This is the essential guide to all Jaguar XJ models from 2003 to 2009. An important read for any potential owner, but also a constant reference guide to keep with you when viewing a car. It will help you identify the model that suits you, what to look for when inspecting a car, and will provide you with all the necessary procedures to ensure the car is actually what it appears to be. It will identify some of the pitfalls to avoid, help you decide on exactly how to buy – from a dealer, private sale, or auction – and how to get the best possible car for your money. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 11.0px Arial} The X350s are the last with what many would call 'traditional Jaguar' styling, yet they embody many technological advances. Therefore it is even more important to study the subject closely and inspect cars thoroughly before purchase. This book is the perfect pocket guide for that purpose.

The Jaguar XJR-9 is the Group C sports racing car built by Jaguar for the 1988 racing season, winning on its debut at the Daytona 24 Hours, and going on to take victory at the Le Mans 24 Hours (Jaguar's first win at the French classic since 1957). The car also took Jaguar to victory in the 1988 Teams' World Championship, and Drivers' World Championship with Martin Brundle. Works cars ran in the American IMSA Championship (running in Castrol livery), as well as the World Sports Car Championship. The XJR-9 is one of the most evocative sports-racing cars of the 1980s, thanks to its success, instantly recognizable Silk Cut livery, and unforgettable V12 engine note. This Manual tells the complete design and engineering story of the XJR series of sports-racing cars, focusing on the XJR-9, and featuring extensive input from many of the engineers and drivers involved.
