Audiolab Preamp - 8000c Audiolab Power Amp -8000p I love the fact that these puppies insist on you hearing what was meant to be heard and does the quiet bit brilliantly then surprises you with so much kick in the oomp of the music. At first I thought OMG booooooring. Audiolab 8000P - Manual - Stereo Power Amplifier - HiFi Engine Lo folks, I'm interested in getting an Audiolab pre/power combination and was looking at buying a 2nd hand 8000A integrated (60w) and then in the hopefully not too distant future upgrading with a 8000P power amp (100w), using the pre-amp section of the 8000A (and possibly playing with bi-amping using both available power amp's).

Audiolab 8000A Amplifiers user reviews : 4.3 out of 5 - 34 ... This review first appeared in the October 2007 issue of fairaudio.de and can be read in its original German version here.It is herewith translated and presented to an English-only audience through a mutual syndication arrangement with fairaudio.de whereby they will translate and publish select reviews of ours while we reciprocate with one or two of theirs each month.

Audiolab 8000c Manual

Seandtaylor is correct, had an Audiolab 8000c from new for over 10 years, sold it to a friend 4 years ago, still going strong. Its pretty neutral has a good phono stage and performs way above its price range. If it is at a reasonable price buy it. Here in the UK Audiolab amps hold their prices well and are much sought after.

The Audiolab 8000A integrated amplifier is an old friend. I have listened to this amplifier for the better part of fifteen years. To me, it feels like coming home. It is a full functioning, integrated amplifier (including a MC and MM phono stage). Well-built chassis-terrible sheet metal. The front ...

Hi all, over this week I've been trying the preamps and low and behold, I've decided to keep the Audiolab 8000C. Seems to feed the Kabers with a very balanced and smooth signal. The NAD is good as well but just a tad bright in my system. The Rotel has been left somewhere around the last bend. It's completely out of the running.
