NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire,

and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers—including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

THE COMPLETE BABY & CHILD CARE

HANDBOOK For more than four decades, parents worldwide have referred to Marina's book as their 'baby bible'. The Baby & Child Care Handbook is fully up to date, with the latest medical research. You will also have free access to Marina's website (www.baby-childcare.com) featuring over 100 video talks by world renowned paediatric experts, doctors and professors on a variety of childcare subjects. These are arranged according to the subject of each chapter in the book. 'It is my sincere conviction that parents of all shades and creeds share a common bond: that of wanting the best for their children. It is also the right of every child to be raised with enough care to nurture mind, body and soul; so that each will grow up with the good sense of self-worth and a chance to realise their full potential.' MARINA PETROPULOS 'Marina highlights that each child is an individual, so we as parents get to know them in order to provide their particular needs.

There is no single right way and Marina is very clear that we have to trust our knowledge of our particular children in order to help them grow up to be adults who can negotiate their way in life. This is a book to have always on one's bedside table!' Dr ALAN WOOD, Medical Journal. 'This book is a veritable one-stop knowledge shop... Not only does it seem to cover every single, solitary, freaky, benign, apparently stupid or incredibly bright question a fuzzy-headed mother might find herself asking, but it does so in a calm, credible, non-judgemental and non-patronising tone... there are also the more tricky topics like the hopes we have for our children, and - very sensitively and sensibly dealt with - the issue of discipline... particularly useful are the handy grids to illnesses, their symptoms and when to see a doctor...' KAREN SCHIMKE 'This book provides an up-to-date, comprehensive and reliable, factual advice and help for parents and parents-to-be. I unreservedly recommend it.' DR JOHN PEARNS, Royal Children's Hospital, Australia. 'This book read beautifully - it is light, yet serious and thorough and up-to-date. A really marvellous guide and source of excellent information.' Professor Astrid Berg, MB ChB, FC Psych (SA), MPhil (Child & Adolescent Psychiatry). Professor Berg is on the Board of Directors of the World Association for Infant Mental Health. 'This book could be the best investment parents ever make...' SUNDAY TIMES. Curious?
