Employment Discrimination Law "O'Reilly Media, Inc." Profit Brand presents a results-driven view of branding that any CEO or CFO would applaud. While branding strategies often concern themselves with "awareness," "visibility," "impact," and "image," author Nick Wreden shifts the focus to the bottom line. He offers a comprehensive metrics-based approach to branding that allows companies to link branding activities directly with profits. Wreden looks at the inefficiencies of traditional branding strategies that stress customer acquisition over customer retention. Customer loyalty, he argues, is the key to delivering profitability. With this in mind, he explores loyalty schemes, the need to own the customer experience, and the means of leveraging allies as brand ambassadors. He covers topics such as segmentation, optimization, pricing, and communication strategies and explores accountability systems such as six sigma, CRM, and scorecards. Citing examples from global brands such as IBM, Disney, Amex and KLM, the book highlights marketing practices both good and bad. Managing Online Reputation Cisco Press

For more than thirty years, humankind has known how to grow enough food to end chronic hunger worldwide. Yet

while the "Green Revolution" succeeded in South America and Asia, it never got to Africa. More than 9 million people every year die of hunger, malnutrition, and related diseases every year - most of them in Africa and most of them children. More die of hunger in Africa than from AIDS and malaria combined. Now, an impending global food crisis threatens to make things worse. In the west we think of famine as a natural disaster, brought about by drought; or as the legacy of brutal dictators. But in this powerful investigative narrative, Thurow & Kilman show exactly how, in the past few decades, American, British, and European policies conspired to keep Africa hungry and unable to feed itself. As a new generation of activists work to keep famine from spreading, *Enough* is essential reading on a humanitarian issue of utmost urgency.
