More than eighty designs--iconic, archaic, quotidian, and taboo--that have defined the arc of human reproduction. While birth often brings great joy, making babies is a knotty enterprise. The

designed objects that surround us when it comes to menstruation, birth control, conception, pregnancy, childbirth, and early motherhood vary as oddly, messily, and dramatically as the stereotypes suggest. This smart, image-rich, fashion-forward, and design-driven book explores more than eighty designs--iconic, conceptual, archaic, titillating, emotionally charged, or just plain strange--that have defined the relationships between people and babies during the past century. Each object tells a story. In striking images and engaging text, *Designing Motherhood* unfolds the compelling design histories and real-world uses of the objects that shape our reproductive experiences. The authors investigate the baby carrier, from the Snugli to BabyBjörn, and the (re)discovery of the varied traditions of baby wearing; the tie-waist skirt, famously worn by a pregnant Lucille Ball on *I Love Lucy*, and essential for camouflaging and slowly normalizing a public pregnancy; the home pregnancy kit, and its threat to the authority of male

gynecologists; and more.

Memorable images--including historical ads, found photos, and drawings--illustrate the crucial role design and material culture plays throughout the arc of human reproduction. The book features a prologue by Erica Chidi and a foreword by Alexandra Lange.

Please note: e-book pictures are in color while paperback pictures are in black and white. Artist/Author Michelle Rathore was able to see and hear Spirit from childhood. Hearing voices, seeing Spirits and dreams that came true were a part of every day life for her. It wasn't until she saw her sisters death two weeks before it happened that Michelle really decided it was time to pay attention and gain some sort of understanding of her gifts and how they might help others or prevent a further tragedy from happening. She watched her

Dad die from 5000 miles away and urged her family to not turn off his life support as she 'knew' he would be coming back. She told of where he was and who he was with in 'Heaven' only to have her Dad indeed come back and tell the same story Michelle had already told them hours earlier via telephone from England. A year later the photo on the cover of the book was taken with her sleeping Dad. Story after amazing story of how Spirit can and will interact with us on a daily basis if we will only pay attention and listen. A tap on your hand in the middle of the night may not be one of your OWN children. Find out what a Spirit child woke her up for. Read about what she heard on the the baby monitor in the twins room and what she saw one baby doing when she went to their room at 2am. An instruction from Spirit one morning telling Michelle, "You will be working with Seven Sacred Symbols." found Michelle painting for the next 10 months information which came through from the Spirit world via Ascended Masters and Angels. Other stories include, Mother Mary, America's Most Wanted, Across the miles, Kitchen Helper, Angel Ice Cream, Spirit Doctors, The One Eyed Girl, The Seven Sacred Symbol Assignment, Computer Problems - 21 stories in all. All true stores - some she wishes weren't! Come along and see how close spirit are to us each day and how they will work with us if we reach out to them.

Comments: "The book "Spirit Nudges" is a great collection of stories narrated by author and artist Michelle Rathore. As she shares with you the colorful depictions of her own experiences in the world of spirit, there are many pictures painted of what is actually occurring all around us from beyond the veil. I invite you to sit with the story teller and enjoy the colors of her palette, as we glimpse with her into the occurrences of the spiritual world as it dances with

everyday reality." Bill Foss

comment. Thirteen-year-old
Oksana lives on the streets of
Russia with her pregnant mama
and abusive aunt—both
prostitutes. When Mama swells
into labor, Oksana makes a
decision to save herself from

abandonment, a decision that torments her forever. But her plan fails when her aunt dumps her in an orphanage before she has the chance to say goodbye to her mama or tell her the secret that haunts her. *Scattered Links* is a story of family and the consequences that come from never learning how to love. It's a story of a girl's inability to bond with her adopted family and the frustrations that follow. How can a child understand the mechanics of forming a healthy relationship when she never had a mother who answered her cries, held her when she was frightened, fed her when she was hungry, or loved her unconditionally? Only when the child meets a rescued abused horse, and recognizes the pain in his eyes, does she begin to trust again. ---- **CAPTIVATING!** **SCATTERED LINKS** takes you down the street of nearly any Eastern European town, arm-in-arm with the orphaned. Michelle has captured the beauty and horror millions of children live everyday. The attention to detail is impressive. Having lived in a post-Soviet country for a time,

visiting orphaned children, this fictional account rings with truth, from the heart-wrenching pain of abandonment to the realization of self-worth, and the love family and faith brings. Thank you for such an uplifting book, appropriate for the young reader, as well as adult. May your heart be encouraged, as mine was. What do you think would happen if you did not spank or yell at your child ever again? In what ways would that benefit the relationship between you and your children? Is your child's behavior still dictating your state of being? Are you feeling like a victim to your child and the

responsibilities that come with being a parent? In Michelle Bowen's book, *Your Child is Your Guide*, we see how the challenges often faced in parenthood can be used in a way that activates the realization of the divine bond between parent and child.

Achieving the relationship you always wanted with your children does not have to be a complex process. In *Your Child is Your Guide*, we see how our children are guiding us back to the remembrance of who we are; and how interacting with our children from that knowing transforms not just our relationships with our children, but

our entire lives. *Your Child is Your Guide* is a book about the author's awakening and her child's role in that process. In the book the author discusses how she gave birth to her child at the early stages of her awakening and the only way for her to continue to further expand in her awakening was to utilize her relationship with her child. Her child shed light on all the ways Michelle was still a slave to her conditioning. *Your Child is Your Guide* is a book that was birthed from her own process with her child that brought about an enormous transformation in her own life and has within it the many insights

that came about in light of that process. In the book she guides you to the realization of the divinity of your child and your relationship with them which initiates a level of accountability that aids in the acceleration of both your healing and actualization. The book's purpose is to show you how to achieve the realization of the divine bond between you and your child.

Understanding the Borderline Mother Michelle Bowen

NEW YORK TIMES BEST SELLER • From the indie rock sensation known as Japanese Breakfast, an unforgettable memoir about family, food, grief, love, and growing up Korean American— “ in losing her mother and

cooking to bring her back to life, Zauner became herself ” (NPR) • CELEBRATING OVER ONE YEAR ON THE NEW YORK TIMES BEST SELLER LIST In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band--and meeting

the man who would become her husband--her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread.

The word mother is imbued with love, protection, a transcendent sense of self-sacrifice, and generosity in popular media and even in the conventions of our culture (and many civilizations throughout the world). Respect is due to a word, a role. But what if your narrative isn't like that? What if the word has other connotations for you, such as deceit, torture, and murder? Tales from Du Bois brings together critical race theory, queer studies, philosophy, and

genre theory to offer an illuminating new comprehensive study of W. E. B. Du Bois's fiction from 1903 – 1928. Erika Renée Williams begins by revisiting Du Bois's tale of being rebuffed by a white female classmate in *The Souls of Black Folk*, identifying it as a failure of what she calls "cross-caste romance"—a sentimental, conjugal, or erotic relation projected across lines of cultural difference. In Du Bois's text, this failure figures as the cause of double consciousness, the experience of looking at oneself through the eyes of others. Far from being unique to *Souls*, the trope of cross-caste romance, Williams argues, structures much of Du Bois's literary oeuvre. With it, Du Bois queries romance's capacity to ground nationalism, on the one hand, and to foment queer forms of Afro-Diasporic reclamation and kinship, on the other. Beautifully written and deftly argued, *Tales from Du Bois* analyzes familiar works like *Souls* and *Dark Princess* alongside neglected short fiction to make a case for the value of Du Bois's literary writing and its centrality to his thought more broadly.

Michelle: The Real Affection Penguin ONE OF NPR ' S BEST BOOKS OF 2019 *Most Anticipated Reads of 2019 by Publishers Weekly, BuzzFeed, The Rumpus, Lit Hub, The Week, and Elle.com* Fifteen brilliant writers explore what we don ' t talk to our mothers about, and how it affects

us, for better or for worse. As an undergraduate, Michele Filgate started writing an essay about being abused by her stepfather. It took her more than a decade to realize what she was actually trying to write: how this affected her relationship with her mother. When it was finally published, the essay went viral, shared on social media by Anne Lamott, Rebecca Solnit, and many others. The outpouring of responses gave Filgate an idea, and the resulting anthology offers a candid look at our relationships with our mothers. While some of the writers in this book are estranged from their mothers, others are extremely close. Leslie Jamison writes about trying to discover who her seemingly perfect mother was before ever becoming a mom. In Cathi Hanauer's hilarious piece, she finally gets a chance to have a conversation with her mother that isn't interrupted by her domineering (but lovable) father. André Aciman writes about what it was like to have a deaf mother. Melissa Febos uses mythology as a lens to look at her close-knit relationship with her psychotherapist mother. And Julianna Baggott talks about having a mom who tells her everything. As Filgate writes, "Our mothers are our first homes, and that's why we're always trying to return to them." There's relief in breaking the silence. Acknowledging what we couldn't say for so long is one way to heal our relationships

with others and, perhaps most important, with ourselves. Contributors include Cathi Hanauer, Melissa Febos, Alexander Chee, Dylan Landis, Bernice L. McFadden, Julianna Baggott, Lynn Steger Strong, Kiese Laymon, Carmen Maria Machado, André Aciman, Sari Botton, Nayomi Munaweera, Brandon Taylor, and Leslie Jamison.

By introducing (and reintroducing) us to the feasts and festivals of the Bible, as well as the special celebrations of the Christian calendar, *Moments and Days* restores a sacred sense of time throughout our year, enriching our experience of each "holy day" and enlivening our experience of even the most "ordinary time." *Here There Be Dragons* Dorrance Publishing
A lyrical coming-of-age

story and an essential retelling of the colonial history of Jamaica. Originally published in 1984, this critically acclaimed novel is the story of Clare Savage, a light-skinned, middle-class twelve-year-old growing up in Jamaica in the 1950s. As Clare tries to find her own identity and place in her culture, she carries the burden of her mixed heritage. There are the Maroons, who used the conch shell—the abeng—to pass messages as they fought against their English enslavers. And there is her white great-great-grandfather, Judge Savage, who burned his hundred slaves on the eve of their emancipation. In

Clare's struggle to reconcile the conflicting legacies of her own personal lineage, esteemed Caribbean author Michelle Cliff dramatically confronts the cultural and psychological violence inflicted upon the island and its people by colonialism.
