The Islamic Republic of Iran is several decades into its existence and the values and legacy of the Revolution upon which it was founded continue to have profound and contradictory consequences for everyday Iranian life. Despite a powerful system of surveillance and control, an extremely lively cultural milieu exists in the country, utilising many different forms of expression, including film, theatre, music and dance. Cultural Revolution in Iran examines the diverse areas of social and cultural innovation that are driving change and progress, both negotiating and resisting government policies and censorship. While religious conservatism remains the creed of the establishment, this volume uncovers a hidden world of new technologies, social media and entertainment that speaks both to women seeking a greater public role and to a restless younger generation that organises and engages with global trends online. In this volume, Annabelle Sreberny and Massoumeh Torfeh highlight the huge range of cultural activities which allow Iranians to express themselves, voice their coded opinions in between the 'red lines' of censorship and even engage in social and civil disobedience. From film to rock music and from painting to video games, there is a vast array of cultural expression and dissent that often eludes the international observer. For example, film production in Iran is high

For example, film production in Iran is high and women directors, such as Rakhshan Bani-Etemad, Samira Makhmalbaf and Manijeh Hekmat, have come to the fore, making both popular but also prize-winning films. In addition to this, there is a vibrant music scene in Iran where many performances occur literally 'underground', in private basements, as illegal activity. Sometimes an audience has to wait patiently in the auditorium for the start of a public performance – for example, to hear Morteza Shafiei conducting the Isfahan Symphony Orchestra – whilst the organisers debate with the authorities as to whether the performance can go ahead or not. Since the publication of *The Wretched of the Earth* in 1961, Fanon's work has been deeply significant for generations of intellectuals and activists from the 60s to the present day. *Alienation and Freedom* collects together unpublished works comprising around half of his entire output – which were previously inaccessible or thought to be lost. This book introduces audiences to a new Fanon, a more personal Fanon and one whose literary and psychiatric works, in particular, take centre stage. These writings provide new depth and complexity to our understanding of Fanon's entire oeuvre revealing more of his powerful thinking about identity, race and activism which remain remarkably prescient. Shedding new light on the work of a major 20th-century philosopher, this disruptive and moving work will shape how we look at the world.

This new collection of writings on Alfred Hitchcock considers Hitchcock both in his time and as a continuing influence on filmmakers, films and film theory. The contributions, who include leading scholars such as Slavoj Zizek, Laura Mulvey, Peter Wollen, and James Naremore, discuss canonical films such as *Notorious* and *The Birds* alongside lesser-known works including *Juno and the Paycock* and

Frenzy. Articles are grouped into four thematic sections: 'Authorship and Aesthetics' examines Hitchcock as auteur and investigates central topics in Hitchcockian aesthetics. 'French Hitchcock' looks at Hitchcock's influence on filmmakers such as Chabrol, Truffaut and Rohmer, and how film critics such as Bazin and Deleuze have engaged with Hitchcock's work. 'Poetics and Politics of Identity' explores the representation of personal and political in Hitchcock's work. The final section, 'Death and Transfiguration' addresses the manner in which the spectacle and figuration of death haunts the narrative universe of Hitchcock's films, in particular his subversive masterpiece Psycho.

Frantz Fanon's psychiatric career was crucial to his thinking as an anti-colonialist writer and activist. Much of his iconic work was shaped by his experiences working in hospitals in France, Algeria and Tunisia. The writing collected here was written from 1951 to 1960 in tandem with his political work and reveals much about how Fanon's thought developed, showing that, for him, psychiatry was part of a much wider socio-political struggle. His political, revolutionary and literary lives should not then be separated from the psychiatric practice and writings that shaped his thinking about oppression, alienation and the search for freedom.

A Play Based on the Life of Malcolm Lowry *October Ferries to Gabriola* is a play inspired by the life of the notorious British novelist, Malcolm Lowry, author of the 20th century masterpiece, *Under the Volcano*. Playwright Charlotte Cameron mixes fact and fiction, moving back and forth in time from 1946 to the present day, juxtaposing the lives of Lowry and his second wife, Margerie, with the plight of a contemporary couple. Both couples are dealing with similar troubles: alcoholism, tragedy and homelessness, hopelessness, guilt and angst. Both couples come to Gabriola Island, British Columbia, seeking refuge, a place to write and love, a place of redemption and hope, creativity and rebirth. In this provocative drama, Cameron raises a host of existential questions and explores our endless quest for a paradise on earth.

[The Political Writings from Alienation and Freedom](#) Universidad de Deusto Blanchot provides a compelling insight into one of the key figures in the development of postmodern thought. Although Blanchot's work is

characterised by a fragmentary and complex style, Leslie Hill introduces clearly and accessibly the key themes in his work. He shows how Blanchot questions the very existence of philosophy and literature and how we may distinguish between them, stresses the importance of his political writings and the relationship between writing and history that characterised Blanchot's later work; and considers the relationship between Blanchot and key figures such as Emmanuel Levinas and Georges Bataille and how this impacted on his work. *Placing Blanchot at the centre stage of writing in the twentieth century*, Blanchot also sheds new light on Blanchot's political activities before and after the Second World War. This accessible introduction to Blanchot's thought also includes one of the most comprehensive bibliographies of his writings of the last twenty years.

David Bordwell's new book is at once a history of film criticism, an analysis of how critics interpret film, and a proposal for an alternative program for film studies. It is an anatomy of film criticism meant to reset the agenda for film scholarship. As such *Making Meaning* should be a landmark book, a focus for debate from which future film study will evolve. Bordwell systematically maps different strategies for interpreting films and making meaning, illustrating his points with a vast array of examples from Western film criticism. Following an introductory chapter that sets out the terms and scope of the argument, Bordwell goes on to show how critical institutions constrain and contain the very practices they promote, and how the interpretation of texts has become a central preoccupation of the humanities. He gives lucid accounts of the development of film criticism in France, Britain, and the United States since World War II; analyzes this development through two important types of criticism, thematic-explicatory and symptomatic; and shows that both types, usually seen as antithetical, in fact have much in common. These diverse and even warring schools of criticism share conventional, rhetorical, and problem-solving techniques--a point that has broad-ranging implications for the way critics practice their art. The book concludes with a survey of the alternatives to criticism based on interpretation and, finally, with the proposal that a historical poetics of cinema offers the most fruitful framework for film analysis.

Seven stories and novellas by the author of *Under the Volcano*, a master of twentieth-century fiction. For fans of the novel *Under the Volcano*, this collection of stories—many of them published for the first time posthumously—provides great insight into the author's genius. The stories range from heartfelt tragedy to exuberant triumph. In the novella "Through the Panama," a burned-out, alcoholic writer tries to make sense of the literature that has kept him afloat while the pulse of his life grows harder to distinguish. In "The Forest Path to Spring," a couple that has

survived hell finds new life in the seclusion of a vast forest. And in “ The Bravest Boat, ” a young boy sends a message across the ocean to an unknown recipient. Together, these stories reveal a writer who traveled widely, observed keenly, and maintained an engrossing literary style that still reverberates today.

Prior to becoming a psychiatrist, Frantz Fanon wanted to be a playwright and his interest in dialogue, dramatisation and metaphor continued throughout his writing and career. His passion for theatre developed during the years that he was studying medicine, and in 1949 he wrote the plays *The Drowning Eye* (L'Œil se noie), and *Parallel Hands* (Les Mains parallèles). This first English translation of the works gives us a Fanon at his most lyrical, experimental and provocative.

This Is Not a Tragedy examines David Markson’s entire body of work, ranging from his early tongue-in-cheek Western and crime novels to contemporary classics such as Wittgenstein’s *Mistress* and *Reader’s Block*. Having begun in parody, Markson’s writing soon began to fragment, its pieces adding up to a peculiar sort of self-portrait—doubtful and unsteady—and in the process achieving nothing less than a redefinition of the novel form. Written on the verge of silence, David Markson’s fiction represents an intimate, unsettling, and unique voice in the cacophony of modern letters, and *This Is Not a Tragedy* charts Markson’s attempts to find, in art and language, the solace denied us by life. from *This Is Not a Tragedy*: “ How much of myself is in there? It’s all me. Especially in *Reader’s Block*, all that personal stuff re: Reader and/or Protagonist, ex-wife, ex-galfriends, children, lack of money, isolation, messed-up life, and/or some items dictated by novelistic necessity—and of course there is necessary invention there also, e.g., a house at a cemetery—but even little items like a couple of yellow stones from Masada or a reproduction of Giotto’s *Dante*—I plucked up whatever was ready at hand. Is that laziness, or is it what they speak of as using what one knows? Take your

pick. ” —David Markson to Françoise Palleau-Papin

Les contributions regroupées dans cet ouvrage visent à comprendre les relations et influences à travers le temps entre l’Europe et les États-Unis. S’il existe des différences importantes entre le modèle de société américain et européen, si à certains moments de notre histoire, même récente, des divergences sont apparues, il est essentiel de rappeler les multiples convergences entre ces deux continents. Le couple euro-américain n’est pas un mythe et les évolutions géopolitique et géoéconomique futures ne devraient que l’inciter à approfondir et à intensifier les relations transatlantiques. Outre l’importance de l’objet d’étude traité, cet ouvrage produit une analyse pluridisciplinaire essentielle à la compréhension du sujet et s’appuie sur des auteurs ayant un regard multiculturel. The contributions gathered in this volume seek to understand the relations and influences across time between Europe and the United States. If there are significant differences between the model of American and European society, if at some point in our history, even recent, some divergences emerged, it is important to remember the numerous similarities between these two continents. Euro-American couple is not a myth and the future geopolitical and geo-economic developments should encourage them to deepen and strengthen transatlantic relations. Besides the importance of the treated study topic, this work supplies a multidisciplinary analysis, essential to the understanding of the subject and is based on authors having a multicultural view.

Frantz Fanon’s political impact is difficult to overestimate. His anti-colonialist, philosophical and revolutionary writings were among the most influential of the 20th century. The essays, articles and notes published in this volume cover the most politically active period of his life and encapsulate the breadth, depth and urgency of his writings. In particular, they clarify and amplify his much-debated views on violent resistance. These works provide new complexity to our understanding of Fanon and reveal just how relevant his thinking is to the contemporary world and how important his ideas are to changing it.

A quartet of the British novelist’s finest works of fiction, including “ *Lowry’s masterpiece*, ” *Under the Volcano* (Los Angeles Times). Malcolm Lowry was an author who poured his soul into his prose, including his struggle with his own demons. Of his most famous work, *Under the Volcano*, Dawn Powell wrote:

“ You love the author for the pain of his overwhelming understanding. ” In the New York Herald Tribune, Mark Schorer commented that few novels “ convey so feelingly the agony of alienation, the infernal suffering of disintegration. ” D. T. Max wrote in the New Yorker: “ [Lowry’s] portrait of an unravelling drunk was unnervingly intimate. ” Honored by the Modern Library as one of the one hundred best English language novels of the twentieth century, *Under the Volcano* is widely acknowledged as “ *Lowry’s masterpiece* ” (Los Angeles Times). In this novel and the other works of fiction gathered here, the reader follows Lowry as he confronts the abyss, but also shares in his eternal hope for transcendence. *Ultramarine*: Lowry’s debut novel, and the only book, other than *Under the Volcano*, published in his lifetime, is the coming-of-age story of Dana Hilliot, who escapes the bourgeois provincialism of his upper-class British upbringing by joining a crew of weathered, world-weary sailors on a freighter bound for South Asia. Part *Moby-Dick*, part *A Portrait of the Artist as a Young Man*, *Ultramarine* draws on Lowry’s own early experience on the sea. *Hear Us O Lord from Heaven Thy Dwelling Place*: Published posthumously, these seven stories and novellas include “ *Through the Panama*, ” in which a burned-out, alcoholic writer on a voyage from Vancouver to Europe tries to make sense of the literature that has kept him afloat, while the pulse of his life grows harder to distinguish, and “ *The Forest Path to Spring*, ” about a couple that has been through hell finding new life in the beauty and seclusion of a vast forest. “ [These] stories and novellas afford glimpses of the whole toward which Lowry was striving. ” —The New York Times *Under the Volcano*: Former British consul Geoffrey Firmin lives alone with his demons in the shadow of two active volcanoes in South Central Mexico. *Drowning in alcoholism*, Geoffrey makes one last effort to salvage

his crumbling life when his estranged wife, Yvonne, arrives in town on the Day of the Dead, 1938. “ One of the towering novels of [the twentieth] century. ” —The New York Times
October Ferry to Gabriola: Edited by Lowry ’ s widow and frequent collaborator, and released more than a decade after his untimely death, October Ferry to Gabriola is the story of a married couple striving for renewal, sanity, and transcendence in the deep seclusion of the British Columbian forest. “ What awaits [the reader] is worth the effort: a species of ecstatic, lyrical prose that has all but gone out of existence. ” —The New York Times
