"If you're ever going to master your emotions, the first order of business is to get out of your feelings."

From the book "Spirit Check"

Your attitude, behavior and mindset define your spirit, which is the seat of your emotions. Through the lens of self examination, five bold and common emotions + character flaws are exposed that derail personal, spiritual success and growth.

In Spirit Check, Michelle Collins provides a persuasive commentary on the five [jealousy, intimidation, fear

pride and anger], with practical solutions for immediate implementation to transform the mind, soul and spirit. Discover how biblical principles and practical solutions can aid in your goal to become whole and spiritually healthy. Commit to a healthier more excellent way of mastering your emotions, masterfully.

The God Portal e-artnow

An outrageous adventure story of snot slinging disaster and tear fetch laughter. Based on a true story about a crew of misfits; who become birds at will, launching into the wild blue yonder, soaring eye to eye with golden eagles, circling around white mountain peaks and over dark green jungles. Crazy Tuesdays CreateSpace

This is true story about real people is set in Edinburgh City and Dundee, where a petite

Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and "needs no help from anyone, thank you" - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her beliefs about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a

regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

What is an authentic purpose of a man's life today? What does manhood have to do with purpose? How does a man discern the call of purpose? This is a book about the psychospiritual path to a meaningful, healthy and fulfilling manhood. It is written for any man who is starting to question his life's purpose. It is written for the man who, as he is climbing the ladder of success, is starting to realize that the ladder is on the wrong wall. Toward Manhood is about the inevitable crisis of meaning and life direction that most men in modern culture will ultimately face. This book is based on psychological and spiritual principles lost in the modern Western world that still endure after thousands of years. Using archetypal puberty initiation rituals that have always led toward a purposeful life Toward Manhood translates this indigenous practice into a modern understanding of healthy psychological and spiritual maturity. The old and the new come together in this book to create a modern model of manhood that is worthy of the inner pain and struggle it

takes to brave the wilderness of the soul's identity.

Holding Back The Tears About Comics

Calliope is a literary novel. In its simplest form, it is the story of a man longing to become the young, idealistic person he once was when the world seemed completely open to promise. It is the desire to re-experience life with all the naiveté and hope of romantic youth. In its allegorical form, the story explores such themes as purpose, morality, social convention, materialism and happiness. When the protagonist meets an orange-haired girl, his life is forever altered. Her name is Calliope, and what occurs throughout the rest of the novel is a wild, episodic fugue. The flight becomes a frenetic interlacing through wilderness and civilization, this being an allusion to Jean-Jacques Rousseau's Discourse on Inequality. The wilderness comes to represent a path back to the primal self, while civilization is more dubious representing both the potential for corruption, as well as the great heights of artistic and rational endeavors. Yet while on the journey, the protagonist is forced to look at life anew in part due to the somewhat unscrupulous efforts of Calliope. Morality is examined through the eyes of Calliope, who is by all intensive purposes Greek, which means pre-Christian. Her moral code is not affected by the guilt of Christianity. Her nakedness throughout the novel in part symbolizes a complete lack of shame. As for her beliefs, an understanding of Friedrich Nietzsche's perspectivism best represents her values. This allows the protagonist an opportunity to erase everything that he has learned. All custom, all forms of etiquette, religious belief, habit and convention must be forgotten in order to re-experience the world with the sense of wonderment he so eagerly longs for. With no ties to the world, he embarks upon an epic voyage of silliness and profound examination. Lured along by this electric, orange-haired muse, he becomes convinced that she is either bent upon his supreme salvation or utter damnation. What is so amazing about the entire journey is where they both end up—a location which seems to be the last place the protagonist was in complete control of his destiny. Therefore, a true chance to begin again is perhaps realized.

Have you ever wondered: What it's like to daily bet hundreds of thousands of dollars working for some of the largest professional gamblers in Las Vegas? ... How to spend a summer house sitting one of the biggest stars in the world's 11,000 square-foot mansion - without an invitation from it's celebrity owner ... Whether the life of crime - specifically, running a shoplifting ring in a middle American mall - pays? ... What causes a son to finally say enough is enough ... and decide "Today is the day I am going to kill my dad." Comedian Brandt Tobler has the answers in this funny, touching and sometimes downright unbelievable memoir of a small town Wyoming-kid turned "mall-fia" don, turned nationally touring comic. Brand tells his life story with candor, detailing the many pit stops, wrong turns, crazy connections and lucky breaks he experienced along the way to his comedy career, all while trying to balance a toxic relationship with his unreliable jailbird dad. In these pages Brandt will make you laugh (he better - it's his job!) and believe as he does that, when it comes to defining family, blood isn't always thicker than water. -- back cover. Citadel

It began as a vacation out west for Jim Wagner and his family...until Jim discovers his brother, particle physicist Dr. Warren Wagner, is missing from his Nevada home. The mystery leads to the desert laboratory of corporate giant Forsythe-Hammond. There Jim discovers the truth behind Warren's disappearance and its connection to the company's deepest secrets, a technology where faith and science collide. It's the beginning of a thrilling and dangerous adventure to rescue his brother. Jim is joined by the affable Lyle Bumgardner, particle physicist and atheist at heart; and by Dr. Lawrence Macklin, devout Christian and Biblical scholar. Their odyssey becomes destiny, a struggle for survival and a quest for truth, leading them to a place where Christian faith and secular atheism alike will be put to the test. Their journey puts them on the trail of the historical Jesus...

Based on over 45 years of research, BioGeometry Signatures are linear diagrams that help balance the subtle energy of body organs. The organ subtle energy patterns are accessed through BioGeometry Signatures placed externally in the body's energy fields to create a connection through Resonance of Shape. "This is a book that will change the way you think about your body and your health. It shows that we are not separate from the shapes, angles and proportions that surround us all the time, and that these shapes create energetic patterns that can introduce equilibrium and harmony into our own biological makeup. This is a modern science of energy balancing that provides the key to the hidden ancient knowledge of great civilizations. With BioGeometry, Dr. Ibrahim Karim has demonstrated how powerful simple shapes can be in altering the functioning of our physical, mental, and spiritual worlds. This has been frequently demonstrated in architectural and design projects, environmental balancing solutions including the mitigation of the effects of electro-pollution and geopathic stress, in health and wellness projects, and in the efforts of individuals in their personal spiritual development. In this book on BioGeometry Signatures, once again you see how powerful certain carefully created shapes can be in altering the physical functioning of organ systems, in supporting healing, and in changing physical and mental states. Work with them, let them touch you, and feel how they can assist you in your own search for harmony." Michael

J. Maley, Ph.D. Instructor in BioGeometry

Algebra 2 Springer Science & Business Media

If you're looking for a laugh-out-loud, feel-good book that will engage you from start to end, look no further than here. Author Sue Stearns's debut work is a fast and funny read that is sure to put a cheek-to-cheek grin on your face and reawaken your inner child. Crazy Tuesdays is a highly entertaining collection of short stories, anecdotes, and insights plucked from Stearns's personal life experiences as a mother of two rebellious toddlers, Minka and Cooper. The stories focus on her kids and explain what a typical Tuesday is like in their home, although what's typical for them is not typical for most. Tuesday is the day of the week when the entire Stearns family gets together, lets loose, and does the messiest, wildest activity or craft they can think of. From taking mud baths outside to flailing paint on household walls covered with sheet metal, the Stearns family has had some pretty wild and crazy Tuesdays. As mother Stearns shares how each new Tuesday brings a new adventure for her clan, she peppers her pieces with a lighthearted humor and spirited enthusiasm which, on its face, situates Crazy Tuesdays as a must-read for those seeking first and foremost to be amused. Also a college graduate and military wife, let's not forget that Stearns is a mom-and as a general rule, moms have a funny way of being able to sneak a lesson or two into even the most obvious forms of fun. What Stearns accomplishes in Crazy Tuesdays is no exception to this rule. As she delivers spleen-splitting stories, she also imparts a meaningful message: Parenting can be exhausting, but even in the midst of all the chaos and confusion, there is always something to laugh about. You just have to find it. And if Stearns was able to find it, there's hope for you, too.

Choochie- Maloochie Barron's Educational Series

Dave Adams is a teenager standing at a crossroads in his life. He's lonely, a bully in need of direction. Through the pages of an ancient, leather-bound journal, Dave makes contact with an ancestor, James Adams, captain of a seventeenth century sailing-ship. Captain Adams is also straddling a fence, and the life of an honest sea-going merchant pales in comparison to the excitement and opportunities available for a captain willing to do what it takes to get ahead. Will the captain's

decisions take him and his crew where they want to go? And how will those decisions affect Dave as he makes his way through high school and finds his first summer job? *Pirate Journey* explores the parallel lives of a scurvy sea captain and a high school bully as they make decisions and face the consequences of their choices, both good and bad.

In *The Conversation That Matters Most*, DeWitt Rowe takes his readers on a unique and fascinating journey of self-exploration and discovery. The author not only guides us toward a complete reevaluation of how we view success; he convinces us that the way we define it and pursue it must also be reexamined. How often do we stop and question the assumptions that have defined us? Are we more intelligent than we have been led to believe? Do our idiosyncrasies make us strange...or simply unique? How often do we make a decision based on what's expected of us, rather than on our innate sense of what works? DeWitt delves into areas that are rarely discussed, areas that reward us with a richness of comprehension, awareness, discovery, and wisdom. Every page is a reminder of the control we have over our lives if only we can understand how to use that control in a positive and result-oriented manner. Utilizing this book's guides and lessons, we can be assured of a fuller and more satisfying life.

“ The story of one of the most prolific, independent, and iconoclastic inventors of this century...fascinating. ” —Scientific American
Nikola Tesla (1856-1943), credited as the inspiration for radio, robots, and even radar, has been called the patron saint of modern electricity. Based on original material and previously unavailable documents, this acclaimed book is the definitive biography of the man considered by many to be the founding father of modern electrical technology. Among Tesla ' s creations were the channeling of alternating current, fluorescent and neon lighting, wireless telegraphy, and the giant turbines that harnessed the power of Niagara Falls. This essential biography is illustrated with sixteen pages of photographs, including the July 20, 1931, Time magazine cover for an issue celebrating the inventor ' s career. “ A deep and comprehensive biography of a great engineer of early electrical science--likely to become the definitive biography. Highly recommended. ” --American Association for the Advancement of Science “ Seifer's vivid, revelatory, exhaustively researched biography rescues pioneer inventor Nikola Tesla from cult status and restores him to his rightful place as a principal architect of the modern age. ”

--Publishers Weekly Starred Review “ [Wizard] brings the many complex facets of [Tesla's] personal and technical life together in to a cohesive whole....I highly recommend this biography of a

great technologist. ” --A.A. Mullin, U.S. Army
Space and Strategic Defense Command,
COMPUTING REVIEWS “ [Along with A

The Instructor Brandt Tobler

As eighteen-year-old Cheryl Hunter escapes rural Colorado for the bright lights of Europe, she does so with nothing more than an over-packed suitcase and a dream. Once there, her mind is bent on solving one problem alone: how does a small-town cowgirl pull off the feat of becoming an international supermodel? When Cheryl is abducted, raped and brutally beaten instead, she is faced with solving a much bigger problem: how does she survive? Using her journey of rising from the ashes as fuel, Hunter delivers a step-by-step method that can be applied by anyone who has ever dealt with less-than-favorable circumstances. In a world where—let ’ s face it—life often hijacks our personal agendas, Cheryl shows you how to immediately take back the reins, design a life you love, and become the unstoppable force of nature you were born to be.
