significant differences from the carburetors manufactured by Precision Airmotive. Precision Airmotive manuals should NEVER be used with carburetors manufactured by Avstar, nor for the installation of replacement parts manufactured by Avstar. Contact Avstar Fuel Systems for current service information. AVStar Fuel Systems, Inc. 1365 Park Lane South Service Information Letter - Fuel Systems

The idle system and main nozzle are connected with each other by the idle supply opening. The amount of fuel delivered from either the idle system or main nozzle is dependent on the whether the suction is greater on the idle system or main nozzle, the suction being governed by throttle valve position and engine load.
