## Green Berets

WaterBrook

A true story about real people, espionage, and combat including the "Green Beret Affair" that shocked the nation in 1969. From working with a double agent who

betrays his friendship and exposes a top secret cross border operation, Terry McIntosh wrestles with his own doubts and fears while protecting the rights of others to live free. He was chosen from the ranks of long range reconnaissance training to serve with Special Forces Detachment A-team 414 in the Mekong Delta, Vietnam 1968-1969. The border

camp conducted clandestine operations to observe and engage a growing Viet Cong armed force 15 miles across the line. The top secret mission is exposed after team members are accused of executing the double agent. It is believed that Terry McIntosh is the youngest soldier to serve with the Green Berets on an "A" team and earn the coveted Combat Badge. This is

---

his story about the transition from boy to man in the jungles of Vietnam where he met himself for the first time with a sense of shame and honor.

This military history shares firsthand accounts of the frontlines of wars and conflicts around the globe from members of the US Army Special Forces. The US Army Special Forces, more familiarly known as the Green Berets, are the elite fighting force of the United States military.

Their experiences in covert operations and unconventional warfare have been a part of American military action since the 1950s.

Author Hans Halberstadt has collected first-hand recollections of dozens of Green Berets, past and

present, who spent time on the battlefields of Vietnam, Grenada, Panama, Kuwait, and other conflicts. Their harrowing stories are told here, providing rare insight into the world of the Green Beret. Originally published in 1994, this edition of *War Stories of the Green Berets* includes nearly one hundred pages of new material. It is fully updated to include post-Vietnam War conflicts, including the wars in Iraq and Afghanistan.

Sog Medic Simon and Schuster  
The true story of the U.S. Army's 240th Assault Helicopter Company and a Green Beret Staff Sergeant's heroic mission to rescue a Special Forces team trapped behind enemy lines during the Vietnam War, from New York Times bestselling author Eric Blehm. On May 2, 1968, a twelve-man Special Forces team covertly infiltrated a small clearing in the jungles of neutral Cambodia—where U.S. forces were forbidden to operate. Their objective, just miles over the Vietnam border,

---

| was to collect evidence that proved the North Vietnamese Army was using the Cambodian sanctuary as a major conduit for supplying troops and materiel to the south via the Ho Chi Minh Trail. What the team didn ' t know was that they had infiltrated a section of jungle that concealed a major enemy base. Soon they found themselves surrounded by hundreds of NVA, under attack, low on ammunition, stacking the bodies of the dead as cover in a desperate attempt to survive the onslaught. When Special Forces Staff Sergeant | Roy Benavidez heard their distress call, he jumped aboard the next helicopter bound for the combat zone. What followed would become legend in the Special Operations community. Flown into the foray of battle by the 240th Assault Helicopter Company, Benavidez jumped from the hovering aircraft, ran nearly 100 yards through withering enemy fire, and--despite being immediately and severely wounded--organized an extraordinary defense and rescue of the Special Forces team. Written | with extensive access to family members, surviving members of the 240th Assault Helicopter Company, on-the-ground eye-witness accounts never before published, as well as recently discovered archival, and declassified military records, Blehm has created a riveting narrative both of Roy Benavidez ' s life and career, and of the inspiring, almost unbelievable events that defined the brotherhood of the air and ground warriors in an unpopular war halfway around the world. Desperate for a reason to live, he eventually fought his way back to health through exercise and a single-minded goal: running a marathon. Once he set his course, there was no stopping him.
