Unlock the potential of Samsung's Galaxy S II with this jargon-free guide from technology guru Preston Gralla. You'll quickly learn how to shoot high-res photos and HD video, keep your schedule, stay in touch, and enjoy your favorite media. Every page is packed with illustrations and valuable advice to help you get the most from the smartest phone in town. (Note: This book does not cover the Galaxy S3, Galaxy S4, and later models.) The important stuff you need to know: Get dialed in. Learn your way around the Galaxy S II's calling and texting features. Go online. Browse the Web, manage email, and download apps with Galaxy S II's 3G/4G network (or create your own hotspot). Master your media. Shoot and share pictures and video, organize and play your music library—and send it wirelessly to your TV or stereo. Be entertained now. Start watching movies and TV shows while they're still loading. Explore the world. Get news and weather, find a location, and navigate by GPS. Check your schedule. Use the convenient calendar app, and sync it with your Google and Outlook calendars. Preston Gralla is the author of more than 40 books, including Missing Manuals on Droid X2, Xoom, and Galaxy Tab. He's the editor of WindowsDevCenter.com and OnDotNet, and a contributing editor to Computerworld.

How many marketing messages do you think you see a day? Why do some stick with us more than others? Why do we all remember the Cadbury's gorilla drummer or the Budweiser Frogs? What do they say about the brand? How will you communicate your own marketing messages just as successfully? In this textbook, John Egan draws on years of both industry and academic experience to explain the why as well as the how of marketing communications. It covers all the essential topics that are relevant to your marketing communications course in a relatable and easy-

to-read style. 'Insight' boxes provide insight into some of the latest industry practices, and with engaging examples ranging from HSBC to James Bond, to the Arab Spring and One Direction, this textbook will not only provide you with a solid foundation for working in 'marcoms'; it will make your study fun along the way. For those looking to get ahead of their classmates and other job candidates, the textbook includes coverage of topical issues such as new technologies, ethical marketing and the regulatory environment to help you consider some of the cutting edge debates for assignments and future employment. There is also a companion website with additional study materials to help you go one further and stay ahead of the pack: study.sagepub.com/egan This textbook is essential reading for all marketing communications courses at undergraduate and postgraduate levels as well as professional courses in Marketing.

Successful entrepreneurship requires a specialized mix of innovation, drive, business acumen, and communication; an entrepreneur sees the potential and pitfalls in any idea, and understands the product, the market, and the business climate well enough to make smart decisions for the venture. This book is designed to go beyond the nuts and bolts of entrepreneurship and help students develop the critical foundation referred to as "entrepreneurial thinking." Organized to align with the typical flow of development, the text allows students to develop their own ideas alongside each lesson. Coverage of goals, opportunities, and resources includes detailed discussion of venture funding, financial resources, and the relationships needed to get an idea off of the ground; subsequent chapters include clear guidance on keeping the momentum going through product development, enterprise growth, value creation, and the evolution of the business model. Based on the latest research and providing a truly global perspective, this book gives students a comprehensive, real-world foundation in entrepreneurship today.
