Fuel Economy Guide Cambridge University Press

"To understand the history and spirit of America, one must know its wars, its laws, and its presidents. To really understand it, however, one must also know its cheeseburgers, its love songs, and its lawn ornaments. The long-awaited Guide to the United States Popular Culture provides a single-volume guide to the landscape of everyday life in the United States. Scholars, students, and researchers will find in it a valuable tool with which to fill in the gaps left by traditional history. All American readers will find in it, one entry at a time, the story of their lives."--Robert Thompson, President, Popular Culture Association.

"At long last popular culture may indeed be given its due within the humanities with the publication of The Guide to United States Popular Culture. With its nearly 1600 entries, it promises to be the most comprehensive single-volume source of information about popular culture. The range of subjects and diversity of opinions represented will make this an almost indispensable resource for humanities and popular culture scholars and enthusiasts alike."--Timothy E. Scheurer, President, American Culture Association "The popular culture of the United States is as free-wheeling and complex as the society it animates. To understand it, one needs assistance. Now that explanatory road map is provided in this Guide which charts the movements and people involved and provides a light at the end of the rainbow of dreams and expectations."--Marshall W. Fishwick, Past President, Popular Culture

Investing From E-1 to

O-10 AuthorHouse

Cars & Parts Cambridge University Press

A comprehensive and authoritative single-volume reference work on the theatre arts of Asia-Oceania. Nine expert scholars provide entries on performance in twenty countries from Pakistan in the west, through India and Southeast Asia to China, Japan and Korea in the east. An

introductory pan-Asian essay explores basic themes - they include ritual, dance, puppetry, training, performance and masks. The national entries concentrate on the historical development of theatre in each country, followed by entries on the major theatre forms, and articles on playwrights, actors and directors. The entries are accompanied by rare photographs and helpful reading lists.

Military Member's Guide to Investing From E-1 to O-10 Carson-Dellosa Publishing

This Citizen ' s Guide addresses the public policy issues of terrorism and counterterrorism in the United States after Bin Laden ' s death. Written for the thinking citizen and student alike, this succinct and up-to-date book takes a "grand strategy" approach toward terrorism and uses examples and issues drawn from present-day perpetrators and actors. Christopher Harmon, a veteran academic of military theory who has also instructed U.S. and foreign military officers, organizes his book into four sections. He first introduces the problem of America ' s continued vulnerability to terrorist attack by reviewing the long line of recent attacks and attempts against the U.S., focusing specifically on New York City. Part II examines the varied ways in which the U.S. is already fighting terrorism, highlighting the labors of diverse experts, government offices, intelligence and military personnel, and foreign allies. The book outlines the various aspects of the U.S. strategy, including intelligence, diplomacy, public diplomacy, economic counterterrorism, and law and law-making. Next, Harmon sketches the prospects for further action, steering clear of simple partisanship and instead listing recommendations with pros and cons and also including factual stories of how individual citizens have made a difference in the national effort against terrorism. This concise book will contribute to our understanding of the

problems surrounding terrorism and counterterrorism—and the approaches the United States may take to meet them—in the early 21st century

Slovakia Country Study Guide Volume 1 Strategic Information and Developments

Rand Corporation

There are so many books on so many aspects of the history of the United States, offering such a wide variety of interpretations, that students, teachers, scholars, and librarians often need help and advice on how to find what they want. The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography. Each of the 600 entries on topics in political, social and economic history describes and evaluates some 6 to 12 books on the topic, providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs. The entries are devoted to events and individuals, as well as broader themes, and are written by a team of well over 200 contributors, all scholars of American history.

Schroeder's Collectible Toys Price Guide Penguin
