Audi V8 Study Guide
Audi's A5 is essentially
an A4 with a more
expensive body style. The
Sportback, coupe and
cabriolet each employ the
same engine as the A4.
S5 Sportback, coupe and

cabriolet versions use the
same 3.0-liter V6 found in
the S4.. The even-sportier
RS 5 sportback and coupe
models use a 2.9-liter twin-
turbo V6 that let it
accelerate from 0-60 mph
in 3.7 seconds.
