About Automotive Engineering: The Engineering in Automotive Industry is a university degree, which grants the title of Engineer in Automotive Industry. It has a curriculum of 4 (four) years, consisting of approximately 4,000 hours of class. [ASM Handbooks - dl.asminternational.org](#)  
 We present a variational framework for the development of partitioned solution algorithms in structural mechanics. This framework is obtained by decomposing

---

the discrete virtual work of an assembled structure into that of partitioned substructures in terms of partitioned substructural deformations, substructural rigid-body displacements and interface forces on substructural partition boundaries.
