A #1 New Release in Action & Adventure Literary Fiction! For most people, sleeping is an obstacle; something to get out of the way so they can get back to their day. For others, it's an escape to nothing; a blissful break from the wears of life. It's the opposite for me. I live so that I can dream. I trudge through work so that I can go home and close my eyes, awakening in the real world-one where dreams really do come true. A place where I can fight a king instead of my ever-disappointed boss, where I'm a warrior instead of a glorified telemarketer. A place where I matter. Tigers instead of taxes. Monsters instead of men with too much power. Reality is just the word we came up with to accept a boring life; a birthing place for grander ideas we so desperately wish could come true. I choose to live in a world where they do. ? ? ? ? ? Lost in a Dream is an adult fiction in the vein of Ready Player One, but with fantasy elements in place of sci-fi. " —The New York Times Book Review A Confederacy of Dunces is an American comic masterpiece. John Kennedy Toole's hero, one Ignatius J. Reilly, is "huge, obese, fractious, fastidious, a latter-day Gargantua, a Don Quixote of the French Quarter. His story bursts with wholly original characters, denizens of New Orleans' lower depths, incredibly true-to-life dialogue, and the zaniest series of high and low comic adventures" (Henry Kisor, Chicago Sun-Times).

## Lost in a Dream Casey Odell

Winner of the International Lannan Literary Award for Nonfiction Animal tracks, word magic, the speech of stones, the power of letters, and the taste of the wind all figure prominently in this intellectual tour de force that returns us to our senses and to the sensuous terrain that sustains us. This major work of ecological philosophy startles the senses out of habitual ways of perception. For a thousand generations, human beings viewed themselves as part of the wider community of nature, and they carried on active relationships not only with other people with other animals, plants, and natural objects (including mountains,

rivers, winds, and weather patters) that we have only lately come to think of as "inanimate." How, then, did humans come to sever their ancient reciprocity with the natural world? What will it take for us to recover a sustaining relation with the breathing earth? In *The Spell of the Sensuous* David Abram draws on sources as diverse as the philosophy of Merleau-Ponty, Balinese shamanism, Apache storytelling, and his own experience as an accomplished sleight-of-hand of magician to reveal the subtle dependence of human cognition on the natural environment. He explores the character of perception and excavates the sensual foundations of language, which—even at its most abstract—echoes the calls and cries of the earth. On every page of this lyrical work, Abram weaves his arguments with a passion, a precision, and an intellectual daring that recall such writers as Loren Eiseley, Annie Dillard, and Barry Lopez.

In an effort to aid her people without condemning herself to a lifetime of misery, she sets off on a journey to find the one person with a stronger claim to the throne than hers: the cursed prince. Sealed in the mountains of the Wilderness, under many spells, the heir of the first seelie queen is the only royal strong enough to protect the fae lands from their immortal invaders.
