Effective Depositions is a comprehensive, practical guide through every stage of the deposition process. It concisely covers the law of depositions and related discovery issues and gives you a clear, thorough understanding of the process and its practical challenges and pitfalls so that you can make the best use of the opportunities the process offers. It contains numerous case studies and clearly-explained examples, in addition to models, sample forms and checklists.

CCNP and CCIE Data Center Core DCCOR 350-601 Official Cert Guide "O'Reilly Media, Inc."

"This is teaching at its best!" --Hans Camenzind, inventor of the 555 timer (the world's most successful integrated circuit), and author of Much Ado About Almost Nothing: Man's Encounter with the Electron (Booklocker.com) "A fabulous book: well written, well paced, fun, and informative. I also love the sense of humor. It's very good at disarming the fear. And it's gorgeous. I'll be recommending this book highly." --Tom Igoe, author of Physical Computing and Making Things Talk Want to learn the fundamentals of electronics in a fun, hands-on way? With Make: Electronics, you'll start working on real projects as soon as you crack open the book. Explore all of the key components and essential principles through a series of fascinating experiments. You'll build the circuits first, then learn the theory behind them! Build working devices, from simple to complex You'll start with the basics and then move on to more complicated projects. Go from switching circuits to integrated circuits, and from simple alarms to programmable microcontrollers. Step-by-step instructions and more than 500 full-color photographs and illustrations will help you use -- and understand -- electronics concepts and techniques. Discover by breaking things: experiment with components and learn from failure Set up a tricked-out project space: make a work area at home, equipped with the tools and parts you'll need Learn about key electronic components and their functions within a circuit Create an intrusion alarm, holiday lights, wearable electronic jewelry, audio processors, a reflex tester, and a combination lock Build an autonomous robot cart that can sense its environment and avoid obstacles Get clear, easy-to-understand explanations of what you're doing and why

Make: Electronics Cengage Learning

This book explores how enhancing the collection, accuracy, and management of data can aid in identifying vulnerable neighborhoods, understanding the role of older buildings, and planning sustainable growth. For preservation to play a dynamic and inclusive role, policy must evolve beyond designation and regulation and use evidence-based research.

The Manual of Tests and Criteria contains criteria, test methods and procedures to be used for classification of dangerous goods according to the provisions of Parts 2 and 3 of the United Nations Recommendations on the Transport of Dangerous Goods, Model Regulations, as well as of chemicals presenting physical hazards according to the Globally Harmonized System of Classification and Labelling of Chemicals (GHS). As a consequence, it supplements also national or international regulations which are derived from the United Nations Recommendations on the Transport of Dangerous Goods or the GHS. At its ninth session (7 December 2018), the Committee adopted a set of amendments to the sixth revised edition of the Manual as amended by Amendment 1. This seventh revised edition takes account of these amendments. In addition, noting that the work to facilitate the use of the Manual in the context of the GHS had been completed, the Committee considered that the reference to the "Recommendations on the Transport of Dangerous Goods" in the title of the Manual was no longer appropriate, and decided that from now on, the Manual should be entitled "Manual of Tests and Criteria".

What Every Driver Must Know ASE Test Prep: Automotive Tech

An indispensable guide to dealing with challenging, childish boss behavior and building a great career, with laugh- out-loud humor built in. Based on extensive interviews among workers, managers and psychologists, Tame Your Terrible Office Tyrant™ draws hilarious but true parallels between toddlers and managers. When under stress, both often have trouble moderating their power, or lose the ability to think rationally. Traits in common include tantrum-throwing, demanding, stubborn, moody, fickle, self-centered, needy and whiny behavior. BADD (Boss Attention Deficit Disorder) is discussed as part of “ Short Attention Spans. ” There are 20 chapter traits in all, divided into “ Bratty ” and “ Little Lost Lamb ” categories, for easy reference, including real anecdotes and many useful tips. When bad bosses run amok in companies, nobody wins. This book shows readers how to build positive relationships with even the most out-of-control boss, and still thrive in your job. The key to success lies in dealing with a Terrible Office Tyrant (or TOTTM) much like a parent deals with a troublesome toddler. With true stories and time-tested solutions, this is the perfect guide managing a boss stuck in his Terrible Twos. Taylor takes you behind all the bossy blustering, so that you can focus on getting ahead — and achieve career excellence. Savvy top management will also gain insight on what not to do with their team. They know that Terrible Office Tyrant (TOT) managers may not be in plain sight (they don ’ t leave juice stains on the hallway carpet!) But they do wreak havoc on the bottom line. A special section helps senior management and Human Resource departments mitigate TOT behavior for a more productive workplace.

The law of sexual harassment is constantly evolving, and the number of sexual harassment claims is dramatically on the rise. Sexual Harassment in the Workplace, Fourth Edition, is a comprehensive guide that provides all the

information you need to successfully litigate a sexual harassment claim. Sexual Harassment in the Workplace guides you through the relevant administrative and legal proceedings, from client interviews to attorney's fees. It discusses state and federal remedies available to maximize recovery, including: The development and elements of the claim Sample pleadings Discovery documents Reviews of actual cases Special attention is given to important topics such as: Suits by alleged harassers Insurance indemnification Class actions And many others Sexual Harassment in the Workplace brings you up to date on the latest case law developments, including the following: A new checklist of items to cover when representing an employer The U.S. Supreme Court confirmed that retaliation is actionable under Title IX where a girls' high school basketball coach claimed that he suffered retaliation for complaining about sexual discrimination in the athletic program of the school, even though he himself was not the direct victim. Jackson v. Birmingham Board of Education, 544 U.S. 167 (2005) In order to increase opportunities for mediation, the EEOC expanded the charges eligible for mediation and now mediation is available at the conciliation stage, after a finding of discrimination has been issued, in appropriate cases The U.S. Supreme Court has held that under the Federal Arbitration Act, where parties to an arbitration agreement include a provision that delegates to the arbitrator the threshold question of enforceability of the arbitration agreement, if a party specifically challenges the enforceability of the entire agreement, the arbitrator would consider the challenge. If, however, the party only challenges the enforceability of the arbitration provision, the challenge must be heard by a court. Rent-A-Center, West Inc. v. Jackson, 130 S. Ct. 2772 (2010) The lack of timeliness in filing a discrimination action is an affirmative defense and the burden of proof is on the employer. Salas v. Wisconsin Department of Corrections, 493 F.3d 913, 922 (7th Cir 2007) A federal employee's premature filing of a sexual harassment employment discrimination and retaliation complaint did not constitute a failure to exhaust administrative remedies so as to deprive the district court of subject-matter jurisdiction. Brown v. Snow, 440 F.3d 1259 (11th Cir. 2006) A majority of states impose a shorter period for filing with their agencies, though, so the filing deadline is not always extended when a state has its own agency The andquot;single filing ruleandquot; - under which a party who has not filed an EEOC charge or received a right-to-sue notice may andquot;piggybackandquot; his or her judicial action on the claim of a party who has satisfied those prerequisites - has been described as a andquot;carefully limited exceptionandquot; to Title VII's procedural requirements. Price v. Choctaw Glove and Safety Co., 459 F.3d 595 (5th Cir. 2006) Provided that an act contributing to the claim occurs within the filing period, the court may consider the entire period of the hostile environment for purposes of determining liability. Jordan v. City of Cleveland, 464 F.3d 584 (6th Cir. 2006) The Supreme Court has held that a plaintiff's timely filing of an EEOC intake questionnaire, which was followed by an affidavit stating andquot;Please force Federal Express to end their age discrimination . . .andquot; constituted a charge, cautioning, however, that its permissiv

Profit Brand presents a results-driven view of branding that any CEO or CFO would applaud. While branding strategies often concern themselves with "awareness," "visibility," "impact," and "image," author Nick Wreden shifts the focus to the bottom line. He offers a comprehensive metrics-based approach to branding that allows companies to link branding activities directly with profits. Wreden looks at the inefficiencies of traditional branding strategies that stress customer acquisition over customer retention. Customer loyalty, he argues, is the key to delivering profitability. With this in mind, he explores loyalty schemes, the need to own the customer experience, and the means of leveraging allies as brand ambassadors. He covers topics such as segmentation, optimization, pricing, and communication strategies and explores accountability systems such as six sigma, CRM, and scorecards. Citing examples from global brands such as IBM, Disney, Amex and KLM, the book highlights marketing practices both good and bad.

A practical guide to making more informed investment decisions Investors often buy or sell stocks too quickly. When you base your purchase decisions on isolated facts and don't take the time to thoroughly understand the businesses you are buying, stock-price swings and third-party opinion can lead to costly investment mistakes. Your decision making at this point becomes dangerous because it is dominated by emotions. The Investment Checklist has been designed to help you develop an in-depth research process, from generating and researching investment ideas to assessing the quality of a business and its management team. The purpose of The Investment Checklist is to help you implement a principled investing strategy through a series of checklists. In it, a thorough and comprehensive research process is made simpler through the use of straightforward checklists that will allow you to identify quality investment opportunities. Each chapter contains detailed demonstrations of how and where to find the information necessary to answer fundamental questions about investment opportunities. Real-world examples of how investment managers and CEOs apply these universal principles are also included and help bring the concepts to life. These checklists will help you consider a fuller range of possibilities in your investment strategy, enhance your ability to value your investments by giving you a holistic view of the business and each of its moving parts, identify the risks you are taking, and much more. Offers valuable insights into one of

the most important aspects of successful investing, in-depth research Written in an accessible style that allows aspiring investors to easily understand and apply the concepts covered Discusses how to think through your investment decisions more carefully With The Investment Checklist, you'll quickly be able to ascertain how well you understand your investments by the questions you are able to answer, or not answer, without making the costly mistakes that usually hinder other investors.

Managing Human Resources Cengage Learning

Anyone can buy stock in a public company, but not all shareholders are equally committed to a company ’ s long-term success. In an increasingly fragmented financial world, shareholders ’ attitudes toward the companies in which they invest vary widely, from time horizon to conviction. Faced with indexers, short-term traders, and activists, it is more important than ever for businesses to ensure that their shareholders are dedicated to their missions. Today ’ s companies need “ quality shareholders, ” as Warren Buffett called those who “ load up and stick around, ” or buy large stakes and hold for long periods. Lawrence A. Cunningham offers an expert guide to the benefits of attracting and keeping quality shareholders. He demonstrates that a high density of dedicated long-term shareholders results in numerous comparative and competitive advantages for companies and their managers, including a longer runway to execute business strategy and a loyal cohort against adversity. Cunningham explores dozens of corporate practices and policies—such as rational capital allocation, long-term performance metrics, and a shareholder orientation—that can help shape the shareholder base and bring in committed owners. Focusing on the benefits for corporations and their investors, he reveals what draws quality shareholders to certain companies and what it means to have them in an investor base. This book is vital reading for investors, executives, and directors seeking to understand and attract the kind of shareholders that their companies need.
