The Egyptian Book of the Dead is one of the oldest and greatest classics of Western spirituality. Until now, the available translations have treated these writings as historical curiosities with little relevance to our contemporary situation. This new version, made from the hieroglyphs, approaches the Book of the Dead as a profound

spiritual text capable of speaking to us today. These writings suggest that the divine realm and the human realm are not altogether separate--they remind us that the natural world, and the substance of our lives, is fashioned from the stuff of the gods. Devoted like an Egyptian scribe to the principle of "effective utterance", Normandi Ellis has produced a prose translation that reads like pure, diaphanous verse.

"Our Goal is God" is a unique book in the body, mind and spirit market, in that, it covers a variety of topics in an easy to read and easy to understand way that encourages the reader to

challenge the established views of the society by listening to the inner voice, the intuition. In order to answer the three most frequently asked questions throughout history: Who are we? Where did we come from? and Where are we going?, the book covers topics like our physical, astral and causal body, reincarnations, cause and effect, realms of heaven, human abilities, creation of the universe, meditation, and entering into this new age we are standing at the threshold of. The book is divided into three sections, each for one of the above questions. By asking who we are, the book takes a look at the present moment and gives a description of our physical, astral

and causal body works, how the universe work, and what our relationship is to God. The second part takes the reader through time, from the dawn of creation to the present moment. The third part shows the reader the way into the future by giving advise on how to change our life through awareness and meditation. A lot of people all over the world, and young people in particular, have experiences with the astral world, or the spirit world, that is hard for them to comprehend and even harder to talk about to their peers and mentors. It is my sincere hope that this book will be of comfort to them. It will also serve as a guide on how to live more in tune with ourself and our creation.

Suzi Obelisk is the happy, mind body spirit author for her book series "Awaken The Flow Books." The Preface to this book includes some of Suzi's unusual spiritual travel, and spiritual NDE near-death

experiences. Book 3 follows from this book, and will guide you further along the Spiritual Path. ... Hi, I'm Suzi Obelisk. (smile) I'm a happy, mind body spirit author, and this lovely book is like gold. (smile) My life has been an unusual mix of normal everyday life, and also some unusual spiritual experiences, and as you can guess by my other book titles, also MORE pain and suffering than would probably be considered "normal," that I've since left behind me. (smile) But I've realized that you can still continue to heal your Spirit REGARDLESS of what's going on in your life. (smile) As for me, I've recovered, I've taken my power back, and life's good again.

So now I'm back to my everyday life which also just happens to have MORE of a spiritual part to it than it did before. So now, I'm in a better balance, and my life is much better than before. (smile) I truly feel that my life experiences have been for the purpose of helping others. So I've written my books to show YOU how to heal and create a better life, regardless of spiritual questions and perhaps spiritual discontent, stress, problems, and pain and suffering in your every-day life. In this book I talk about an unusual near-death "experience" during my early 50's, where I actually lost consciousness and died. But I saw that bright white light that people talk about, and I was given a choice to stay or

go at that time. My books are written in a lovely simple style, just like this now. They remind you that although you have a daily life, that you're also a spiritual being too, who just happens to be having a "human" experience. So when you remember and realize that you're already a beautiful spiritual being of LOVE and LIGHT within, then you also realize that you're MUCH stronger and more powerful than you ever could have imagined. So that's when you can create a BETTER and balanced everyday life for yourself. Personally, I quietly live and work in The LIGHT. I don't like to give the "other" side the satisfaction, and I know that LIGHT always wins,

no matter what else is happening in life. (smile) ... Dedication: "I dedicate this book to LOVE and LIGHT." Suzi's Quote: "Your Spirit within is eternal. From awakening to transformation, healing your Spirit is a journey. So take your time, and enjoy your journey." (SO, 2017) ... Review: "Best book of the series so far. So easy to read. It all just flows and is easy to get the message." (JL, 2018) AWAKEN THE FLOW BOOKS: simple, practical, inspirational, and easy-to-read. Social media details are on my website: www.awakentheflow.com

As we confront the challenges of climate change, author James George calls us to wake up and stop our careless treatment of our planet before it's too late. At the same time, he shares his own practice towards waking up-the practice of Presence, known to all spiritual paths and simply and

eloquently presented in this book. From [i]The Little Green book on Awakening[/i]: To become aware of the omnipresence of Consciousness may be the next great leap in human evolution and the foundation of the new paradigm in which both science and spirituality can find common ground. For consciousness is the field that connects-not separates-everything with everything, at all levels, and everything with the All, in one Wholeness.
