Humanity’s
creative role
within the living
pattern of nature
• Explores
important
scientific
discoveries that
reveal the self-
organizing
intelligence at
the heart of
nature •
Examines the
idea of a living
cosmos from its
roots in the
earliest cultures,
to its eclipse
during the
Scientific
Revolution, to its
return today •

Reveals ways to
reengage our
creative
partnership with
nature and
collaborate with
nature’s
intelligence For
millennia the
world was seen
as a creative,
interconnected
web of life,
constantly
growing,
developing, and
restoring itself.
But with the
arrival of the
Scientific
Revolution in the
16th and 17th
centuries, the
world was
viewed as a
lifeless, clocklike
mechanism,
bound by the

laws of classical physics. Intelligence was a trait ascribed solely to human beings, and thus humanity was viewed as superior to and separate from nature. Today new scientific discoveries are reviving the ancient philosophy of a living, interconnected cosmos, and humanity is learning from and collaborating with nature's intelligence in new, life-enhancing ways, from ecological design to

biomimicry. Drawing upon the most important scientific discoveries of recent times, David Fideler explores the self-organizing intelligence at the heart of nature and humanity's place in the cosmic pattern. He examines the ancient vision of the living cosmos from its roots in the "world soul" of the Greeks and the alchemical tradition, to its eclipse during the Scientific Revolution, to its

return today. He explains how the mechanistic worldview led to humanity's profound sense of alienation, for if the universe only functioned as a machine, there was no longer any room for genuine creativity or spontaneity. He shows how this isn't the case and how, even at the molecular level, natural systems engage in self-organization, self-preservation, and creative problem solving, mirroring the ancient idea of a creative

intelligence that exists deep within the heart of nature. Revealing new connections between science, religion, and culture, Fideler explores how to reengage our creative partnership with nature and new ways to collaborate with nature's intelligence.

Short essays coupled with practical and thought-provoking activities and exercises help make the travel experience more meaningful

and rewarding, whether it is a well-deserved vacation, an unplanned emergency, or a visit to a nearby town.

Songlines of the Soul Harper Collins

An enormously satisfying, exciting and enriching book, Vikram Chandra's novel draws the reader deep into the lives of detective Sartaj Singh and Ganesh Gaitonde, the most wanted gangster in India. Sartaj, the only Sikh inspector in the whole of Mumbai, is used to being identified by his turban, beard and the sharp cut of his trousers. But

'the silky Sikh' is now past forty, his marriage is over and his career prospects are on the slide. When Sartaj gets an anonymous tip off as to the secret hideout of the legendary boss of the G-company, he's determined that he'll be the one to collect the prize. This is a sprawling, epic novel of friendships and betrayals, of terrible violence, of an astonishing modern city and its underworld. Drawing on the best of Victorian fiction, mystery novels, Bollywood movies and Vikram Chandra's years of

first hand research on the streets of Mumbai, this novel reads like a potboiling page-turner but resonates with the intelligence and emotional depth of the best of literature. Sacred Time Blue Angel Gallery For fifteen centuries, legends of King Arthur have enthralled us. Born in the misty past of a Britain under siege, half-remembered events became shrouded in ancient myth and folklore. The resulting tales were told and retold, until over time Arthur, Camelot,

Avalon, the Round Table, the Holy Grail, Excalibur, Lancelot, and Guinevere all became instantly recognizable icons. Along the way, Arthur ' s life and times were recast in the mold of the hero ' s journey: Arthur ' s miraculous conception at Tintagel through the magical intercession of his shaman guide, Merlin; the childhood deed of pulling the sword from the stone, through which Arthur was anointed King; the quest for the Holy Grail, the most

sacred object in Christendom; the betrayal of Arthur by his wife and champion; and the apocalyptic battle between good and evil ending with Arthur ' s journey to the Otherworld. Touching on all of these classic aspects of the Arthur tale, Christopher R. Fee seeks to understand Arthur in terms of comparative mythology as he explores how the Once and Future King remains relevant in our contemporary world. From ancient legend to Monty Python, Arthur: God and Hero in Avalon

discusses everything from the very earliest versions of the King Arthur myth to the most recent film and television adaptations, offering insight into why Arthur remains so popular—a hero whose story still speaks so eloquently to universal human needs and anxieties. [Spiritual Pregnancy](#) Weiser Books At this very moment over fifty million women are going through menopause. Pharmaceutical companies are mass marketing hormones as fast as doctors can prescribe them, and menopausal

seminars sponsored by these companies are crisscrossing the country in an effort to educate women on easing the physical pains of hormone deficiencies. Books like *The Silent Passage*, *What Your Doctor Won't Tell You About Menopause*, and *Listening To Your Hormones* are flying off the shelves because women are desperate to learn even more. And yet, these doctors, seminars, and books still haven't addressed what every transitional woman instinctively knows: Menopause is much more than just a list of physical ailments, menopause is a

spiritual journey. The *Seven Sacred Rites of Menopause: The Spiritual Journey to the Wise-Woman Years* is a groundbreaking work that will usher in a new way for women to cope with the emotional and physical challenges of menopause. *Venturing into uncharted territory*, Kristi Meisenbach Boylan takes an intriguing and original look at the seven rituals that menopausal women move through on their voyage to the wise-woman years. Author Meisenbach Boylan believes that these seven ceremonial milestones should be viewed as

celebrations—not as symptoms of an illness—and that the menopausal life passage isn't just about a woman's body fighting to correct hormonal imbalances, but is really about the soul trying to find its spiritual balance. *The Seven Sacred Rites of Menopause* Bantam This exhilarating exploration provides authentic textual background to a complex mythology about nine of the women in Arthurian legend. In addition, there are guided visualizations for each of the Ladies, which will open pathways to readers on their own personal quest. *Journey to the Dark Goddess* Blue Angel Gallery

Pilgrimage in the Western world is enjoying a growing popularity, perhaps more so now than at any time since the Middle Ages. The Pilgrim Journey tells the fascinating story of how pilgrimage was born and grew in antiquity, how it blossomed in the Middle Ages and faltered in subsequent centuries, only to re-emerge stronger than before in modern times. James Harpur describes the pilgrim routes and sacred destinations past and present, the men and women making the journey, the many challenges of travel, and the spiritual motivations and rewards. He also explores the traditional stages of pilgrimage, from preparation, departure, and the time

on the road, to the arrival at the shrine and the return home. At the heart of pilgrimage is a spiritual longing that has existed from time immemorial. The Pilgrim Journey is both the colourful chronicle of numerous pilgrims of centuries past searching for heaven on earth, and an illuminating guide for today's spiritual traveller. Undines Llewellyn Worldwide Journey to the legendary Isle of Avalon and experience the magic, mysteries, and mysticism that have inspired women throughout the ages. Jhenah Telyndru, founder of the Avalonian Tradition, invites you on a unique spiritual path of healing and personal revelation

built upon the beloved Avalon mythology. Connect with the Goddesses of Avalon through guided journeys and powerful rituals. Explore Glastonbury 's Sacred Landscape with eight pages of gorgeous color photographs. Develop legendary Avalonian skills—such as the Sight and the art of Glamour—to heal wounds of the soul and unlock the sacred wisdom at the core of your being. Drawing on Celtic mythology, Arthurian legend, and Druidic lore and exploring the way of the priestess as alluded to in Marion Zimmer Bradley 's The Mists of Avalon, the Avalonian path empowers women everywhere to transform their lives by seeking the Goddess and the Sovereign self

within.

Landscape and the rich heritage of Celtic British mythology. Focusing on the Avalonian Cycle of Healing and accessing the Sacred Landscape of the Holy Isle, *Avalon Within* provides the seeker with powerful tools for awakening the transformational energies of Avalon in their lives -- empowering them to affect lasting inner change and to facilitate true healing. *Avalon Within* Paulist Press Connect to dragon spirits and walk with them through the wheel of the year using this enlightening and powerful guide. Providing seasonal meditations and rituals, *Year of the*

Magickal Dragon shows you how to build a relationship with each sabbat's dragon spirit and how that relationship improves your magickal practice. Virginia Chandler introduces you to eight legendary dragon spirits that are integral to the seasonal year, from the Ancestor Dragon of Samhain to the Fertility Dragon of Beltane. Discover oil and incense recipes, spells, journaling prompts, altar work, stories and historical information about the dragons, and more. Honoring and developing a bond with these dragons will improve not only your seasonal practice, but it will

also empower all areas of your life as these dragons walk beside you every day of the year. *The Fifth Sacred Thing* Avalon Travel Publishing We live in a world where there never seems to be enough time for all we want and need to do. In *Sacred Time: Embracing an Intentional Way of Life*, Christine Valters Paintner guides us as we move beyond our own lives and embrace a world that urges us toward rest, reflection, and growth. In *Sacred Time*, Paintner, abbess of the

online Abbey of the Arts, shows us how by becoming in tune with the rhythms of the natural world, we can live more intentionally and experience a conversion toward a more expansive way of being. Paintner introduces us to the eight cycles of sacred time that exist in our everyday lives. These cycles that can ground us through our busy lives are breath, rhythms of the day, weekly rhythms and Sabbath rest, waxing and waning lunar cycles, seasons of the year, seasons of a

lifetime, ancestral time, and cosmic time. Each cycle encourages us to mindfully consider the time that passes as quickly as each breath and as slowly as the passing of generations. Within each cycle, we find wisdom from sacred tradition and the saints, including St. Benedict, St. Ignatius of Loyola, and St. Hildegard of Bingen; room for growth; and the presence of the Divine. Along the way, we are also given scriptural guidance, and we are invited to spiritual practices and creative explorations that

will help deepen our understanding of each cycle, allow that understanding to take root in our lives, and expand our lives beyond the pressures of each day.

Arthur John Hunt Publishing
Tools to powerfully write about and manifest your life using the power found in the sacred sites of ancient Egypt • Reveals how to create meaning from one's life experiences and manifest new destinies through spiritual writing • Contains meditations and creative writing exercises exploring sacred themes in the Egyptian Book of the Dead and other hieroglyphic texts of ancient Egypt •

Shares transformative and inspiring pieces written by those who 've attended the authors ' Egyptian sacred tours Within each of us is a story, a sacred story that needs to be told, of our heroic efforts and of our losses. The scribes of ancient Egypt devoted their lives to the writing of sacred stories. These technicians of the sacred were masters of hieroglyphic thinking, or heka--the proper words, in the proper sequence, with the proper intonation and the proper intent. Learning heka provided scribes with the power to invoke and create worlds through their words and thoughts. To the writer, heka is a magical way to create meaning from experience. Through

heka we manifest new visions and new relationships to ourselves and to others. We can make new art filled with beauty and light. Revealing the spiritually transformative power of writing, the authors take us on a journey of self-discovery through the sacred sites of Egypt, from the Temple of Isis to the Great Pyramid of Giza. Through meditations and creative writing exercises exploring the powerful themes found in the hieroglyphic texts of ancient Egypt and the Egyptian Book of the Dead, they show how, through writing, we can live beyond the ordinary, give our dreams form, and discover who we really are and what our lives really mean. Sharing transformative and

inspiring pieces written by those who 've attended their Egyptian sacred tours, the authors reveal how writing your spiritual biography allows you to reconnect to the creativity and divine within, face your fears, offer gratitude for what you have, manifest new destinies, and recognize your life as part of the sacred story of Earth. The Pilgrim Journey Green Magic Undines—from the Latin root unda, which means “ wave ” — are water elementals, or spirits of the water world. Like their fellow elementals—salamanders (fire), sylphs (air), and gnomes (earth)—undines are united with, and

personify, their element. First mentioned in the alchemical works of medieval botanist Paracelsus, undines appear throughout European folklore. Who are these mysterious creatures of lakes, oceans, and waterfalls? Undines takes readers directly into the water spirits ' realm through stories, personal encounters, and interviews with such luminaries as Istiphul, the undine queen whose presence embodies the magical essence of the feminine. Whether seen as fact or fairy tale, Undines presents archetypal truths and insights into human nature. The powers and

abilities that undines display are latent in us all and crucial to humanity ' s evolution (or mere survival): harmony with nature, empathy and compassion, a deep capacity to love, and a cooperative rather than combative relationship to the world. Undines will appeal broadly to readers of mythology, fantasy, and fairy tales, particularly to practitioners that work with nature spirits and elemental beings—Druids, Wiccans, pagans, and those interested in magic and mysticism.
