WW2 Ace, Black Sheep Squadron

It is more an autobiography  
than a narration about the  
Black Sheep squadron. However,  
I rate it five stars because  
it delivers what I was looking  
for, an excellent narration of  
Boyington's internment in a  
Japanese internment  
camp. Reading the book, it  
appears Boyington wrote it  
himself without the help of a  
ghost writer or editor, and it  
shows.

I have been a fan of the TV show "Baa Baa Black Sheep" since it first appeared back in 1976, I believe. I found this book more than riveting, opening up the man, Greg "Pappy" Boyington, in a way the show that I loved never did. Every twist & turn his life took made him the man he was.
