June's father is like a goose -- he flies away for long periods of time, which means that June doesn't get to see him very often. So he is happy when Father comes home from his journeys, and happier still when the family plants a tangerine tree together and Father tells June, "Next time I am here, this tree will be bigger, and so will you." Caring for a growing sapling is a great responsibility and June takes it very seriously. When an accident happens and the tree topples over, June worries his family will change forever. But things that have fallen can be replanted, and sometimes facing our biggest fears reveals our greatest strengths.

But vehicle technologies haven't kept pace with today's more hostile security environment, leaving millions vulnerable to attack. The Car Hacker's Handbook will give you a deeper understanding of the computer systems and embedded software in modern vehicles.
