To a nation fed
on classical
music, the
advent of Rahul
Dev Burman
with his

<p>repertoire of Western beats was a godsend. RD revolutionized Hindi film music in the 1970s, and with his emphasis on rhythm and beats, this Pied Piper of Hindi film music had young India swinging to his tunes. At the same time, this genius proved his many detractors who criticized him for corrupting popular taste wrong by composing some of the most influential</p>	<p>raga-based songs in Hindi cinema and showing an immense comfort with all kinds of music, including Indian folk. RD: The Man, The Music looks at the phenomenon called R.D. Burman and how he changed the way Indians perceived Hindi film music. Through anecdotes and trivia that went into the making of Pancham's music - the many innovations he</p>	<p>introduced, like mixed rhythm patterns, piquant chords and sound mixing - and through interactions with the musicians who were part of RD's team, the authors create a fascinating portrait of a man who, through his music, continues to thrive, even fifteen years after his death. Advanced Spoken English Cambridge Scholars Publishing This textbook caters to the</p>

But there have been real encounters with the supernatural, and included in this collection of chilling tales are personal experiences of people. Read on for some spine-chilling adventures with the spirits in Shimla.

Better Spoken English Academic Press

This book presents a history of English and development of language education in modern India. It explores the role of language in colonial attempts to establish hegemony, the play of power, and the anxieties in the nineteenth- and early-twentieth-century

India. The essays in the volume discuss language policy, debates and pedagogy as well as larger overarching questions such as identity, nationhood and sub-nationhood. The work also looks at the socio-cultural and economic factors that shaped the writing and publishing of textbooks, dictionaries and determined the direction of language teaching, specifically, of English language teaching. Drawing on a variety of archival sources — policy documents, books, periodicals — this book will be of great interest to scholars and researchers of

linguistics, language teaching, cultural studies and modern Indian history.

Better Spoken English Sterling

Publishing Company, Inc.

In this manual on how to forgive, there are insights and exercises without a preachy message or assumption that people “should” forgive. With chapters that explain what forgiveness is and how to deal with obstacles to it, it also addresses reconciliation with others and

one's own self. Practical and accessible, the book does not require religious practice or philosophy; it simply shows how to forgive in order to enhance self-esteem, be happier, and break free from limitations that can hold a person back.

Readings in English Language Teaching in India
Cambridge

University Press

This is a book with successful track record of teaching to speak English with great confidence and style. It provides all the necessary

material for conversation practice. Lessons have been prepared by picking up familiar topics and creating extended dialogues based on everyday situations. The exercise after each lesson provides a variety of sentence patterns, word lists, grammatical intricacies, subtle variations in word/phrase meanings, with their usage in different situations, and showcases the multiple ways of saying the same thing. These also provide ample hands-on practice through fill-in-the-

blanks exercises.

There is also a pronunciation guide with short notes on stress and rhythm. At the end of the book there is a treasure trove in the form of:

- an alert against words often confused between
- words that are always used in their plural form
- uncountable nouns
- words that are often misspelt
- words that are often mispronounced
- exercises to equip you against common mistakes that are often made.

In the fourth edition, some more expressions have been included that

are now becoming popular. The book is thus much richer in expressions and dialogues, and is in a more attractive format.

ADVANCED
TECHNICAL COMMUNICATION

PHI Learning Pvt. Ltd.

This book focuses on effective communication and is designed to help the reader achieve greater fluency in English. Adopting a practical approach, it makes the important distinction between what is essential ('core') for intelligibility and what is

relatively unimportant ('peripheral').

Is English an Asian Language?

Vikas Publishing House

In this epoch of instability, crisis, war and ever-growing inequality, Marxism is becoming an increasingly attractive proposition to millions of workers and young people around the world. The old mole of revolution, to use Karl Marx's own phrase, is burrowing deep

into the foundations of society. And yet we are repeatedly told that Marxism is either irrelevant, or out-dated, or even dead. Yet, if that were true, why are so many books and articles churned out year-on-year attacking Marxism? Clearly the powers that be are rattled or indeed frightened by these "dead" ideas. So what is this set of ideas that frightens them so much? Marxism – or scientific socialism – is the name given to

the body of ideas first worked out by Karl Marx and Friedrich Engels more than 150 years ago. In their totality, these ideas provide a fully worked-out theoretical basis for the struggle of the working class to attain a higher form of human society – socialism. This book is aimed specifically at newcomers to Marxism. A bestseller now in its second edition, it comprises introductory pieces on the three component	parts of Marxist theory, corresponding broadly to philosophy, social history and economics: dialectical materialism, historical materialism and Marxist economics. Complementing these introductions are key extracts from some of the great works of Marxism written by its most outstanding figures – Marx, Engels, Lenin and Trotsky. <u>Communication Skills for Engineers</u>	Wellred Books An eye-opening look at the latest research findings about the success of free voluntary reading in developing high levels of literacy. Free voluntary reading looks better and more powerful than ever. Stephen D. Krashen, PhD, is an advocate for free voluntary reading in schools and has published many journal articles on the subject. Free Voluntary Reading: Power 2010 collects the last ten years of his extensive
--	--	--

work and reconsiders all aspects of this important debate in light of the latest findings. The book provides an accessible examination of topics, such as free voluntary reading's value in language and literary acquisition domestically and worldwide, recent developments in support of free voluntary reading, whether rewards-based programs benefit the development of lifelong reading, the

value of phonics in reading instruction, and trends in literacy in the United States. *The Handbook of World Englishes* Bloomsbury Publishing USA With over 6,500 fully illustrated words and phrases in Hindi and English, along with a free bilingual audio app, Hindi language learning has never been easier. Perfect for tourists and business travellers alike, DK's Hindi English Bilingual Visual Dictionary is your essential companion when buying food, talking about work, discussing health, and studying language. The

dictionary is incredibly easy to follow, with thematically organized vocabulary so you can find closely related words on a particular topic. Words and phrases are illustrated with full-colour photographs and artworks, helping to fix new vocabulary in your mind. A comprehensive two-way index provides an instant reference point for new Hindi vocabulary. The supporting audio app enables you to hear over 6,500 words and phrases spoken out loud in both Hindi and English. Available on the App Store and Google Play, the audio app is easy to use and provides an intuitive

reference for language learning, helping you learn, retain, and pronounce important vocabulary. The dictionary gives a pronunciation guide for every Hindi word, and you can use this alongside the app to perfect your pronunciation.

vocabulary.

Introductory Statistics

Macmillan

Businesses use technical writing extensively to communicate both within and outside the organization. And so, it is essential for an individual aspiring to be an executive to master the art of communication. This accessible and compact book on Advanced Technical Communication discusses how students can learn and master not only the basic skills of communication but also complex skills such as soft skills and skills required for preparing technical documents. The

book begins with a discussion on the concept of technical communication and then it goes on to describe the differences between technical writing and general writing, and layout and format of business letters and résumé. What is more, it elaborates on technical documents such as technical proposals, reports, and specialized documents like theses, research papers and dissertations, differentiating them adequately. Finally, the text covers many of the soft skills required today, for example, presentation skills, interpersonal skills, and group discussion (GD)

skills. This student-friendly book, suffused with practical examples, is primarily intended as a text for the first year students of Engineering (B.Tech.) of Uttarakhand Technical University for their course on Advanced Technical Communication. It will also be of immense benefit to undergraduate students in other universities and engineering colleges/institutes as well as technical professionals. KEY FEATURES : Provides comprehensive coverage of soft skills. Lays emphasis on corporate communication skills required for technical writing

and producing technical documents by engineers and managers. Gives a critical evaluation as well as text of George Orwell's *Animal Farm*. *Cardiac Tissue Engineering* Simon and Schuster The new second edition of *Communication Skills for Engineers* brings in a sound understanding and insight into the dynamics of communication in all spheres of life - interpersonal, social and professional. The book hinges

on the premise that effective communication is an outcome of using the right combination of skills alongside an appropriate attitude. --
