### Why is my Audi Check Engine Light ON?

At present, the designation of the Audi A6 engines and their volumes are not indicated in the vehicle's passport. Only horsepower and kilowatts. This circumstance complicates the selection of auto parts, as it is necessary to decode the VIN code of the car, and for cars up to the 98th year of release this can not be done. How do I find out the car's engine code ??

### Code from Audi and VW engines - CAR-BOCK

Safety Information—Import ant Safety Instructions iv Safety messages contain th ree different type styles:
