Its about what you infatuation currently. This Audi Engine Mount Solenoid Valve N144 N145, as one of the most functional sellers here will unconditionally be in the course of the best options to review.

Audi has Error Code N144 Open Circuit P1573_00 [108].

Oddly, there isn't technically a solenoid built into the mount, rather just a sensor which, when the mount starts to collapse, closes a circuit which then sends a fault code to the engine management computer. There have been a few different part numbers for this mount: 4B3 199 379K. and . 4B3 199 379M
