Everless Little Tiger Press

In *Rigging the Game* Michael Schwalbe offers a clear and compelling introduction to how the rules that shape economic life and everyday interaction generate and perpetuate inequality in American society. Guided by the questions How did the situation get this way? and How does it stay this way?, Schwalbe tracks inequality from its roots to its regulation. With its lively combination of analysis and stories, *Rigging the Game* is an innovative tool for teaching about the inequalities of race, class, and gender. In the final chapter, "Escaping the Inequality Trap," Schwalbe helps students understand how inequality can be challenged and overcome.

Excalibur Classic Vol. 1 Wise Publications

A prizewinning playwright shares the stunning and heartbreaking story of two adolescent boys who fall in love, painfully acknowledging their homosexuality and, at the same time, trying to sustain each other as their families fall apart around them. Reprint. 25,000 first printing.

Advances in Digital Forensics IX Tor Fantasy

The story of pioneer Daniel Boone ’ s life, told in his voice—a tall tale like no other, startling, funny, poignant, romantic and brawling—set during the American Revolutionary War Here is Daniel Boone as you ’ ve never seen him, debut novelist Alix Hawley presents Boone ’ s life, from his childhood in a Quaker colony, through two stints captured by Indians as he attempted to settle Kentucky, the death of a son at the hands of the same Indians and the rescue of a daughter. The prose rivals Hilary Mantel ’ s and Peter Carey ’ s, conveying that sense of being inside the head of a storied historical figure about which much nonsense is spoken while also feeling completely contemporary. Boone was a fabulous hunter and explorer, and a “ white Indian, ” perhaps happiest when he found a place as the captive, adopted son of a chief who was trying to prevent the white settlement of Kentucky. Hawley takes us intimately into the life-and-death survival of people pushing away from security and into Indian lands, despite sense and treaties, just before and into the War of Independence. The love story between Boone and his wife, Rebecca, is rich and tangled, but mostly it ’ s Boone who fascinates, pushing into places where he imagines he can create a new “ clean ” world, only to find death and trouble and complication. He is a fabulous character, unrivaled in North American literature, and a prime candidate for the tall tale. The storytelling is taut and expert, the descriptions rich and powerful, the prose full of feeling, but Boone is what drives this outstanding debut.

Rashed, My Friend Harlequin

The second title in David Baldacci's bestselling series, *The Forgotten* is a fast-paced action thriller, featuring the hero of *Zero Day* — John Puller. Criminal investigator John Puller is drawn closer to home when his aunt is found dead in her house in Paradise, Florida. The local police have ruled the death as an accident, but Puller finds evidence to suggest that she may well have been murdered. On the surface the town lives up to its name, but as Puller digs deeper he realizes that this town and its inhabitants are more akin to Hell than Paradise. His belief is confirmed as evidence of strange and inexplicable events come to light. And when Puller learns the truth about what is happening in this once sleepy town, he knows that his discoveries will impact far wider than Paradise.

Duck Says Don't! Bpb Publications

In *The Pension Fund Revolution*, originally published nearly two decades ago under the title *The Unseen Revolution*, Drucker reports that institutional investors, especially pension funds, have become the controlling owners of America's large companies, the country's only capitalists. He maintains that the shift began in 1952 with the establishment of the first modern pension fund by General Motors. By 1960 it had become so obvious that a group of young men decided to found a stock-exchange firm catering exclusively to these new investors. Ten years later this firm (Donaldson, Lufkin & Jenrette) became the most successful, and one of the biggest, Wall Street firms.Drucker's argument, that through pension funds ownership of the means of production had become socialized without becoming nationalized, was unacceptable to the conventional wisdom of the country in the 1970s. Even less acceptable was the second theme of the book: the aging of America. Among the predictions made by Drucker in *The Pension Fund Revolution* are: that a major health care issue would be longevity; that pensions and social security would be central to American economy and society; that the retirement age would have to be extended; and that altogether American politics would increasingly be dominated by middle-class issues and the values of elderly people.While readers of the original edition found these conclusions hard to accept, Drucker's work has proven to be prescient. In the new epilogue, Drucker discusses how the increasing dominance of pension funds represents one of the most startling power shifts in economic history, and he examines their present-day Impact. *The Pension Fund Revolution* is now considered a classic text regarding the effects of pension fund ownership on the governance of the American corporation and on the structure of the American economy altogether. The reissuing of this book is more timely now than ever. It provides a w

Making Japan's National Game McGraw-Hill Education TAB

When Julius overthrew his mother and took control of his clan, he thought he was doing right by everyone. But sharing power isn't part of any proper dragon's vocabulary, and with one seat still open on the new ruling Council, all of Heartstriker is ready to do whatever it takes to get their claws on it, including killing the Nice Dragon who got them into this mess in the first place. To keep his clan together and his skin intact, Julius is going to have to find a way to make his bloodthirsty siblings play fair. But there's more going on in Heartstriker Mountain than politics. Every family has its secrets, but the skeletons in Bethesda's closet are dragon sized, and with Algonquin's war looming over them all, breaking his clan wide open might just be the only hope Julius has of saving it.

Literacy in Events Knopf Books for Young Readers

A part of the "Vedas", a collection of ancient manuscripts which form the basis for the Hindu religion, the "Upanishads" are ancient Sanskrit texts which contain arguably the most important spiritual aspects of the Hindu faith. Of the more than two hundred "Upanishads", the ones of principal importance, Chandogya, Kena, Aitareya, Kaushitaki, Isa, Katha, Mundaka, Taittiriya, Brhadaranyaka, Svetasvatara, Prasna, and Maitriyana, are presented here in the translation of famed Indologist and Sanskritologist F. Max Muller, which first appeared in the "Sacred Books of the East" volumes I and XV. The central theme of the "Upanishads" is not that of a ritualistic systematic philosophy but as Muller describes to "know thy true self, that which underlines thine Ego, and find it and know it in the highest, the eternal Self, the One without a second, which underlies the whole world." Noted for its thorough annotations and scholarly detail this edition of the "Upanishads" will bring great insight to students of the Hindu faith. Muller's complete two volume translation is presented here in a single volume printed on a premium acid-free paper.

The Marriage Decider (Mills & Boon Vintage 90s Modern) Oxford University Press, USA

Logan Deverell has infuriated Kit Morris for the last time. She's had enough of her boss's temper, his ingratitude and, most of all, his complete oblivion to her feelings for him. But she certainly manages to get his attention when she quits and joins the Lassiter Agency as their newest detective. Once he gets over his initial anger, Logan feels lost and miserable without Kit. Realizing what he needs to do, Logan vows to get Kit back...but he'll have to offer a lot more than a job—he'll have to give her his heart.

From Birdland to Broadway Springer

Contemporary Digital Forensic Investigations of Cloud and Mobile Applications comprehensively discusses the implications of cloud (storage) services and mobile applications on digital forensic investigations. The book provides both digital forensic practitioners and researchers with an up-to-date and advanced knowledge of collecting and preserving electronic evidence from different types of cloud services, such as digital remnants of cloud applications accessed through mobile devices. This is the first book that covers the investigation of a wide range of cloud services. Dr. Kim-Kwang Raymond Choo and Dr. Ali Dehghantanha are leading researchers in cloud and mobile security and forensics, having organized research, led research, and been published widely in the field. Users will gain a deep overview of seminal research in the field while also identifying prospective future research topics and open challenges. Presents the most current, leading edge research on cloud and mobile application forensics, featuring a panel of top experts in the field Introduces the first book to provide an in-depth overview of the issues surrounding digital forensic investigations in cloud and associated mobile apps Covers key technical topics and provides readers with a complete understanding of the most current research findings Includes discussions on future research directions and challenges

The only authorized Lab Manual for the Cisco Networking Academy CCNA Security course The Cisco® Networking Academy® course on CCNA® Security provides a next step for students who want to expand their CCNA-level skill set to prepare for a career in network security. The CCNA

Security course also prepares students for the Implementing Cisco IOS® Network Security (IINS) certification exam (xxxx), which leads to the CCNA Security certification. The CCNA Security Lab Manual provides you with all labs from the course designed as hands-on practice to master the knowledge and skills needed to prepare for entry-level security specialist careers. All the hands-on labs in the course can be completed on actual physical equipment or in conjunction with the NDG NETLAB+® solution. For current information on labs compatible with NETLAB+® go to <http://www.netdevgroup.com/ae/labs.htm>. Through procedural, skills integration challenges, troubleshooting, and model building labs, this CCNA Security course aims to develop your in-depth understanding of network security principles as well as the tools and configurations used.

The Forgotten: A John Puller Novel 2 TickTock Books

THE TOP TEN BESTSELLER Time is a prison. She is the key. Packed with danger, temptation and desire - a perfect read for fans of The Red Queen. In the land of Sempera, the rich control everything - even time. Ever since the age of alchemy and sorcery, hours, days and years have been extracted from blood and bound to iron coins. The rich live for centuries; the poor bleed themselves dry. Jules and her father are behind on their rent and low on hours. To stop him from draining himself to clear their debts, Jules takes a job at Everless, the grand estate of the cruel Gerling family. There, Jules encounters danger and temptation in the guise of the Gerling heir, Roan, who is soon to be married. But the web of secrets at Everless stretches beyond her desire, and the truths Jules must uncover will change her life for ever ... and possibly the future of time itself. 'Sara Holland is a fierce storyteller. An intoxicating blend of blood, secrets, and haunting mythology, Everless gives new and terrifying meaning to the phrase running out of time.' Stephanie Garber, New York Times and Sunday Times bestselling author of Caraval

This title provides a theoretically and methodologically new and distinct approach to gender through the frameworks of biopolitics and genealogy, theorising it as a historically specific apparatus of biopower. Through the use of a diverse mix of historical and contemporary documents, the book explores how the problematisation of intersex infant genitalia in 1950s psychiatry propelled the emergence of the gender apparatus in order to socialise sexed individuals into the ideal productive and reproductive subjects of White, middle-class postwar America.

Data Structures Through C HarperCollins

1989 is the fifth album from the unstoppable pop force that is Taylor Swift. Released in October 2014, this is the first album that she has officially declared as full-on pop, and the catchy hooks, fun lyrics and danceable rhythms make this a fantastic songbook to learn from. Each piece is arranged for Piano and Voice, with Guitar chord boxes and full lyrics. You'll be able to learn every verse and chorus exactly how Taylor Swift sings them, as well as how to play the instrumental parts on the Piano and Guitar. Once you've learned each tune you'll be singing and playing them for years. Song List: - Welcome To New York - Blank Space - Style - Out Of The Woods - All You Had To Do Was Stay - Shake It Off - I Wish You Would - Bad Blood - Wildest Dreams - How You Get The Girl - This Love - I Know Places - Clean

NIST SP 800-88 R1 - Guidelines for Media Sanitization Hachette UK

The Middle Ages were a period of tremendous cultural and scientific advancement in the Islamic Empire—ideas and inventions that shaped our world. Did you know that: • The numbers you use every day (Arabic numerals!) are a Muslim invention? • The marching band you hear at football games has its roots in the Middle East? • You are drinking orange juice at breakfast today thanks to Islamic farming innovations? • The modern city's skyline was made possible by Islamic architecture? The Muslim world has often been a bridge between East and West, but many of Islam's crucial innovations are hidden within the folds of history. In this important book, Bryn Barnard uses short, engaging text and gorgeous full-color artwork to bring Islam's contributions gloriously to life. Chockful of information and pictures, and eminently browsable, The Genius of Islam is the definitive guide to a fascinating topic.

My Life with the Liars Simon and Schuster

In the 1950s, New York City's Birdland was the center of the world of modern jazz--and a revelation to Bill Crow, a wet-behind-the-ears twenty-two-year-old from Washington State. Located on Broadway between 52nd and 53rd streets, the club named for the incomparable Charlie "Bird" Parker boasted lifesize photo murals of modern jazzmen like Dizzy Gillespie, Lennie Tristano, and, of course, Bird himself, looming large against jet black walls. Exotic live birds perched in cages behind the bar. The midget master of ceremonies, 3'9" Pee Wee Marquette, dressed in a zoot suit and loud tie, smoked huge cigars and screeched mispronounced introductions into the microphone. And the jazz-struck young Crow would park in the bleachers till 4 am, blissfully enveloped by the heady music of Bird, Bud Powell, Max Roach, and a host of other jazz giants. From Birdland to Broadway is an enthralling insider's account of four decades of a life in jazz. Bill Crow, journeyman bass player, superb storyteller, and author of the successful Jazz Anecdotes, here narrates many moving and delightful tales of the pioneers of modern jazz he played with and was befriended by. We find Dizzy Gillespie, with whom Crow, because of prior commitments, regretfully declined steady work, dancing at the Royal Roost, Stan Getz sadly teetering on the brink of losing himself to drugs, and Harry Belafonte (known then as "the Cinderella Gentleman") running a lunch counter in New York's Sheridan Square between music dates. And we also witness many of the highlights of Crow's career, such as in 1955 when the Marian McPartland Trio (with Crow on bass) was named "Small Group of the Year" by Metronome; Crow playing with the Gerry Mulligan Quartet at venues like Storyville in Boston and Harlem's Apollo Theater (where they appeared with Dinah Washington); and the tour of the Soviet Union with Benny Goodman, a journey that might have been a high point of Crow's travels abroad but was marred by Goodman's legendary mistreatment of his band. Moving beyond jazz clubs to the Broadway concert pit and a variety of studio gigs in the '60s, Crow encounters actors such as Yul Brynner and pop-rock acts like Simon and Garfunkel. From the great to the near-great, from Billie Holiday to Judy Holliday, Bill Crow's wealth of personal anecdotes takes the reader from Birdland, to the Half Note, to the Playboy Club, to the footlights of Broadway. This revealing book is a marvelous portrait of the jazz world, told by someone who's been there.
