Uncovering a dark family secret sends one woman through the history of Britain's World War II spy network and glamorous 1930s Paris to save her family's reputation. Caroline Payne thinks it's just another day of work until she receives a call from Mat Hammond, an old college friend and historian, but Mat has uncovered a scandalous secret kept buried for decades: In World War II, Caroline's British great-aunt betrayed family and country to marry her German lover. Determined to find answers and save her family's reputation, Caroline flies to her family's ancestral home in London. She and Mat discover diaries and letters that reveal her grandmother and great-aunt were known as the "Waite sisters." Popular and witty, they came of age during the interwar years, a time of peace and luxury filled with dances, jazz clubs, and romance. The buoyant tone of the correspondence soon yields to sadder revelations as the sisters grow apart, and one leaves home for the glittering fashion scene of Paris, despite rumblings of a coming world war. Each letter brings more questions. Was Caroline's great-aunt actually a traitor and Nazi collaborator, or is there a more complex truth buried in the past? Together, Caroline and Mat uncover stories of spies and secrets, love and heartbreak, and the events of one fateful evening in 1941 that changed everything. In this rich historical novel from award-winning author Katherine Reay, a young woman is tasked with writing the next chapter of her family's story. But Caroline must choose whether to embrace a love of her own and proceed with caution if her family's decades-old wounds are to heal without tearing them even further apart. Praise for *The London House*: "Carefully researched, emotionally hewn, and written

with a sure hand, *The London House* is a tantalizing tale of deeply held secrets, heartbreak, redemption, and the enduring way that family can both hurt and heal us. I enjoyed it thoroughly." —Kristin Harmel, New York Times bestselling author of *The Book of Lost Names* A stand-alone split-time novel Partially epistolary: the historical storyline is told through letters and journals Book length: approximately 102,000 words Includes discussion questions for book clubs

NEW YORK TIMES BESTSELLER • "It's Lovecraft meets the Brontës in Latin America, and after a slow-burn start Mexican Gothic gets seriously weird."—The Guardian IN DEVELOPMENT AS A HULU ORIGINAL LIMITED SERIES PRODUCED BY KELLY RIPA AND MARK CONSUELOS • WINNER OF THE LOCUS AWARD • NOMINATED FOR THE BRAM STOKER AWARD ONE OF THE BEST BOOKS OF THE YEAR: *The New Yorker*, *Vanity Fair*, NPR, *The Washington Post*, *Tordotcom*, *Marie Claire*, *Vox*, *Mashable*, *Men's Health*, *Library Journal*, *Book Riot*, *LibraryReads* An isolated mansion. A chillingly charismatic aristocrat. And a brave socialite drawn to expose their treacherous secrets. . . . From the author of *Gods of Jade* and *Shadow* comes "a terrifying twist on classic gothic horror" (Kirkus Reviews) set in

glamorous 1950s Mexico. After receiving a frantic letter from her newly-wed cousin begging for someone to save her from a mysterious doom, Noemí Taboada heads to High Place, a distant house in the Mexican countryside. She's not sure what she will find—her cousin's husband, a handsome Englishman, is a stranger, and Noemí knows little about the region. Noemí is also an unlikely rescuer: She's a glamorous debutante, and her chic gowns and perfect red lipstick are more suited for cocktail parties than amateur sleuthing. But she's also tough and smart, with an indomitable will, and she is not afraid: Not of her cousin's new husband, who is both menacing and alluring; not of his father, the ancient patriarch who seems to be fascinated by Noemí; and not even of the house itself, which begins to invade Noemí's dreams with visions of blood and doom. Her only ally in this inhospitable abode is the family's youngest son. Shy and gentle, he seems to want to help Noemí, but might also be hiding dark knowledge of his family's past. For there are many secrets behind the walls of High Place. The family's once colossal wealth and faded mining empire kept them from prying eyes, but as Noemí digs deeper she unearths stories of violence and madness. And Noemí, mesmerized by the terrifying yet seductive world of High Place, may soon find it impossible to ever leave this enigmatic house behind. "It's as if a supernatural power compels us to turn the pages of the gripping Mexican Gothic."—The Washington Post "Mexican Gothic is the perfect summer horror read, and marks Moreno-Garcia with her hypnotic and engaging prose as one of the genre's most exciting talents."—Nerdist "A period thriller as rich in suspense as it is in lush '50s atmosphere."—Entertainment Weekly

A Handbook for Travellers in Portugal Good Press

In *Conquerors*, New York Times bestselling author Roger Crowley gives us the epic story of the emergence of Portugal, a small, poor nation that enjoyed a century of maritime supremacy thanks to the daring and navigational skill of its explorers—a tactical advantage no other country could match. Portugal's discovery of a sea route to India, campaign of imperial conquest over Muslim rulers, and domination of the spice trade would forever disrupt the Mediterranean and build the first global economy. Crowley relies on letters and eyewitness testimony to tell the story of tiny Portugal's rapid and breathtaking rise to power. *Conquerors* reveals the Império Português in all of its splendor and ferocity, bringing to life the personalities of the enterprising and fanatical house of Aviz. Figures such as King Manuel "the Fortunate," João II "the Perfect Prince," marauding governor Afonso de Albuquerque, and explorer Vasco da Gama juggled their private ambitions and the public aims of the empire, often suffering astonishing losses in pursuit of a global fortune. Also central to the story of Portugal's ascent was its drive to eradicate Islamic culture and establish a Christian empire in the Indian Ocean. Portuguese explorers pushed deep into the African continent in search of the mythical Christian king Prester John, and they ruthlessly besieged Indian port cities in their attempts to monopolize trade. The discovery of a route to India around the horn of Africa was not only a brilliant breakthrough in navigation but heralded a complete upset of the world order. For the next century, no European empire was more ambitious, no rulers more rapacious than the kings of Portugal. In the process they created the first long-range maritime empire and set in motion the forces of globalization that now shape our world.

At Crowley's hand, the complete story of the Portuguese empire and the human cost of its ambition can finally be told. Praise for *Conquerors* "Excellent . . . Crowley's interpretations are nuanced and fair."—The Christian Science Monitor "In a riveting narrative, Crowley chronicles Portugal's horrifically violent trajectory from 'impoverished, marginal' nation to European power, vying with Spain and Venice to dominate the spice trade."—Kirkus Reviews (starred review) "Brings to life the Portuguese explorers . . . perfect for anyone who likes a high seas tale."—Publishers Weekly "Readers of Crowley's previous books will not be disappointed by this exciting tale of sea battles, land campaigns and shipwrecks. . . . Crowley makes a good case for reclaiming Portugal's significance as forger of the first global empire."—The Daily Telegraph "Crowley has shown a rare gift for combining compelling narrative with lightly worn academic thoroughness as well as for balancing the human with the geopolitical—qualities on display here. The story he has to tell may be a thrilling one but not every historian could tell it so thrillingly."—Michael Prodger, Financial Times "A fast-moving and highly readable narrative . . . [Crowley's] detailed reconstruction of events is based on a close reading of the works of the chroniclers, notably Barros and Correa, whose accounts were written in the tradition of the chronicles of chivalry."—History Today

Handbook For...Portugal Harvard University Press

The story of ancient China focuses upon each of the major historical period, from the Neolithic period through the Tang dynasty. It traces the evolution of the Chinese city-kingdom and provides clear explanations of such concepts as yin and yang, feng shui, and the Mandate of heaven.

A Handbook for Travellers in Portugal Corwin Press

Modern Spanish Grammar: A Practical Guide is an innovative reference guide to Spanish, combining traditional and function-based grammar in a single volume. The Grammar is divided into two parts. The shorter section covers traditional grammatical categories such as word order, nouns, verbs and adjectives. The larger section is carefully organized around language functions and notions such as: giving and seeking information putting actions into context * expressing likes, dislikes and preferences comparing objects and actions. All grammar points and functions are richly illustrated and information is provided on register and relevant cultural background. Written by experienced teachers and academics, the Grammar has a strong emphasis on contemporary usage. Particular attention is paid to indexing and cross-referencing across the two sections. This is the ideal reference grammar for learners of Spanish at all levels, from elementary to advanced. It will prove invaluable to those with little experience of formal grammar, as no prior knowledge of grammatical terminology is assumed and a glossary of terms is provided. The book will also be useful to teachers seeking back-up to functional syllabuses, and to designers of Spanish courses.

Portuguese Decorative Tiles Univ of California Press

This book, first published in 1964, concerns the practice of Zen Buddhism. The practice is a particular form of meditation. In Japan, the only country in which it is any longer seriously pursued, the practice is called zazen. The author directs attention to zazen because it is being overlooked in the current interest in Zen.

A HANDBOOK FOR TRAVELLERS IN PORTUGAL Verso

Focusing on lyric poetry, *Mastery's End* looks at important, yet neglected, issues of subjectivity in post-World War II travel literature. Jeffrey Gray departs from related studies in two regards: nearly all recent scholarly books on the literature of travel have dealt with pre-twentieth-century periods, and all are concerned with narrative genres. Gray questions whether the postcolonial theoretical model of travel as mastery, hegemony, and exploitation still applies. In its place he suggests a model of vulnerability, incoherence, and disorientation to reflect the modern destabilizing nature of travel, a process that began with the unprecedented movement of people during and after World War II and has not abated since. What the contemporary discourse concerning displacement, border crossing, and identity needs, says Gray, is a study of that literary genre with the least investment in closure and the least fidelity to ethnic and national continuities. His concern is not only with the psychological challenges to identity but also with travel as a mode of understanding and composition. Following a summary of American critical perspectives on travel from Emerson to the present, Gray discusses how travel, by nature, defamiliarizes and induces heightened awareness. Such phenomena, Gray says, correspond to the tenets of modern poetics: traversing territories, immersing the self in new object worlds, reconstituting the known as unknown. He then devotes a chapter each to four of the past half-century's most celebrated English-speaking, western poets: Elizabeth Bishop, Robert Lowell, John Ashbery, and Derek Walcott. Finally, two multi-poet chapters examine the travel poetry of Allen Ginsberg, Gary Snyder, and Robert Creeley, Lyn Hejinian, Nathaniel Mackey and others.

Berlitz Intermediate Spanish Langenscheidt Publishing Group

No other country and no other period has produced a tradition of major aesthetic debate to compare with that which unfolded in German culture from the 1930s to the 1950s. In *Aesthetics and Politics* the key texts of the great Marxist controversies over literature and art during these years are assembled in a single volume. They do not form a disparate collection but a continuous, interlinked debate between thinkers who have become giants of twentieth-century intellectual history.
