Jones' medications when the nursing home calls to see if it's OK to treat her acutely elevated blood pressure with some atenolol? Handheld computers are emerging as the stethoscopes of the twenty-first century, and no clinician should be without this essential tool. These small, easy-to-use devices are now powerful enough to help clinicians manage information and make medical decisions at the point of care. This comprehensive how-to guide targets all levels of handheld computer users, from novices to experts, and demonstrates how to make the most of handheld computers in any medical practice. Designed with easy-to-understand, hands-on exercises for each new skill presented, this book begins with choosing a handheld and "getting to know" your new device. It then progresses through downloading and installing software, using charge capture and e-prescription programs, Internet and evidence-based resources for your device, designing and programming your own programs, and going wireless. Written by three experienced family medicine clinicians, *Handhelds in Medicine* is designed to improve every day practice for any busy

---

health professional. There are chapters written for and by nearly every health professional, including nurses, physician assistants and speech pathologists. Reviews of handheld devices and websites will be kept current at [www.handheldsinmedicine.com](http://www.handheldsinmedicine.com)

THE STORY: No men are onstage, but their presence is felt everywhere in this office comedy for the new millennium. Two generations of women, career secretaries in their forties and entry-level assistants in their twenties, gather in the break room Plunkett's Transportation, Supply Chain & Logistics Industry Almanac In this book, the author presents a new interpretation of the origin of judicial review. She traces the development of judicial

review from American independence through the tenure of John Marshall as Chief Justice, showing that Marshall's role was far more innovative and decisive than has yet been recognized. According to the author all support for judicial review before Marshall contemplated a fundamentally different practice from that which we know today. Marshall did not simply reinforce or extend ideas already accepted but, in superficially minor and

---

disguised ways, effected a radical transformation in the nature of the constitution and the judicial relationship to it. Canada in Flanders
