5.0. You'll find everything you need to know to use DocBook 5.0's features-including its improved content model-whether you're new to DocBook or an experienced user of previous versions. Learn how to write DocBook XML documents Understand DocBook 5.0's elements and attributes, and how they fit together Determine whether your documents conform to the DocBook schema Learn about options for publishing DocBook to various output formats Customize the DocBook schema to meet your needs Get additional information about DocBook editing and processing

This is Madness Too Wm. B. Eerdmans Publishing  
This book contains 20 papers from authors in the UK, USA, Germany and Austria. Historically, it gives examples of the influence of groundwater on battlefield tactics and fortress construction; describes how groundwater was developed for water supply and overcome as an obstacle to military engineering and cross-country vehicular movement by both sides in World Wars I and II; and culminates with examples of the application of hydrogeology to site boreholes in recent conflicts, notably in Afghanistan. Examples of current research described include hydrological model development; the impact of variations in soil moisture on explosive threat detection and cross-country vehicle mobility; contamination arising from defence sites and its remediation; privatization of water supplies; and the equitable allocation of resources derived from an international transboundary aquifer.  
Walking in Spain Critical Psychology Division S  
Here is a rhetorical treatment of Karl

Barth's early theology. Although scholars have long noted the rhetorical power of Barth's work, calling it volcanic and explosive, this book uses rhetoric to illuminate the peculiar nature of his prose. It displays a Barth whose prose is radically unstable and inseparable from his theological arguments. The author connects Barth's early theology to the Expressionism of the Weimar Republic. He develops an original theory of figures of speech, relying on the philosophies of Paul Ricoeur and Hayden White, to delve more deeply into the particular configurations of Barth's writings. Nietzsche's hyperbole and Kierkegaard's irony are examined as rhetorical precedents of Barth's style. The closing chapter surveys Barth's later, realistic theology and then suggests ways in which his earlier tropes, especially the figures of excess and self-negation, can serve to enable theology to speak today.

**Military Aspects of Hydrogeology** Alfred Music  
Want to be indispensable to your veterinary care team? Instead of memorizing drug names, elevate your understanding of the drugs used to treat animal patients with Romich's FUNDAMENTALS OF PHARMACOLOGY FOR VETERINARY TECHNICIANS, 3E. Following a body-systems approach, you build a foundation knowledge about important drugs, their actions and potentially harmful effects, diseases the drugs treat, how to administer drugs safely and most effectively, and much more. And to make what you're learning practical, chapters cover veterinary technician roles, dosage calculations, legal requirements, pharmacy

management, job duties and clinical tips. The MindTap platform also offers digital resources such as practice quizzes, games, drug updates, and other supplemental resources for use during your course, while studying for certification exams and in your career.

**Today's Technician** Foundation Books Removable cover band. 144 pages, including tabbed alphabetical pages. Elastic band place holder. Gold foil, iridescent highlights, embossed. Are you tired of losing track of the countless login/usernames and passwords that you have to create every time you visit a new website? Keep those website addresses, usernames, and passwords in one

At last, a field guide to identifying and working more than 200 knitting stitches, from stockinette to Orenburg lace! There are so many intriguing ways to knit yarn

---

that it's often tough to pick the right stitch. Help is on the way with *Field Guide to Knitting*, the stitch dictionary that belongs in every knitting bag. This handy go-to reference book takes a comprehensive look at knit and purl stitches as well as cables, laces, ribs, and edge treatments. Learn to tell k2togs from ssks and to differentiate between ribbed basketweave and basket cable. Each entry reveals the history of the stitch, the best stitch gauge for achieving pattern definition, the garments most suited to the pattern, and more. Complete patterns for executing the stitch (and its variations) are also included. More than 200 full-color photographs make it easy to compare how stitches will look before committing yarn to needles. Whether you just need to know if moss stitch is the same as seed stitch or you're planning a complicated Aran sweater, *Field Guide to*

*Knitting* has all the answers. *Pharmacokinetics: Classic and Modern* World Scientific  
This volume is aimed at those who are concerned about Chinese medicine - how it works, what its current state is and, most important, how to make full use of it. The audience therefore includes clinicians who want to serve their patients better and patients who are eager to supplement their own conventional treatment. The authors of the book belong to three different fields, modern medicine, Chinese medicine and pharmacology. They provide information from their areas of expertise and concern, attempting to make it comprehensive for users. The approach is macroscopic and philosophical; readers convinced of the philosophy are to seek specific assistance.

Our relationship with money is one that lasts a lifetime, yet traditionally books on the subject tend to take one of two routes: a) how to get more, or b) how to deal with less. John Armstrong turns these approaches upside down, and looks not at money itself, but at how we relate to it and the meaning we attach to it. How does it drive us and frighten us? Can it change the world for the better? And how much do we actually need? Offering surprising and helpful new insights, this book will encourage you to redefine

your feelings about money, and ultimately enable you to discover what is really important to you in life. One in the new series of books from The School of Life, launched May 2012: How to Stay Sane by Philippa Perry How to Find Fulfilling Work by Roman Krznaric How to Worry Less About Money by John Armstrong How to Change the World by John-Paul Flintoff How to Thrive in the Digital Age by Tom Chatfield How to Think More About Sex by Alain de Botton Re-Figuring Theology Penguin Want to take your company to the next level? You need a roadmap, a strategy. Preferably one that is simple, workable and saleable. This book provides you with just that. It sets out a straightforward strategy development process, the 'Strategy Pyramid', and guides you through it. It uses a lively central case study throughout, as well as drawing on examples of how real

businesses have developed winning strategies. Whether you are intent on growing your business, or setting out on your start-up, this book offers an uncomplicated, practical and readable guide on how to get the strategy you need for your business to succeed. It offers sound advice on the following areas: Setting goals and objectives Forecasting market demands Gauging industry competition Tracking competitive advantage Targeting the strategic gap Bridging the gap with business strategy Bridging the gap with corporate strategy Addressing risk and opportunity The FT Essential Guide to Developing a Business Strategy will help businesses of all sizes to chart and realise their growth ambitions. Wicked Words 3 Peter Pauper Press First published in 1964, Psychology and Social Problems looks at a changing society and research into problems of the time. Many of the themes in the book, such as delinquency, mental health and racial conflict, are still familiar and current topics of discussion today. Social scientists had carried out

---

extensive research into problems of bandwidth across wide area urgent public concern, yet their findings were not widely known or understood and they had often been diffident in advocating policies based on their conclusions.

Michael Argyle discussed the recent psychological and social research bearing on the origins of aggression, delinquency, mental disorder, racial and international prejudice, and industrial discontent; he went on to consider the implications of these studies for prevention and control and for the guidance of social change. This sophisticated and well-documented critique is presented with such lucidity and verve that it will appeal equally to laymen and to students and professional workers and can now be enjoyed in its historical context.

Refashioning Nature John Wiley & Sons

A guide to designing and implementing VPLS services over an IP/MPLS switched service provider backbone Today's communication providers are looking for convenience, simplicity, and flexible

networks-but with the quality of service and control that is critical for business networking applications like video, voice and data. Carrier Ethernet VPN services based on VPLS makes this a reality. Virtual Private LAN Service (VPLS) is a pseudowire (PW) based, multipoint-to-multipoint layer 2 Ethernet VPN service provided by services providers. By deploying a VPLS service to customers, the operator can focus on providing high throughput, highly available Ethernet bridging services and leave the layer 3 routing decision up to the customer. Virtual Private LAN Services (VPLS) is quickly becoming the number one choice for many enterprises and service providers to deploy data communication networks. Alcatel-Lucent VPLS solution enables service providers to offer enterprise customers the operational cost benefits of

Ethernet with the predictable QoS characteristics of MPLS. Items Covered: Building Converged Service Networks with IP/MPLS VPN Technology IP/MPLS VPN Multi-Service Network Overview Using MPLS Label Switched Paths as Service Transport Tunnels Routing Protocol Traffic Engineering and CSPF RSVP-TE Protocol MPLS Resiliency – Secondary LSP MPLS Resiliency – RSVP-TE LSP Fast Reroute Label Distribution Protocol IP/MPLS VPN Service Routing Architecture Virtual Leased Line Services Virtual Private LAN Service Hierarchical VPLS High Availability in an IP/MPLS VPN Network VLL Service Resiliency VPLS Service Resiliency VPLS BGP Auto-Discovery PBB-VPLS OAM in a VPLS Service Network *The Financial Times Essential Guide to Developing a Business Strategy* Humana MCAS Exam Secrets helps you ace the Massachusetts Comprehensive Assessment System, without weeks and months of endless studying.

Several modern interpretations of Paul's letter to the Galatians claim to uncover an underlying attitude of anti-Judaism. Michael Bachmann refutes those claims with his own detailed exegesis and astute examination of comparative material from the religious environment of that day, revealing instead how Paul embraces both Jews and Gentiles. Bachmann holds that, in the determination of meaning, the literary context of Galatians should be considered over historical background. / Nonetheless, he does engage parallels in Qumran material and archaeology as secondary methods to confirm his exegetical arguments. Through his rigorous

examination, Bachmann shows that Galatians exhibits evidence of anti-Judaism not in itself, but only in its reception. / Rich in scholarship and sound exegesis, *Anti-Judaism in Galatians?* is an ideal text for scholars and students seeking the whole truth about Paul.
